Subject: Notification per PRN 98-10 – Addition of alternate brand name, revised marketing claims and other minor changes
Product Name: CENTAURA FLY AND MOSQUITO REPELLENT SPRAY
EPA Registration Number: 85972-1
Application Date: 11/7/2017
Decision Number: 535630

Dear Ms. Hunt:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

The alternate brand name Horse & Rider Insect Repellent Spray has been added to the product record.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you have any questions, you may contact Angela Hollis at 703-347-0216 or via email at hollis.angela@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Elizabeth Fertich". The signature is written in a cursive style with a large initial "E".

STOP – Read This Entire Label Before Use

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Follow these guidelines when applying CENTAURA[®] Fly and Mosquito Repellent Spray:

Horse and Rider:

- Hold 4-6 inches from body while spraying, keeping nozzle pointed away from face. Slightly moisten skin or hair coat with a slow sweeping motion.
- Excessive amounts or frequent reapplication is unnecessary.
- Do not spray directly on face.
- Apply on face by first spraying small amounts in palms of hands and spreading on face and neck, avoiding your eyes.
- Do not apply to the hands of small children.
- When using on children, apply to your hands and then apply it to your child. Do not apply to their hands. To apply to a child's face and neck, apply the product into your hands and apply to the child. Take care to avoid mouth and eyes and apply sparingly around ears. Do not allow children to handle the product.
- Avoid contact with lips, cuts, wounds, or irritated skin.
- Do not apply to excessively sunburned skin.
- Do not exceed two applications per day.

Horse:

- Not for use on horses intended for human consumption.
- Do not apply under the saddle.

Notification dated 8/17/2017

Please note: [brackets] and (parenthesis) indicate optional and/or alternate text

Rider:

- Do not apply under clothing.
- Apply sparingly around ears.

STORAGE AND DISPOSAL

Store in a cool, dry place out of the reach of children. Keep away from heat, sparks and open flame. Container is under pressure. Protect product container from direct sunlight and from temperatures above 122°F (50°C).

IF EMPTY: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

IF PARTLY FILLED: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Buyer assumes all risk of use, storage or handling of this product not in strict accordance with directions given herein.
