U.S. ENVIRONMENTAL PROTECTION
 AGENCY
 Office of Pesticide Programs
 Antimicrobials Division (7510-P)
 1200 Pennsylvania Avenue N.W.
 Washington, D.C. 20460

EPA Reg. Number: 86145-5	Date of Issuance: Jan. 19, 2010
Term of Issuance: Conditional	
Name of Pesticide Product: Magnolia Black Algaecide	

NOTICE OF PESTICIDE:
 Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

JHK Distribution, Inc.
 2352 John Street
 Riverside, CA. 92503

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.
 Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. 417777) is conditionally registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and, submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Change EPA File Symbol 86145-L to EPA Registration Number 86145-5.

Submit one copy of the finished final printed label prior to releasing this product for sale.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the conditionally approved label is enclosed for your records.

Signature of Approving Official:

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS

DANGER. CORROSIVE. Causes irreversible eye damage and skin burns. Harmful if swallowed or absorbed through skin. Open in a well ventilated area. Avoid breathing dust and fumes. Do not get in eyes or skin or on clothing. Wear goggles, face shield or safety glasses and rubber gloves. For additional protection of skin, wear long sleeves and long pants. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum using tobacco or using toilet. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARD: STRONG OXIDIZING AGENT. WILL BURN WITH THE EVOLUTION OF CHLORINE AND EQUALLY TOXIC GASES. CONTACT WITH WATER SLOWLY LIBERATES IRRITATING AND HAZARDOUS CHLORINE CONTAINING GASES. DECOMPOSES AT 460° F TO 480° F WITH THE LIBERATION OF HARMFUL GASES. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with the generation of heat, liberation of hazardous gases and possible generation of fire or explosion.

IN CASE OF FIRE: If possible, isolate container in open air or well-ventilated area. Flood with a large volume of water. **IN CASE OF CONTAMINATION OR DECOMPOSITION:** Do not reseal container.

Pesticide wastes are toxic substances. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for further guidance for its proper removal or disposal.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

DANGER: Never mix this concentrated chemical with any other substance except generous amounts of water. See CHEMICAL HAZARDS. MAGNOLIA BLACK ALGAECIDE is a potent algaecide which is effective against all algae when used as directed. It is especially effective against so called "black algae" which appears as spots on the walls and bottom of pools.

1. Check pH of water. Adjust pH (if necessary) to 7.2-7.6 using a reliable test kit and either MAGNOLIA pH PLUS (soda ash) or MAGNOLIA pH MINUS (dry pool acid) and follow the directions on that product.

4084

2. Similarly, check available chlorine and adjust (if necessary) to a residual of 1.0 to 1.5 ppm using MAGNOLIA CHLORINATING GRANULES and following the directions on that product.
3. Place one tablespoon of MAGNOLIA BLACK ALGAECIDE directly on the black spots (if on the pool bottom). If the spots are on the pool walls, place a tablespoon of MAGNOLIA BLACK ALGAECIDE on a 6" square cloth, tie and hang from the edge of the pool by the spot.
4. Wait 24 to 36 hours. Brush spots off with a wire algae brush and repeat steps 1 through 3 until algae free.

NOTE: DO NOT USE ON VINYL POOLS. Do not allow direct contact of this product on the following surfaces: vinyl, metallic, fiberglass, painted or colored plaster. Product will bleach color out.

STORAGE AND DISPOSAL

STORAGE: Keep product in tightly closed container when not in use. Store in a cool, dry well ventilated area away from heat or open flame.

DISPOSAL: IF EMPTY: Nonrefillable container. Do not reuse or refill empty container. Offer for recycling if available.

IF PARTLY FILLED: Call your local solid waste agency or 1-800-CLEANUP for disposal instruction. Never place unused product down any indoor or outdoor drain.

RESIDUE REMOVAL: Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application tank or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.
