 <p>ENVIRONMENTAL PROTECTION AGENCY</p> <p>Office of Pesticide Programs Registration Division (7504P) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460-0001</p>	EPA Registration No.	Date of Issuance:
	86223-3	AUG 14 2014
<p>NOTICE OF PESTICIDE:</p> <p><input checked="" type="checkbox"/> Registration <input type="checkbox"/> Reregistration</p> <p>(under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</p>	Term of Issuance:	Name of Pesticide Product:
	Conditional	
<p>Name and Address of Registrant (include ZIP Code): Norbrook, Inc. 9733 Loiret Boulevard Lenexa, KS 66219</p>		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This action is taken under the authority of section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Registration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p>		
<p align="center">Terms of Registration</p> <ol style="list-style-type: none"> EPA has registered the product listed above provided that the following changes are made to the label before you release the product for shipment: <ol style="list-style-type: none"> Revise the EPA Registration Number to read: "EPA Registration No 86223-3" This registration is time-limited and expires two years (2) from the date this product is first released for shipment. You must provide the Agency with a projected "release for shipment date," in writing within 30 days of the date of this Notice of Registration. The Agency will calculate the expiration date based on the projected "release for shipment date" until an actual release for shipment date is provided in writing. Only one basic confidential statement of formula (CSF) will be on file for this product at any time (i.e., no alternate formulations or minor formulation amendments will be submitted and/or approved for this product, except to allow for alternate sources of any individual inert ingredient). 		
Signature of Approving Official:	Date:	
Refer to Page #3	AUG 14 2014	
Richard J. Gebken, Product Manager (10) Registration Division, Insecticide Branch		

- 4. You must submit quarterly enhanced incident reports and quarterly sales information in doses sold for this product for the quarter that begins on October 1, 2014. The quarterly reports are due two months after the end of each quarter. Please flag any Confidential Business Information (CBI) as such. Enhanced incident reporting and quarterly sales information should be submitted to the Product Manager.

The following is a list of information that must be included in the quarterly reports for each incident:

- EPA Registration Number
- Product name (brand name)
- Lot#
- Where purchased: internet, store, Veterinarian
- Active Ingredient(s)
- Weight range for product
- Date on which incident occurred, (mm/dd/yyyy)
- State in which the incident occurred, (standard 2 letter abbreviation)
- Registrant case #
- Species: dog, cat, other (specify)
- Breed: (as reported by pet owner)
- Age: months or years
- Sex: M, F, or neutered
- Weight: pounds
- Primary Route of Exposure: dermal, oral, other animal, inhalation, other
- Body System: neurological, dermatological, GI, respiratory, ocular, other Major signs noted with separate column for each sign, using standard terminology
- Time to Onset: (hours, days)
- Treated by veterinarian: yes or no
- First time product used: yes or no
- Misuse: use on incorrect species, overdose, too frequent dosing, other (describe)
- Any known precondition
- EPA Severity Code: death, major, moderate, minor
- Outcome: died, recovered, still treated, unknown

- 5. Along with the enhanced incident reporting, you must submit an analysis of all incidents seen, to include the following details:
 - a. All minor dermal and ocular irritation reports.
 - b. Summary table for dogs showing number of incidents of each severity code for each route of exposure. Each incident should only be reported once. If one incident has several routes of exposure, the order should be ocular > oral > dermal. In other words, an incident with both oral and dermal exposure would be reported as oral exposure, and an incident with both ocular and oral exposure would be reported as ocular exposure.
 - c. A similar summary table for dogs (misuse or secondary exposure) showing number of incidents of each severity code for each route of exposure.
 - d. Summary table for dogs and table for dogs showing number of incidents that are believed due to secondary exposure (e.g., multi-pet households).
 - e. A summary table for s showing number of incidents for each severity code for these age ranges: <3 months, 3-6 months, 6-9 months, 9-12 months, 1 yr, 2 yr, 3 yr, 4 yr, 5 yr, 6 yr, 7 yr, 8 yr, 9 yr, 10 yr, 11 yr, 12 yr, 13 yr, 14 yr, 15 yr, >15 yr.
 - f. A summary table showing the number of dog incidents for each severity code for each pet weight range on the product label.
 - g. A summary table for dog weight showing number of incidents for each product weight range. This table should show number of incidents in dogs weighing less than that product weight range, number of incidents in dogs in lower half of weight range, number of incidents in dogs in upper half of weight range, and dogs weighing more than the product weight range.
 - h. Table showing number of incidents for each dog breed.
 - i. Table showing number of incidents in dog for each clinical sign.
 - j. Table showing number of incidents in dog for each organ system.
 - k. Report aggregate incidents, but do not combine moderate and minor incidents.

- 6. If EPA determines that future mitigation measures are necessary for all pet spot-on products, the Agency will inform all registrants concerned. If mitigation measures are necessary, EPA may take regulatory action.
- 7. Norbrook, Inc. must adequately address all of the mitigation actions identified in the Agency's *Generic Pet Spot-On Mitigation Plan* available at the following internet site: <http://www.epa.gov/pesticides/health/spot-on-meetings.html>.
- 8. Enclosed is a copy of the data call-in (DCI) for fipronil.

You must submit and/or cite all data required for registration of your product under section 3(c)(5) of FIFRA when the Agency requires all registrants of similar products to submit such data, and submit acceptable responses required for registration review of your product under FIFRA.

Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. If you fail to comply with all of the **Terms of Registration** stated above, the registration will be subject to cancellation in accordance with section 6(e) of FIFRA and/or automatically expire. Your release for shipment of the product constitutes your acceptance of these conditions.

A copy of your label stamped "Accepted" is enclosed for your records along with hard copies of the acute toxicity/companion animal safety data, child-resistant packaging, efficacy, and product chemistry reviews completed in support of the registration of this new product. If you have any questions concerning this letter, please contact Mr. Carmen J. Rodia, Jr. at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely yours,

Richard J. Gebken,
 Product Manager (10)
 Insecticide Branch
 Registration Division (7504P)

ACCEPTED
August 14, 2014
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under:

5 8 14

(14 August 2014)
Spot and Clear™ for Dogs
[ABN: Fipronix™ for Dogs]
Master Label

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
If on skin or clothing:	Take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor immediately for treatment advice.
If swallowed:	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If in eyes:	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
HOTLINE NUMBER	
For additional information on this pesticide product (including health concerns, medical emergencies, or pesticide concerns), you may call 1-866-591-5777, twenty-four (24) hours per day, seven (7) days per week.	

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

HAZARDS TO HUMANS

CAUTION. Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS

CAUTION. FOR EXTERNAL USE ON DOGS ONLY. DO NOT USE ON CATS OR OTHER ANIMALS. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian. Do not use on puppies under 8 weeks of age or [5 lbs. for small dogs] [23 lbs. for medium dogs] [45 lbs. for large dogs] [89 lbs. for extra-large dogs]. Individual sensitivities, while rare, may occur after using ANY pesticide product. Some dogs may experience temporary irritation at the site of product application. If signs persist, or become more severe within a few days of application, consult a veterinarian immediately. Certain medications can interact with pesticides. Consult a veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing dogs.

Side Effects. After application, check your dog for side effects such as redness from skin irritation, scratching or other signs of discomfort. In some cases, vomiting or diarrhea may occur. If you observe these signs in your treated dog, contact your veterinarian. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating treatment. Call 1-866-591-5777 for customer service.

Master Label

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not allow children to apply product. TO PREVENT HARM TO YOU AND YOUR DOG, READ THE ENTIRE LABEL AND DIRECTIONS BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. FOR EXTERNAL USE ON DOGS ONLY. DO NOT USE ON RABBITS. DO NOT USE ON CATS OR OTHER ANIMALS.

Spot and Clear for Dogs acts quickly; lasts up to 30 days and does not wash off treated dogs. Spot and Clear for Dogs controls fleas, ticks, chewing lice, mosquitoes and aids in the control of sarcoptic mange mites. For use on dogs and puppies 8 weeks of age or older (including small dogs and puppies weighing 5 to 22 lbs., medium dogs weighing 23-44 lbs., large dogs weighing 45-88 lbs., and extra-large dogs weighing 89-132 lbs.). Use the appropriate product size based on the weight of your dog. Best if used year round. Spot and Clear for Dogs keeps working even after shampooing and rinsing with water. Spot and Clear for Dogs continues to work if dogs are outdoors and exposed to the sun or rain, or even after swimming.

A one-spot application is convenient and easy for effective treatment of fleas, ticks, chewing lice, and mosquitoes. Spot and Clear for Dogs also aids in the control of sarcoptic mange mite infestations. Apply Spot and Clear for Dogs when your dog is dry. Spot and Clear for Dogs is applied at a single point on the surface of the skin above the dog's shoulder blades at the base of the neck and rapidly covers the entire dog by localizing in the hair, on the surface of the skin and in the sebaceous glands. Soon after coming into contact with a treated dog, fleas, ticks, mosquitoes and chewing lice are killed. Allow treated area to dry thoroughly after application. Dogs can be bathed 24 hours after treatment. Do not reapply for 30 days.

FREQUENCY OF APPLICATION

Monthly application of Spot and Clear for Dogs controls flea, tick and chewing lice infestations. You can reapply Spot and Clear for Dogs once every 30 days.

Fleas: Spot and Clear for Dogs kills adult fleas for up to three months unless the risk is high for reinfestation of fleas. If your dog becomes reinfested with fleas, or if your dog is in situations where reinfestation may occur, you may apply Spot and Clear for Dogs every 30 days.

Ticks: Spot and Clear for Dogs kills ticks for at least one month. Apply Spot and Clear for Dogs every 30 days to control all life stages of ticks that may transmit Lyme disease, Rocky Mountain Spotted Fever, ehrlichiosis, babesiosis and anaplasmosis.

Chewing Lice: Spot and Clear for Dogs kills chewing lice for at least one month. Apply Spot and Clear for Dogs every 30 days to control chewing lice.

Mosquitoes: Apply Spot and Clear for Dogs every 30 days to kill mosquitoes. Mosquitoes are killed within 24 hours for up to 7 days, and within 48 hours for up to 28 days.

Sarcoptic Mange Mites: Spot and Clear for Dogs aids in the control of sarcoptic mange mite infestations. Apply Spot and Clear for Dogs every 30 days until mites are eliminated.

DIRECTIONS FOR APPLICATION

Apply Spot and Clear for Dogs as follows:

- **How to open:** Follow the instructions on the pouch to remove the applicator. Hold applicator upright away from face/body to allow product to drain from tip. Then cut with scissors or twist applicator to open it.
- **How to apply:** Part the dog's hair above the shoulder blades, at the base of the neck. Place the applicator tip just above the skin and squeeze. Apply entire contents of the applicator in a single spot directly onto the dog's skin. Do not apply on top of the hair coat. Avoid contact with treated area until dry.

[Optional drawings of application process]

CAT PROHIBITION ICON
DO NOT USE ON CATS.
Keep cats away from treated dogs for 24 hours. If applied to or ingested by a cat, contact your veterinarian.

PHYSICAL OR CHEMICAL HAZARDS

COMBUSTIBLE. Do not use or store near heat or open flame.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE

Store in original container in a cool, dry (preferably locked) place that is inaccessible to children and animals (pets).

CONTAINER DISPOSAL

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP (1-800-253-2687) for disposal instructions. Never place unused product down any indoor or outdoor drain.

LIMITATION OF WARRANTY AND LIABILITY

IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If these terms and conditions are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness, injury, and other unintended consequences may result because of such factors as manner of use or application (including misuse), the presence of other materials, weather conditions, and other unknown factors, all which are beyond the control of the manufacturer and sellers. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: To the extent consistent with applicable law, the manufacturer and sellers make no warranty, expressed or implied, of merchantability or of fitness for a particular purpose, or otherwise, concerning the use of this product other than as indicated on the label. Buyer assumes all risk of use and handling of this material when such use and handling are contrary to label instructions.

LIMITATIONS OF LIABILITY: To the extent consistent with applicable law, neither the manufacturer nor the sellers shall be liable for any indirect, special, incidental or consequential damages resulting from the use, handling, application, storage, or disposal of this product. To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use, handling, application, or storage of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid.
