Mr. Robert Davis.
Blue Ball Chemical, Inc.
128 Kings Road
Jacksonville, FL 32204

Subject: Amended label to correct typos and other minor formatting revisions
Product Name: BA-Kil
EPA Registration No. 86244-1
EPA Decision No. 487546

Dear Mr. Davis:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable. A stamped copy of the label is enclosed for your records. Please submit one copy of your final printed labeling before you release the product for shipment. Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). If you have any questions, please contact Julie Chao at (703) 308-8735 or chao.julie@epa.gov.

Regards,

A handwritten signature in black ink, appearing to read "Meredith Laws".

Meredith Laws, Chief
Insecticide-Rodenticide Branch
Registration Division (7505P)

Do not store below 32°F

Keep away from direct sunlight, radiators, stoves, and other heat.

PELIGRO

PRECAUCIONAL USUARIO: Si usted no puede leer o entender ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. (TO THE USER: If you cannot read or understand English, do not use this product until the label has been fully explained to you.)

FIRST AID:

Have the product container or label with you when calling a poison control center or physician, or going for treatment.

Contains an N-methylcarbamate that inhibits cholinesterase.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes.

Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a Poison Control Center, physician or the National Pesticide Information Center at 1-800-858-7378 for treatment advice.

If swallowed: Call a Poison Control Center physician or the National Pesticide Information Center at 1-800-858-7378 immediately for treatment advice.

Have person sip a glass of water if able to swallow.

Do not induce vomiting unless told to do so by the Poison Control Center or physician.

Do not give anything by mouth to an unconscious or convulsing person.

If on skin or clothing: Take off contaminated clothing.

Rinse skin immediately with plenty of water for 15-20 minutes.

Call a Poison Control Center, physician or National Pesticide Information Center at 1-800-858-7378 for further treatment advice.

If inhaled: Move person to fresh air.

If person is not breathing call 911 or an ambulance then give artificial respiration preferably mouth-to-mouth if possible.

Call a Poison Control Center physician or the National Pesticide Information Center at 1-800-858-7378 for further treatment advice.

NOTE TO PHYSICIAN: ANTIDOTE-Administer atropine sulfate in large therapeutic doses. Repeat as necessary to the point of tolerance.

Probable mucosal damage may contraindicate the use of gastric lavage.

SYMPTOMS OF POISONING: A sense of "tightness" in the chest, Sweating, Contracted pupils, Stomach pains, Vomiting and diarrhea. If poisoning occurs, get prompt medical attention. For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), call the National Pesticide Information Center at 1-800-858-7378

BA-Kil kills ants (excluding fire, harvester, carpenter and pharaoh ants), German cockroaches, silverfish and sowbugs. It provides good flushing action of German cockroaches and rapid knockdown of these and the other insects. milipedes, saw-toothed grain beetles (exposed stage), silverfish and sowbugs. If provides good flushing action of German cockroaches and rapid knockdown of these and the other insects. BA-Kil mixes readily with water and may be applied with most types of hand or power operated sprayers. Aqueous spray mixture frequently. Do not apply this product using a trigger pump sprayer. Do not formulate this product into other end use products. NOTE: Do not use in fiberglass tanks. The spray mixture made from this formulation may poison paint coatings in metal tanks if allowed to stand for more than a few hours. Clean tanks thoroughly before and after use. Indoors: Kills Pests in Homes, Apartments, Stores and Warehouses: To kill ants (excluding fire, harvester, carpenter and pharaoh ants), German cockroaches, millipedes, silverfish and to aid in control of saw-toothed grain, beetles (exposed stage), mix 8 fluid ounces (1/2 pint) of BA-Kil in 1 gallon of water* (1.1% concentration). Apply as a coarse spray to control the above listed pests. Spray cracks, crevices, along baseboards, door and window sills, as well as inaccessible areas behind stoves, refrigerators, around garbage cans, comparitors, and utility installations. DO NOT spray open floor areas. For ants, spray trails and places where ants enter premises. Repeat as necessary. Do not spray foodstuffs or house plants. DO NOT USE AS A SPACE SPRAY. PROVIDE ADEQUATE VENTILATION OF AREA BEING TREATED. Kills Pests in Meat Packing and Food Processing Plants, Food Storage Areas, Restaurants, and other Food Handling Establishments (places other than private residences in which exposed food is held, processed, prepared or served): To kill ants (excluding fire, harvester, carpenter and pharaoh ants), German cockroaches, millipedes, silverfish and to aid in control of saw-toothed grain, beetles (exposed stage), mix 8 fluid ounces (1/2 pint) of BA-Kil in 1 gallon of water* (1.1% concentration). Non-Food Areas: Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, office, locker rooms, machine rooms, boiler rooms, garage, mop closets and storage (after canning or boiling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. Food Areas: LIMITED TO CRACK AND CREVICE TREATMENT ONLY. Apply a small amount of material as a pin stream directly into cracks and crevices such as expansion joints between different elements of construction or between equipment bases and the floor, wall voids, or hollow equipment legs where the insects noted above hide. Do not use this in conduits, motor housings, and electrical switch boxes. Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into air. Avoid contamination of food or food processing surfaces. APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED. Spraying unopened docks and outside areas where insects congregate will aid in preventing re-infestations. Good sanitation and proper disposal of wastes is essential in any effective control program. EXTERIOR STRUCTURAL SURFACES To kill Ants (excluding fire, harvester, carpenter and pharaoh ants), German Cockroaches, Earwigs, Millipedes, Crickets, Clover Mites and Sowbugs. Mix 8 fluid ounces (1/2 pint) of BA-Kil in 1 gallon of water* (1.1% concentration) and spray surfaces of building, porches, shrubs or trees or to garden plants, Remove screens from areas where insects may enter buildings and spray in an area where no children are present. Allow screens to dry thoroughly before replacing. *The use of this material in water at 40 degrees F or below will result in crystallization in the spray tank. Do not use in oil. Do not allow spray mixture to stand overnight in the spray tank. PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS DANGER: Corrosive. Causes skin burns. May be fatal if swallowed. Harmful if absorbed through skin or inhaled. Causes moderate eye irritation. Do not get on skin or on clothing. Avoid breathing spray mist. Remove contaminated clothing and wash before reuse. Personal Protective Equipment: Applicators and other handlers must wear: Coveralls over long-sleeved shirt and long pants. Socks and chemical-resistant footwear. Chemical-resistant gloves (such as barrier laminate or butyl rubber). Chemical-resistant apron. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry. User Safety Recommendation: Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. ENVIRONMENTAL HAZARDS This Product is toxic to wildlife and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of equipment wastes. Apply this product only as specified on this label. PHYSICAL/CHEMICAL HAZARDS Do not use or store near heat or open flame. DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its labeling. IMPORTANT: Read these entire Directions and Conditions of sale before using BA-Kil RESTRICTIONS Since this is a water suspension material, do not apply to wallpaper or similar materials that may be stained or watermarked. The solvents of this formulation may stain certain plastic, rubber, and asphalt materials, such as tiles and floor coverings. Do not treat such materials without first testing a small inconspicuous area. Do not use as a space spray. Provide adequate ventilation of area being treated. Do not apply to animals or humans. Do not use on food crops. Do not use on plants. Do not allow children to contact treated surfaces until surfaces are completely dry.

CONDITIONS OF SALE: THE DIRECTIONS ON THIS LABEL WERE DETERMINED THROUGH RESEARCH TO BE APPROPRIATE FOR THE CORRECT USE OF THIS PRODUCT. THIS PRODUCT HAS BEEN TESTED UNDER DIFFERENT ENVIRONMENTAL CONDITIONS BOTH INDOORS AND OUTDOORS UNDER CONDITIONS SIMILAR TO THOSE THAT ARE ORDINARY AND CUSTOMARY WHERE THE PRODUCT IS TO BE USED. INSUFFICIENT CONTROL OF PESTS OR PLANT INJURY MAY RESULT FROM THE OCCURRENCE OF EXTRAORDINARY OR UNUSUAL CONDITIONS, OR FROM FAILURE TO FOLLOW LABEL DIRECTIONS. IN ADDITION, FAILURE TO FOLLOW LABEL DIRECTIONS MAY CAUSE INJURY TO ANIMALS, MAN, AND DAMAGE TO THE ENVIRONMENT, TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BLUE BALL CHEMICAL OF PRENTISS INCORPORATED OFFERS, AND THE BUYER ACCEPTS AND USES, THIS PRODUCT SUBJECT TO THE CONDITIONS THAT EXTRAORDINARY OR UNUSUAL ENVIRONMENTAL CONDITIONS, OR FAILURE TO FOLLOW LABEL DIRECTIONS ARE BEYOND THE CONTROL OF BLUE BALL CHEMICAL OF PRENTISS INCORPORATED AND ARE, THEREFORE, THE RESPONSIBILITY OF THE BUYER. Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food and feed. Do not store below 32° F. Keep away from direct sunlight, radiators, stoves and other heat. Store in original container and out of the reach of children, preferably in a locked storage area. **Pesticide Disposal:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance. **Container Disposal:** Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying. (Containers 5 gallons or less) Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drop. Fill the container 1/4 full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.
