2. You must submit the following conditional data before the due date of February 1, 2011:
 - a. Storage Stability (830.6317) and Corrosion Characteristics (830.6320) studies.
3. You must submit or cite the following conditional data before the due date of December 2011:
 - a. Barley field trial data from regions 9 and 10 (along with concurrent storage stability data on barley straw).
 - b. One additional field trial for mustard greens conducted in Zone 3.
4. Make the following changes to the label:
 - a. Change the product registration number to "EPA Reg. No. 86296-1"
 - b. On page 2 under the header **HAZARDS TO HUMANS AND DOMESTIC ANIMALS** change the text to read: "May be fatal if inhaled. Do not breathe dust. Wear a dust/mist filtering respirator (MSHA/NIOSH approval number prefix TC-21C) or a NIOSH approved respirator with any N, R, P, or HE filter. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet."
 - c. On page 2 under **ENVIRONMENTAL HAZARDS** add the following:

"Ground Water Advisory: Tebuconazole is known to leach through soil into ground under certain conditions as a result of label use. Use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in ground-water contamination.

Surface Water Advisory: This product may contaminate water through drift of spray in wind. This product has a high potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to runoff that contains this product. A level, well maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential for contamination of water from rainfall-runoff. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted within 48 hours."
 - d. On page 2 under **GENERAL DIRECTIONS FOR USE** change "...formulated using Tebuconazole..." to "...formulated using TrustChem Tebuconazole Technical Fungicide..."

NOV 27 2009

- e. On page 2 make the following changes to the **Terrestrial food/feed crops**: table
 - i. Change "Corn/Corn (seed treatment)" to "Corn (sweet, field, seed and popcorn)"
 - ii. Change "Garden Beets" to "Garden Beets (root and tops)"
 - iii. Delete "Green Eschalots"
 - iv. Change "Leafy Brassica Greens" to "Brassica Leafy Greens (subgroup 5b)"
 - v. Change "Shallot" to "Shallot (dry)"
 - vi. Change "Turnip" to "Turnip (East of the Rockies)"
 - f. On page 3 put the **STORAGE AND DISPOSAL** instructions into a box to set them off from the rest of the text.
 - g. On page 3 under the header **WARRANTY LIMITATIONS AND DISCLAIMER** make the following changes:
 - i. In line 3 change "...to the extent allowed by state law..." to "...to the extent consistent with applicable laws...."
 - ii. In line 5 delete the word "abnormal".
5. Submit one copy of the revised final printed label for the record before the product is released for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped "Accepted with Comments" is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

May be fatal if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS

This product is toxic to mammals, fish, and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirement of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use only as directed on this label.

Review the physical and chemical properties and the formulation advice before formulating products from TrustChem Tebuconazole Technical Fungicide. Detailed physical and chemical proprietary information as well as recommendations on formulating products containing TrustChem Tebuconazole technical Fungicide, can be made available upon request from TrustChem LLC.

GENERAL DIRECTIONS FOR USE:

This product is intended only for the formulation of other Tebuconazole fungicide products. Products formulated using Tebuconazole Technical Fungicide will require registration with the U.S. Environmental Protection Agency. Labeling for products formulated from this product must conform to that which is currently registered with the U.S. Environmental Protection Agency. Any variance from federally registered labeling for products containing tebuconazole will have to be supported by data provided by the formulator.

Only for formulation into fungicide products intended for:

Terrestrial food/feed crops:

Asparagus	Cotton	Green Eschalots	Mango	Soybean
Bananas	Cucurbit Vegetables	Green Shallots	Nectarines	Sunflower
Barley (Seed Treatment & Foliar)	Dry Bulb Onions	Hops	Okra	Scallion
Beans	Garden Beets	Japanese Bunching Onion	Peaches	Shallot
Cherries	Garlic & Great-Headed (Elephant Garlic)	Leafy Brassica Greens	Peanuts	Spring Onion
Corn	Grapes	Leek	Pecans	Turnip
Corn (Seed Treatment)	Green Onion	Lychee	Plantains	Welsh Onion
				Wheat (Seed Treatment & Foliar)
