ACCEPTED

NOV 10 2009

Under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No.

86313-1

FIRST AID	
If swallowed	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 – 20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call poison control center or doctor for treatment advice.
If in eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-222-1222 for emergency medical treatment information.</p>	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMAN AND DOMESTIC ANIMALS - CAUTION: Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

General Information:

For non-selective spot treatment of individual weeds. Visible effects occur soon after treatment, and actively growing susceptible weeds are controlled with 1-2 days. Leaves no harmful residue in the soil.

GROTEK™ ELIMAWEED™ WEED AND GRASS KILLER is for control of undesirable plants in and around the garden, on patios, sidewalks, driveways, under fences, and around established trees and shrubs.

GROTEK™ ELIMAWEED™ WEED AND GRASS KILLER controls the following:

Annual Broadleaf Weeds and Grasses: black medic, chickweed, cinquefoil (rough), common ragweed, crabgrass, foxtail, lamb's-quarters, mustard, oxalis, and pigweed.

Perennial Broadleaf Weeds and Grasses: bluegrass, cinquefoil (silvery), dandelion, wild carrot, plantain (broad-leaved and narrow-leaved), quackgrass, toadflax, and tufted vetch.

Application Directions:

No dilution or mixing is required. For best results, apply in sunny warm weather to actively growing young weeds less than 4-inches high. Avoid spraying on windy days.

To apply, turn the adjustable nozzle to achieve the desired spray pattern. For most applications, use a coarse spray that can be targeted to uniformly and thoroughly wet only unwanted foliage. Complete coverage is necessary for best results. When spot treating, use a shield of cardboard or plastic around desirable plants.

To control top growth of dandelion and plantain in lawns, adjust nozzle to produce a straight stream spray pattern. Hold the container close to the weeds so that the stream can be controlled and spray just the center growing point of the weed. Grass that is sprayed will also be burnt but regrowth will occur.

Weeds that are mature, dormant or hardened due to moisture stress tend to be more tolerant to herbicide treatments. A repeat treatment of perennial regrowth and large weeds will be required.

Only contacted vegetation will be affected. Rainfall or watering within 1 hour of application will reduce degree of control.

ATTENTION: Avoid all contact to desirable plants. Overspray or drift will injure contacted foliage. If sprayed on desirable plants, rinse off with water immediately. Avoid application to reactive metals such as aluminum, tin, iron, or items such as fencing or lawn furniture in order to prevent staining, mottling or otherwise interfering with finished metal surfaces.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Storage: Store in a cool, dry place. Keep from freezing.

Pesticide Disposal and Container Handling: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash and offer for recycling if available. **If partially filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

WARRANTY

Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability for default, breach or failure under this law shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

Optional Label Claims:

- Ready to use.
- Easy to use.
- Simple to apply.
- Leaves no harmful residues.
- Non-toxic mode of action.
- Non-toxic weed control (in the home garden).
- For use in and around the home.
- Non-selective control of broadleaf and grass weeds (around the home).
