Signature of Approving Official:  <b>Refer to Page 3</b>  Mark Suarez, Product Manager Registration Division, Insecticide Branch	Date:  JUN - 3 2010	

EPA Form 8570-6

This product is conditionally registered in accordance with FIFRA sec. 3(c)7(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product when the Agency requires all registrants of similar products to submit data.
2. Make the labeling changes listed below before you release the product for shipment
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 86314-1"
  - b. Per the Agency's product performance/efficacy review (copy attached), all claims and use directions against "cockroaches" or "roaches" must be revised to read "German cockroaches".
  - c. Per the Agency's acute toxicity review (copy is attached) you must revise the First Aid statement by adding the following statement:  
"If on skin: take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice."

Also, the "If in eyes . . ." statement may be removed. It may also be retained as optional language if desired.

4. Within sixteen (16) months of the date on this Notice of Registration, provide to the Agency acceptable data packages for Guideline Studies as follows:
  - a. OCSPP (formerly OPPTS) 830.6317, (Storage Stability) and 830.6320 (Corrosion Characteristics). The recommended observation periods are 0, 1, 3, 6, 9, and 12 month intervals.
  - b. OCSPP (formerly OPPTS) 810.3500 (Product Performance/Efficacy). A guideline GLP lab study must be submitted demonstrating adequate efficacy (>90%) of the product against German cockroaches. The protocol under which the previous study was conducted is mostly acceptable, but because the active ingredient acts slowly, the study should be maintained longer than 21 days (until adequate efficacy is observed). If the registrant desires to support addition of a general 'cockroach' claim, data for American cockroaches, *Periplaneta americana*, must be submitted with the amendment application. If the registrant wishes to submit such an amendment, with adequate data for American cockroach efficacy, such data would also fulfill the requirements for this condition of registration, if it is submitted within 16 months.
5. Submit two (2) copies of the finished labeling bearing the above stated revisions prior to releasing the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A copy of the label stamped 'Accepted with Comments' and copies of the Agency's product chemistry review are enclosed for your records. If you have any questions, you may contact Clayton Myers, at (703) 347-8874, or via email at [myers.clayton@epa.gov](mailto:myers.clayton@epa.gov).

Sincerely,

Mark Suarez

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Product Information**

PAPA RICHTER'S ROACH RIDDER contains Orthoboric acid, which does not provide rapid knockdown or rapid kill of roaches. Roaches are attracted to feed on the bait, and may return to nesting areas before they die. Good control of roach populations requires that PAPA RICHTER'S ROACH RIDDER be used for a period of several weeks or months along with good hygiene practices.

PAPA RICHTER'S ROACH RIDDER is packaged in convenient bait stations with sticky backs to aid in placement.

**Application Directions**

PAPA RICHTER'S ROACH RIDDER may be used in residential houses, multi-family, commercial, industrial, municipal, institutional, research, recreational, health care, educational, hospitality, and agricultural buildings, and other structures including garages, transport vehicles, sewers, animal rearing establishments, and food handling and food processing establishments.

The sticky dot may mar some painted surfaces. Avoid placement on visible painted surfaces.

To place bait stations, remove PAPA RICHTER'S ROACH RIDDER Caps from the backing paper. Stick the cap in an out-of-the way location, such as behind refrigerators, on the backs of drawers, and back corners of cabinets. Do not remove backing paper if sliding under refrigerators or ranges.

**DO NOT PLACE CAPS WHERE THEY WILL BE ACCESSIBLE TO PETS OR CHILDREN.**

**Food Areas:**

Food areas include areas for receiving, packaging (canning, bottling, wrapping, boxing), storage, edible waste storage, and enclosed processing systems (mills, dairies, syrup, edible oils). Food areas may also include food serving areas.

**DO NOT PLACE CAPS WHERE CONTACT WITH FOOD OR FOOD SERVING VESSELS OR UTENSILS MAY OCCUR.**

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE:** Store in a dry place in the original packaging. Do not store where children or animals may gain access.

**DISPOSAL**

Do not re-use this container. Empty bags may be placed in trash.

**WARRANTY STATEMENT**

**IMPORTANT:**

Read the entire Label including this disclaimer, Risks of Using this product, Limited Warranty, and Limitation of Liability before using this product.

PAPA RICHTER'S ROACH RIDDER warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. To the extent consistent with applicable law, PAPA RICHTER'S ROACH RIDDER shall in no event be liable for consequential, special, or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the Buyer. In addition to the foregoing, no purchaser of this product (other than an end user) shall be entitled to any reimbursement for any loss suffered as a result of any suspension or cancellation of the registration for this product by the U.S. Environmental

Protection Agency. Except, as expressly provided herein, PAPA RICHTER'S ROACH RIDDER makes no warranties, guarantees, or representations of any kind, either expressed or implied, or by usage of trade, statutory or otherwise, with regard to the product sold, including, but not limited to merchantability, fitness for a particular purpose, use or eligibility of the product for any particular trade usage. The exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damage resulting from or in any way arising from the use, handling, or application of this product, whether in contract, warranty, tort, negligence, strict liability, or otherwise, shall be damages not exceeding the purchase price paid for this product or, PAPA RICHTER'S ROACH RIDDER election, the replacement of this product.
