Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant the above named pesticide is hereby registered under the Federal Insecticide Fungicide and Rodenticide Act

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment the Administrator on his motion may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA Sec 3(c) provided you

- 1 Submit and/or cite all data required for registration/ reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar products to submit such data
- 2 Make the following label change before you release the product for shipment. Revise the EPA Registration Number to read **EPA Reg No 86865-1**
- 3 Submit three (3) copies of the revised final printed labeling before you release the product for shipment

If these conditions are not complied with the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

**BACK PANEL**

**DIRECTIONS FOR USE**

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling**

RESULTIX™ when used as instructed below will dissolve the outer wax layer covering the hard shell (cuticle) of the tick resulting in uncontrollable water loss and death of the tick

For the removal and killing of attached and crawling ticks on dogs and cats

**APPLICATION AND USE INSTRUCTIONS**

**For external use only**

Do not use near dog's or cat's eyes

Do not use on irritated skin

Stop treatment with this product and consult a veterinarian if skin irritation or skin infection develops during use of product

- Use when you see a tick or ticks on your dog or cat
- Remove cap and hold bottle upright. Direct nozzle at tick and spray until tick is covered with solution (2 sprays)
- The tick will be dead within 3 hours. It will fall off of the dog or cat or will be immobile when removed.
- If tick falls off indoors within 3 hours of application, carefully pick up and dispose of tick using gloves or tweezers.
- After 3 hours, if the tick has not fallen off, remove carefully with gloves or tweezers and dispose of tick.
- Dispose of ticks by placing in sealable plastic bag, sealing the bag, and placing it in an outdoor garbage can.
- Wash hands after accidental exposure to any ticks.

**STORAGE AND DISPOSAL**

**Do not contaminate water, food, or feed by storage and disposal**
