Conditional

Name of Pesticide Product:

AquaSorb LS 0.5 Ag

NOTICE OF PESTICIDE:

[x] Registration
Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Neal E. Megonnell
Jacobi Carbons
1518 Walnut Street, Suite 1100
Philadelphia, PA 19102

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec 3(c)(7)(a) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
a. Revise the EPA Registration Number to read "EPA Reg. No. 87256-1".

- b. Please insert the following language: This product is only to be used for manufacturing or fabricating bacteriostatic water filters which are used to remove objectionable taste odor color and suspended particles from the municipally-treated tap water. Manufacturers or formulators who use this media are responsible for providing data to the Environmental Protection Agency to support the registration of their products. Formulators must inform users of the replacement use life of their product, and stipulate that the water filter unit is to only be used with the cold water line/cold tap water.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Submit one (1) copy of your final printed labeling prior to release of this product for shipment. If you have any questions concerning this letter, please contact Demson Fuller at (703) 308-8062.

Sincerely,

Marshall Swindell

**AquaSorb® LS 0.5 Ag**

**Directions for use**

Use with cold water only.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Prior to using AquaSorb LS 0.5 Ag, the material requires an initial rinse to remove carbon dust and fines and to properly wet the material. The rinse should be accomplished by ensuring that one unit volume of material is fully submerged in three unit volumes of tap water for a period of no less than 15 minutes and no more than 20 minutes, following which the material should be left to drain.
