Subject: Addition of "Not for Use in California" qualifier to COMPASS THPS
EPA Reg. No. 87262-4
Notification Letter Dated January 14, 2014

This letter acknowledges receipt of the Notification identified above submitted under the provisions of section 3(c)(9) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended and PR Notice 98-10. This Notification requests:

- Adding the qualifier "Not for Use in California" to certain use sites

Based on a review of the submitted information, this notification is acceptable. This information has been made a part of your file. Please note that if you would like a stamped label, you must submit an amendment request.

Should you have any questions concerning this letter, please contact Elizabeth Watkins at (703) 347-0241.

Sincerely,

Elizabeth Watkins for

Marshall Swindell
Product Manager (33)
Regulatory Management Branch 1
Antimicrobials Division (7510P)

RE: NOTIFICATION TO ADD "NOT FOR USE IN CALIFORNIA" NOTATIONS TO CERTAIN USES ON LABEL FOR COMPASS THPS, EPA REG. NO. 87262-4 PER PR-NOTICE 98-10.

Compass Chemical International, LLC, 5544 Oakdale Road, Smyrna, GA 30082 is filing this notification to add "NOT FOR USE IN CALIFORNIA" notations to certain uses on the label for Compass THPS, EPA Reg. No. 87262-4.

Specifically, these notations are being added to "Service Water and Auxiliary Systems" and "Heat Transfer Systems".

Please find enclosed:

- Completed application form and;
- Six copies of the label (PDF's for 11"x 17" format) .

"This notice is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the Confidential Statement of Formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

If there are any questions or if need additional information, please feel free to contact me at 215-715-6419 or email me at rosenwasser@verizon.net.

Sincerely,

Robert Rosenwasser
Agent for Compass Chemical International, LLC.

COMPASS THIPS

ACTIVE INGREDIENT: Tetra(hydroxyethyl)phosphonium sulfate 70%
OTHER INGREDIENTS: 29%
TOTAL: 100%

EPA Reg. No. 87262-4 EPA Est. No. 008576-GA-001

KEEP OUT OF REACH OF CHILDREN
DANGER

First Aid: If in eyes, flush with water for 15-20 minutes. If on skin, wash with water for 15-20 minutes. If swallowed, do not induce vomiting unless told to do so by a poison control center or doctor.
Hazard to Humans and Domestic Animals: Do not get in eyes, on skin or on clothing. Avoid breathing vapor or spray.
Precautionary Statements: HAZARD TO HUMANS AND DOMESTIC ANIMALS. DANGER: Corrosive. Causes irreversible eye damage.
User Safety Recommendations: Users must wash hands before eating, drinking, chewing gum, or using the toilet.
Environmental Hazards: This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters.

Hydraulic Fracturing (Not for use in California): COMPASS THIPS should be added to the fresh water storage tanks or directly into the well head injection pipeline as the water is being pumped down-hole.
Oil and Gas Production and Transmission Pipelines and Systems: COMPASS THIPS should be added to a point in the pipeline where uniform mixing will occur.
Slag Drains: Follow instructions for waterbased treatment.
Drilling Muds, Packer Fluids, Completion and Workover Fluids: COMPASS THIPS should be added to these fluids at a point where uniform mixing will occur.

Gas Storage, Well and Systems (Not for use in California): Individual production or injection wells may be pumped with COMPASS THIPS at the same application rates and in the same manner as described under Water Flooding.
Water Flooding: Individual injection wells should be treated with sufficient quantity of COMPASS THIPS to produce a concentration of 33.3-133.3 ppm COMPASS THIPS when diluted by the water present in the dip.
Well Remediation Operations (Not for use in California): Individual production or injection wells may be pumped with COMPASS THIPS to control bacteria and lime naturally dissolve deposits.

Hydrofracturing: Water used to hydrate pipelines or vessels should contain 56.6-66.6 ppm COMPASS THIPS, depending on water quality and length of time the equipment will remain idle.
Pipeline Pigging and Scraping Operations: Add COMPASS THIPS to a tank of water immediately following the scraper (flexible) this water volume can be kept to a minimum and contained behind the scraper and a trailing PIG.
Industrial and/or Commercial Recirculating Cooling Water Systems (for control of bacteria, fungi and algae): Note: For cooling water systems of 1000 gallons, do not apply by open pouring of liquid to cooling water systems; use a recirculating pump.

Industrial Fresh Water Systems (Not for use in California): COMPASS THIPS is effective in controlling algae in holding ponds and in controlling bacteria and fungi in manufacturing plants.
Industrial Wastewater Systems (Wastewater Sludge and Wastewater Holding Tanks) (Not for use in California): COMPASS THIPS should be added to a wastewater system or sludge at a zonehand point of uniform mixing such as a digester.
Macrofouling Control (Not for use in California): COMPASS THIPS should be added continuously to maintain a level of 20 ppm active ingredient (THIPS) in the system for a period of at least 96 hours.

PAPER AND PAPERBOARD MANUFACTURING (for control of bacteria, fungi and algae): Add 33.3-133.3 ppm of COMPASS THIPS based on total water volume or an equivalent based on dry weight of paper produced.
Food Finishes, Pigments and Filler slurries: Do not use in paper and paperboard and adhesives that will be used for the production of food finishes, pigments and filler slurries.
Free Protection Systems: COMPASS THIPS is effective at controlling microbial growth in waters and on pipe surfaces in the protection systems.

Emulsion and Solution Preservation: COMPASS THIPS is effective at controlling microbial growth in waters and on pipe surfaces in the protection systems.
Free Protection Systems: COMPASS THIPS is effective at controlling microbial growth in waters and on pipe surfaces in the protection systems.
Storage: Store this product in a cool, dry area away from direct sunlight and heat to avoid deterioration.

Container Handling and Disposal: Do not contaminate water, food or feed by storage or disposal.
Storage: Store this product in a cool, dry area away from direct sunlight and heat to avoid deterioration.

Notes: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than that which appears on the label.
