Subject: PRIA Label Amendment – Addition of Disinfection Claims and Two Viral Organism Kill Claims, Updated the Label with Use Instructions and Changes to Marketing Claims
Product Name: Bio-Spear Sanitizing Spray
EPA Registration Number: 87656-4
Received Date: 05/17/2021
Action Case Number: 00302617

Dear Mr. Malone:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the

Action Case No./Decision No. 00302617

EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Jack Hall by phone at 703-347-8647, or via email at hall.john.j@epa.gov.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Bio-Spear Spray is intended for use on hard, non-porous, non-food contact surfaces.

{Reviewer Note: For labels that list medical premises and metal and / or stainless steel surfaces, one of the following statements must be used:}

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that [1] is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or [2] contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. [This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.]

{or}

This product is not for use on medical device surfaces..

{Reviewer Note: Deodorizing Instructions are optional on the end label. Cleaning and Sanitizing Instructions are optional on the end label unless claims are made on the label. Disinfection Instructions are optional on the end label unless claims are made on the label. One of the three sections is required.}

Deodorizing Instructions:

Apply to surface and either wipe off or allow to air dry.

Cleaning and Sanitizing Instructions:

Bio-Spear is a one-step process. Completely preclean surface of all visible debris. Apply to surface using a trigger pump sprayer or pressure sprayer. Spray entire surface from 4-6 inches distance until completely covered. Thoroughly wet surface with **Bio-Spear**. If spotting occurs, wipe with [microfiber] mop, clean paper, moist cloth or sponge. Repeated use of the product may be required to ensure that the surface remains visibly wet for 5 minutes. Allow to dry thoroughly before use/no rinsing necessary.

Disinfection Instructions:

To pre-clean: Saturate surfaces using a trigger pump sprayer or pressure sprayer then wipe surface clean using a [microfiber] mop, clean paper, moist cloth or sponge, or allow to air dry. Repeat, if necessary, until surfaces are visibly clean.

For use as a hard, non-porous non-food contact surface disinfectant/virucide*: Apply **Bio-Spear** to pre-cleaned surfaces by trigger pump sprayer or pressure sprayer at a distance of 6-8 inches to wet surfaces thoroughly. Allow surface to remain visibly wet for 10 minutes, then then wipe surface clean using a [microfiber] mop, clean paper, moist cloth or sponge, or allow to air dry. Discard or launder spent materials before reuse.

STORAGE AND DISPOSAL

Store in original, tightly closed container in an area inaccessible to children or persons unfamiliar with its use. Keep tightly closed until ready to use. Reclose tightly after each use.

Nonrefillable container. Do not reuse or refill this container. Securely wrap original container in several layers of newspaper and discard in trash or offer for recycling if available.
