## NOTICE OF PESTICIDE:

☒ Registration  
☐ Reregistration

(under FIFRA, as amended)

EPA Reg.

Number:

87909-1

Date of

Issuance:

AUG 18 2011

Term of Issuance:

Conditional

Name of Pesticide Product:

TRION SDIC DIHYDRATE  
TECHNICAL

Name and Address of Registrant (include ZIP Code):

Raj Chemicals  
c/o Mandava Associates, LLC  
6860 N. Dallas Parkway  
Suite 200  
Plano, TX 75035

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product (OPP Decision No. D-447416) is registered in accordance with FIFRA sec 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Revise the "EPA File Symbol to read, EPA Reg. No. 87909-1"

Signature of Approving Official:

Monisha Harris  
Product Manager Team (32)  
Regulatory Management Branch II  
Antimicrobials Division (7510P)

Date:

AUG 18 2011

Page 1 of 2

b. Revise the "Hazards to Human and Domestic Animals" as follows:

**DANGER.** Corrosive. Causes irreversible and eye damage and skin burns. Maybe fatal if absorbed through skin. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes on skin or clothing. Wear protective eyewear (goggles and face shield). Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

d. The routes of exposure in the First Aid statements appear in the following order:

If In Eyes, If on Skin or Clothing, If Inhaled, If Swallowed

e. Revise the Ingredient statement as follows:

Active Ingredient:  
Sodium dichloroisocyanurate dihydrate..... 100.0%

(Provides 56% Available Chlorine)

f. Revise the Container Disposal section as follows:

**CONTAINER DISPOSAL:**

Non-refillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then offer for recycling or dispose of in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. If drum is contaminated and cannot be reused, dispose of it in the manner required for its liner.

g. Under the "Environmental Hazards" section on the label, change "public waters" to read "other waters."

h. Under the "Storage and Disposal" section change the "STORAGE" heading to read "PESTICIDE STORAGE."

i. Under the "Pesticide Storage" section on the product label, add instructions that specify what to do if the product spill from the product container.

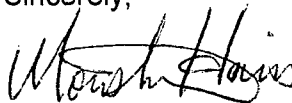

3. Submit three (1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

4. Submit a one year Storage Stability and a one year Corrosion Characteristics study.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label accepted with conditions is enclosed for your records. Should you have any questions regarding this letter, please contact Wanda Henson by phone at (703) 308-6345 or via email at [Henson.Wanda@epa.gov](mailto:Henson.Wanda@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Monisha Harris", written over a horizontal line.

## PRECAUTIONARY STATEMENTS

Page 1 of 2

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

AUG 18 2011

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide,  
registered under EPA Reg. No. 87909-1

**Hazard to Humans and Domestic Animals:**

**CORROSIVE:** Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARD:** This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

**PHYSICAL OR CHEMICAL HAZARD:** Oxidizing Material. Avoid contact with combustible materials. Keep away from all sources of heat, flame, or sparks. At elevated temperatures (above about 325°F) a self propagating thermal decomposition may occur with resultant irritating and toxic gases. In case of fire, flood with large quantity of water. In the event of contamination or decomposition, do not reseal container.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For Manufacturing, Repackaging or Reformulating Disinfectants, Sanitizers, and Algaecides. Each repacker or reformulator must obtain his own registration for the Environmental Protection Agency to market their product.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage, disposal or cleaning of equipment.

**STORAGE:** Retie polyethylene liner after each use and keep container tightly closed. Store in dry place. Do not allow water to get into container. Keep container off wet floors..

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom loosen clinging materials. Empty residue into application equipment. Then dispose of liner on a sanitary landfill or by incineration as allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
