

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

December 30, 2025

Kara James, Authorized Representative
Chanelle Pharmaceuticals Manufacturing Ltd.
c/o Exponent, Inc.
1150 Connecticut Ave, NW
Washington, DC 20036

Subject: Notice of Extension of Conditional Registration for EPA Reg. Nos. 88051-1 and 88051-2

Dear Kara James:

This letter is in reference to your requests listed in the table below; to extend the conditional, time-limited registration for following registrations:

Product Name	EPA Reg. No.	Application Date(s)	Case #s	New Expiration Date
Zeronil Spot-On Solution for Cats	88051-1	12/03/2025	677824	2/13/2028
Zeronil Spot-On Solution for Dogs	88051-2	12/03/2025	677823	2/13/2028

The above registrations contain conditions calling for the registration to expire after two years. Additionally, your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information for the above-referenced registrations.

The Agency has found your company to be in compliance with the terms and conditions for the subject products. Your application confirms that Chanelle Pharmaceuticals Manufacturing Ltd. has yet to manufacture and release for shipment these registered products. The Agency is therefore granting the requests to extend the two-year time-limited registration restrictions. As such, the following change is being made to the terms and conditions for the products listed above:

- **The two-year time-limited registration restriction has been extended. The new expiration date for the registrations listed above is February 13, 2028.**

Please note that the product is still subject to all other previously required conditions of registration. If you have any questions, please contact, Debra Rate by phone at (202) 566-2867 or by email at rate.debra@epa.gov.

Sincerely,

Debra Rate, Ph.D.
