Mary Hunt,  
Agent, Exponent, Inc.  
Chanelle Pharmaceuticals Manufacturing Ltd.  
1150 Connecticut Ave, NW, Suite 1100  
Washington, D.C. 20036

Subject: Notice of Extension of Conditional Registrations until September 15, 2021  
Product Name: Exidot for Cats; Exidot for Dogs  
EPA Registration Number: 88051-3; 88051-4  
Application Date: 8/6/2019  
Decision Number: 554033; 554034

Dear Ms. Hunt:

This letter is in reference to your requests dated August 6, 2019 to extend the conditional time-limited registration for Exidot for Cats and Exidot for Dogs (EPA Reg. Nos. 88051-3; 88051-4).

The above-referenced registrations contain conditions calling for the registrations to expire two years from the date the products were conditionally registered (i.e., September 15, 2017). Additionally, your company is required to adhere to the spot-on label mitigation, submit quarterly enhanced incident reports and quarterly sales information for each of the above registrations.

The Agency has found Chanelle Pharmaceuticals Manufacturing Ltd. in compliance with the terms and conditions for the subject product. Your email dated August 9, 2019, stating that the products have not been released for shipment as of this date, has been added to the products' files. The Agency is therefore granting the request to extend the 2-year time-limited registration restriction. As such, the following change is being made to the terms and conditions of the product listed above:

- **The 2-year time-limited registration restriction has been extended an additional two (2) years. The new expiration date for the subject product registration is now September 15, 2021.**

This product is still subject to all other previous required conditions of registration. Those conditions include Agency review and approval of the mock up labels. At least three months before your intended sale/distribution date submit a mock up copy of the label. You may not

sell/distribute this product until the Agency reviews and approves the mock up copy of the label. Once the mock-up label is approved, you must inform the Agency when the product is first released for shipment. If you have any questions, please contact Dee Colby at colby.deanna@epa.gov or (703) 347-8657.

Regards,

Venus Eagle, Product Manager 01
