

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration

(under FIFRA, as amended)

EPA Reg. Number:

88051-8

Date of Issuance:

4/21/25

Term of Issuance:

Conditional, Time-Limited
Expires: 04/21/2027

Name of Pesticide Product:

Kanimper II for Dogs

Name and Address of Registrant (include ZIP Code):

James Messina
Authorized Agent
Chanelle Pharmaceuticals Manufacturing Ltd
c/o Exponent, Inc.
1150 Connecticut Ave. NW
Suite 1100
Washington, DC 20036

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04

Date:

4/21/25

Invertebrate & Vertebrate Branch 1 Registration Division (7505P) Office of Pesticide Programs	
-----------------------------------------------------------------------------------------------------	--

EPA Form 8570-6

2. This registration is time-limited and expires 04/21/2027.
3. You must submit quarterly enhanced incident reports and quarterly sales information in doses sold for this product beginning within 3 months of the date the product is first released for shipment, on the first day of the quarter (i.e., January 1, April 1, July 1, or October 1). Please flag any Confidential Business Information as such. Submit enhanced incident reporting and quarterly sales information to the Product Manager's attention. The following is a list of information that must be included in the quarterly reports for each incident:
 - EPA Registration Number
 - Product name (brand name)
 - Lot #
 - Where purchased: internet, store, veterinarian
 - Active Ingredient(s)
 - Weight range for product
 - Date on which incident occurred (mm/dd/yyyy)
 - State in which the incident occurred (standard 2 letter abbreviation)
 - Registrant case #
 - Species: dog, cat, other (specify)
 - Breed: (as reported by pet owner)
 - Age: months or years
 - Sex: M, F, or neutered
 - Weight: pounds
 - Primary Route of Exposure: dermal, oral, other animal, inhalation, other
 - Body System: neurological, dermatological, GI, respiratory, ocular, other
 - Major signs noted with separate column for each sign, using standard terminology
 - Time to Onset: (hours, days)
 - Treated by veterinarian: yes or no
 - First time product used: yes or no
 - Misuse: use on incorrect species, overdose, too frequent dosing, other (describe)
 - Any known precondition
 - EPA Severity Code: death, major, moderate, minor
 - Outcome: died, recovered, still treated, unknown
4. Along with the enhanced incident reporting, you must submit an analysis of the incidents seen, to include the following details:
 - All incidents should be reported including all minor dermal and ocular irritation reports.

- Summary table for dogs showing number of incidents of each severity code for each route of exposure. Each incident should only be reported once. If one incident has several routes of exposure, the order should be ocular > oral > dermal. In other words, an incident with both oral and dermal exposure would be reported as oral exposure, and an incident with both ocular and oral exposure would be reported as ocular exposure.
- A similar summary table for cats (misuse or secondary exposure) showing number of incidents of each severity code for each route of exposure.
- Summary table for cats and table for dogs showing number of incidents that are believed due to secondary exposure (e.g., multi-pet households).
- A summary table for dogs showing number of incidents for each severity code for these age ranges: <3 months, 3-6 months, 6-9 months, 9-12 months, 1 yr, 2 yr, 3 yr, 4 yr, 5 yr, 6 yr, 7 yr, 8 yr, 9 yr, 10 yr, 11 yr, 12 yr, 13 yr, 14 yr, 15 yr, >15 yr.
- A summary table showing the number of dog incidents for each severity code for each pet weight range on the product label, as applicable.
- A summary table for dog weight showing number of incidents for each product weight range. This table should show number of incidents in dogs weighing less than that product weight range, number of incidents in dogs in lower half of weight range, number of incidents in dogs in upper half of weight range, and dogs weighing more than the product weight range, as applicable.
- Table showing number of incidents for each dog breed, where provided.
- Table showing number of incidents in dogs for each clinical sign.
- Table showing number of incidents in dogs for each organ system.
- Report aggregate incidents, but do not combine moderate and minor incidents.

If EPA determines that future mitigation measures are necessary for all pet spot-ons, the Agency will inform registrants. If mitigation measures are necessary, EPA may take regulatory action.

5. You are required to comply with the data requirements described in the DCI identified below:
- a. Permethrin GDCI-109701-1113

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division:

<http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

6. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

7. Make the following label changes before you release the product for shipment:

- Revise the EPA Registration Number to read, "EPA Reg. No. 88051-8."

8. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 02/07/2024
- Alternate CSF 1 dated 02/07/2024
- Alternate CSF 2 dated 02/07/2024
- Alternate CSF 3 dated 02/07/2024
- Alternate CSF 4 dated 02/07/2024
- Alternate CSF 5 dated 02/07/2024
- Alternate CSF 6 dated 02/07/2024
- Alternate CSF 7 dated 02/07/2024
- Alternate CSF 8 dated 02/07/2024
- Alternate CSF 9 dated 02/07/2024
- Alternate CSF 10 dated 02/07/2024
- Alternate CSF 11 dated 02/07/2024
- Alternate CSF 12 dated 02/07/2024
- Alternate CSF 13 dated 02/07/2024
- Alternate CSF 14 dated 02/07/2024
- Alternate CSF 15 dated 02/07/2024
- Alternate CSF 16 dated 02/07/2024
- Alternate CSF 17 dated 02/07/2024

KEEP OUT OF REACH OF CHILDREN

WARNING

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. WARNING. Causes substantial but temporary eye injury. Do not get in eyes or on skin or clothing. Harmful if swallowed. Harmful if absorbed through the skin. Avoid contact with skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS

For external use on dogs only. Do not use on animals other than dogs. Do not use on puppies under seven weeks of age or weighing less than [4][11][21][56] lbs. Do not get this product in dog's eyes or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Individual sensitivities may occur after using ANY pesticide product for dogs. This product is not a substitute for prescribed heartworm preventative. If signs persist, or become more severe, consult a veterinarian immediately. If your animal is on medication, consult your veterinarian before using this or any other product.

FIRST AID

IF IN EYES:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15- 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by the poison control center or doctor.• Do not give anything to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15 – 20 minutes.• Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-xxx-xxxx for emergency medical treatment information. For consumer questions call 1-800-xxx-xxxx.	
NOTE TO PHYSICIAN	
Treat the patient symptomatically.	

Side Effects: Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy or agitation) occur, consult your veterinarian or call 1-800-xxx-xxxx.

{The box will include a 1.5 cm X 1.5 cm cat prohibition icon and warning text in yellow and black images and text.}

DO NOT USE ON CATS – MAY BE FATAL. Keep cats away from treated dogs for 24 hours. If applied to a cat or **ingested** by a cat, contact your veterinarian immediately.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To prevent harm to you and your dog, read entire label and enclosed directions before each use. Follow all directions and precautionary statements carefully. For external use on dogs only. For use indoors only.

Restrictions:

Do not allow children to apply product.

Do not touch treated area until dry.

Do not have contact or allow children to have contact with treated area until completely dry.

Do not get this product in your dog's eyes or allow your dog to ingest this product.

Do not apply an excessive amount of solution at any one spot that could cause some of the solution to run off the side of the dog.

Do not use on puppies under 8 weeks of age.

Do not use on dogs or puppies less than [4][11][21][55] lbs.
Do not apply more than one tube per treatment for one dog regardless of the dog's weight
Do not use on other animals.
Do not allow your dog to ingest this product.
Do not reapply this product for 30 days. In case of severe pest infestations, you are able to retreat your dog earlier than (4) four weeks. If infestation is severe at the initiation of treatment, once a week treatment is permitted not to exceed 4 weeks. After pest control has been successful, return to a monthly retreatment schedule.

HOW TO OPEN

{Note to reviewer: INSTRUCTIONS WHEN FOIL POUCH 1 CONTAINER USED}

[Use scissors to open the sealed pouch. Cut along the scissor marks near the upper portion of the pouch. Be careful not to damage the tube.]

{Note to reviewer: INSTRUCTIONS WHEN POUCH 2 CONTAINER USED}

[Be sure tube is at bottom of pouch. Use scissors or tear along notch to open pouch. Be careful not to damage the tube.]

Remove the tube from the container. Hold the tube upright. Tap the narrow part of the tube to ensure the contents are within the main body of the tube. Twist and pull the snap-off top of the tube to enable the contents to be expelled. If the top does not pull away easily, use scissors to remove it.

HOW TO APPLY

Dog must be dry at time of application and remain dry for 24 hours after application.

1. Place tube tip through the dog's hair to the skin level between the shoulder blades.
2. Squeeze the tube, {note to reviewer: use appropriate directions below for dog weight range}

applying contents in two to three spots to the skin along the dog's spine.
{on product labels for dogs weighing 4-10 lbs}

{OR}

applying contents in three to four spots to the skin along the dog's spine.
{on product labels for dogs weighing 11-20 lbs {or} 21-55 lbs {or} >55 lbs}

Avoid applying product superficially to the dog's hair.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place. Protect from freezing. **Pesticide Disposal and Container Handling:** Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency or 1-800-xxx-xxxx for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRODUCT INFORMATION

Kills fleas which may cause flea allergy dermatitis (FAD).

Kanimper II for Dogs kills existing fleas on dogs within 12 hours. Reinfesting fleas are killed within 2 hours with protection against further flea infestation lasting four (4) weeks. Pre-existing pupae in the environment may continue to emerge for six (6) weeks or longer depending upon the climatic conditions.

Kanimper II for Dogs is waterproof after 24 hours and remains effective following a shampoo treatment, swimming or after exposure to rain or sunlight.

Monthly treatments are required for optimal control and prevention of fleas and ticks.

[WARRANTY AND DISCLAIMER

Read the entire Label, including the Precautionary Statements, First Aid, Use Directions and Warranty Disclaimer before using this Product.
