Gig Harbor, WA 98332-9122

Subject: Label Amendment – Addition of Previously Approved/Revised Label Language
Product Name: C710.0 FOR CATS
EPA Registration Number: 88052-14
Application Date: November 10, 2014
Decision Number: 497161

Dear Ms. Tillman:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

EPA Reg. No. 88052-14
Decision No. 497161

with FIFRA section 6. If you have any questions, please contact Maggie Rudick by phone at (703) 347-0257, or via e-mail at rudick.maggie@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'KBD', enclosed within a hand-drawn oval.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE. Store unused product in original container only, out of reach of children and animals.

PESTICIDE DISPOSAL. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

CONTAINER HANDLING. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **Do not allow children to apply product.** TO PREVENT HARM TO YOU AND YOUR CAT, READ THE ENTIRE LABEL AND PACKAGE INSERT BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. USE ON CATS ONLY. DO NOT USE ON DOGS, RABBITS OR OTHER ANIMALS.

SIDE EFFECTS

See package insert for side effects.

[Precaucion al consumidor: si usted no puede leer inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. (To the user: If you cannot speak English, do not use this product until the label has been fully explained to you.)]

C710.0 FOR CATS

C710.0 FOR CATS contains the active ingredients fipronil and (S)-methoprene that effectively target fleas, ticks, mosquitoes, and chewing lice. C710.0 is fast-acting, long-lasting, waterproof, and easy to use.

C710.0 FOR CATS remains effective even after bathing, water immersion, or exposure to sunlight. C710.0 FOR CATS can also be used for the treatment and control of flea, tick, and chewing lice infestations on breeding, pregnant and lactating queens.

Do not allow your cat to ingest this product. Do not apply to cats weighing less than 1.5 lbs. and less than 8 weeks old.

To kill fleas, flea eggs, and all stages of Brown dog ticks, American dog ticks, Lone Star ticks, and Deer ticks, chewing lice and mosquitoes, apply this product **ONLY** to cats and kittens weighing over 1.5 lbs. and 8 weeks or older as follows.

To remove and open applicator: See label insert for opening instructions.

To apply C710.0 FOR CATS: Place applicator tip through cat's hair to the skin level between the shoulder blades. Squeeze applicator, applying entire contents in a single spot on the cat's skin. Avoid superficial application to the cat's hair. Allow area to dry before touching treated area. Only one applicator per treatment is needed.

[PICTOGRAM ON HOW TO APPLY]

(BACK PANEL OF CARTON)

FREQUENCY OF APPLICATION

Fleas: When used monthly, C710.0 FOR CATS kills all stages of the flea life cycle and prevents reinfestation of fleas on your cat for up to six weeks after application. Although C710.0 FOR CATS can control fleas for up to six weeks, if there is a high risk of re-infestation of fleas on your cat, or if the cat has fleas which may cause flea allergy dermatitis, apply C710.0 FOR CATS once every 30 days.

Ticks: C710.0 FOR CATS kills all stages of the tick life cycle (larvae, nymph, and adult) for at least 30 days. For best control of ticks, apply once every 30 days.

Chewing Lice: C710.0 FOR CATS kills chewing lice for at least 30 days. For best control of chewing lice, apply once every 30 days.

Mosquitoes: Apply C710.0 for Cats every 30 days to kill mosquitoes within 24 hours for up to one week, and within 48 hours for up to 28 days.

Do not reapply C710.0 for Cats for 30 days.

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

HOTLINE NUMBER: Have the product container or label with you when calling a poison control center, doctor or going for treatment. You may contact us at xxx-xxx-xxxx for emergency medical treatment information.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

HAZARDS TO HUMANS

CAUTION. Harmful if swallowed. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

HAZARDS TO DOMESTIC ANIMALS

For external use on cats only. Do not use on kittens weighing less than 1.5 lbs. and less than 8 weeks of age. **DO NOT USE ON DOGS. DO NOT USE ON OTHER ANIMALS.** Individual sensitivities, while rare, may occur after using **ANY** pesticide product. Cats may experience some temporary irritation at the site of product application. If signs persist, or become more severe within a few days of application, consult a veterinarian. If your cat has an unusual reaction to the initial application, consult a veterinarian before repeating treatment. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated, debilitated or aged cats. Call 1-xxx-xxx-xxxx for 24-hour assistance.

(LABEL DIRECTIONS FOR PACKAGE INSERT)

SIDE EFFECTS

Monitor your cat after application. Side effects may include skin irritation such as redness, scratching or other signs of discomfort. In some cases, vomiting or diarrhea may result due to grooming after treatment. If these or other side effects occur, consult your veterinarian or call us at xxx-xxx-xxxx.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **Do not allow children to apply product.** TO PREVENT HARM TO YOU AND YOUR CAT, READ THE ENTIRE LABEL AND DIRECTIONS FOR USE BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. USE ON CATS ONLY. DO NOT USE ON RABBITS OR OTHER ANIMALS.

Precaucion al consumidor: si usted no puede leer inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. (To the user: If you cannot speak English, do not use this product until the label has been fully explained to you.)

C710.0 FOR CATS

C710.0 FOR CATS contains the active ingredients fipronil and (S)-methoprene that effectively target fleas, ticks, mosquitoes, and chewing lice. C710.0 is fast-acting, long-lasting, waterproof, and easy to use. C710.0 FOR CATS remains effective even after bathing, water immersion, or exposure to sunlight. C710.0 FOR CATS can also be used for the treatment and control of flea, tick, and chewing lice infestations on breeding, pregnant and lactating queens.

Do not allow your cat to ingest this product. Do not apply to cats weighing less than 1.5 lbs. and less than 8 weeks old.

To kill fleas, flea eggs and larvae, all stages of **Brown Dog ticks, American dog ticks, Lone Star ticks**, and **Deer ticks** (which may carry Lyme disease), mosquitoes, and chewing lice, apply this product to cats and kittens weighing over 1.5 lbs. and 8 weeks or older as follows.

(LABEL DIRECTIONS FOR PACKAGE INSERT)

To remove and open applicator:

- 1** Cut along scissor cut line to separate unit

- 2** Turn unit over and cut corner at bulb end

- 3** From cut corner, peel backing completely off from bottom to top

- 4** Remove the applicator

[ILLUSTRATIONS FOR APPLYING PRODUCT]

To apply C710.0 FOR CATS: Place applicator tip through cat's hair to the skin level between the shoulder blades. Squeeze applicator applying entire contents in a single spot to the cat's skin. Avoid superficial application to the cat's hair. Allow area to dry before touching treated area. Only one applicator per treatment is needed.

FREQUENCY OF APPLICATION

Fleas: When used monthly, C710.0 FOR CATS kills all stages of the flea life cycle and prevents reinfestation of fleas on your cat for up to six weeks after application. Although C710.0 FOR CATS can control fleas for up to six weeks, if there is a high risk of re-infestation of fleas on your cat, or if the cat has fleas which may cause flea allergy dermatitis, apply C710.0 FOR CATS once every 30 days.

Ticks: C710.0 FOR CATS kills all stages of the tick life cycle (larvae, nymph, and adult) for at least 30 days. For best control of ticks, apply once every 30 days.

Chewing Lice: C710.0 FOR CATS kills chewing lice for at least 30 days. For best control of chewing lice, apply once every 30 days.

Mosquitoes: Apply C710.0 for Cats every 30 days to kill mosquitoes within 24 hours for up to one week, and within 48 hours for up to 28 days.

Do not reapply C710.0 FOR CATS for 30 days.
