WASHINGTON, D.C. 20460

March 6, 2025

Horizon Valley Generics
c/o Pyxis
4110 136th St Ct NW
Gig Harbor, WA 98332

Subject: Label and CSF Amendment – label and CSF amendment adding a new CRP manufacturer and package facility, new package configurations with 1, 3 or 4 counts, or an overpack with 2 cartons of 3 packs
Product Name: C710.0 for Cats
EPA Registration Number: 88052-16
Application Date: fill-in
Case Number: 498057, 632369

Dear Brien O’Laughlin:

The amended label and Confidential Statement(s) of Formula (CSFs) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 12/22/2023
- Alternate CSF 1 - 5 dated 12/22/2023

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to

sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Autumn Metzger at 202-566-2830 or Metzger.autumn@epa.gov.

Sincerely,

 for

Beth Fertich, Product Manager 04
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)
Office of Pesticide Programs

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **Do not allow children to apply product.** TO PREVENT HARM TO YOU AND YOUR CAT, READ THE ENTIRE LABEL AND PACKAGE INSERT BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY. USE ON CATS ONLY. DO NOT USE ON DOGS, RABBITS OR OTHER ANIMALS.

{The following text in a box will be placed in the lower right hand corner of back panel.}

SIDE EFFECTS

Monitor your cat after application. If side effects are observed after application, bathe the cat immediately. Side effects may include skin irritation such as redness, scratching or other signs of discomfort. In some cases, vomiting or diarrhea have been reported. If these or other side effects occur, consult your veterinarian or call us at xxx-xxx-xxxx.

[Precaucion al consumidor: si usted no puede leer inglés, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. {The following text in parentheses represents the translation of the previous statement and will be present on the label. (To the user: If you cannot speak English, do not use this product until the label has been fully explained to you.)}]

C710.0 FOR CATS

C710.0 FOR CATS contains the active ingredients fipronil and (S)-methoprene that effectively target fleas, ticks, [mosquitoes,]and chewing lice. C710.0 is waterproof 24 hours after application, and easy to use.

C710.0 FOR CATS remains effective even after bathing, water immersion, or exposure to sunlight. C710.0 FOR CATS can also be used for the treatment and control of flea, tick, and chewing lice infestations on breeding, pregnant and lactating queens.

Restrictions

Do not use on dogs, rabbits or other animals.

Do not apply more than once every 4 weeks/30 days/month.

Do not allow your cat to ingest this product.

Do not use on kittens under 8 weeks of age or weighing less than 1.5 lbs.

Do not apply more than one applicator per treatment for one cat regardless of the cat's weight.

Do not allow cats to groom each other until product has dried in multi-cat households.

HOW TO OPEN

See label insert for applicator opening instructions.

**{HOW TO APPLY AND FREQUENCY OF APPLICATION SECTIONS BELOW MAY APPEAR
ON EITHER CARTON/INSIDE PANEL, LABEL INSERT, OR BOTH}**

HOW TO APPLY

To apply C710.0 for Cats: Your cat needs to be dry at the time of application and remain dry for 24 hours after application for best performance. Part the hair on the neck at the base of the skull until the skin is visible. Place the tip of the applicator on the skin and squeeze the applicator to apply the entire contents directly on the skin of your cat. Do not allow your cat to get the product into their eyes. Proper placement of the product on your cat will minimize the opportunity for the cat to lick and ingest the product. Carefully avoid allowing the product to run off the side of the

cat. Separate treated cat from all other cats and pets until product has dried. Discard empty applicator and packaging in the trash or recycling as described in the Storage and Disposal section.

FREQUENCY OF APPLICATION

Apply C710.0 once every 4 weeks/30 days/month:

- To kill fleas which may cause flea allergy dermatitis. C710.0 for Cats controls fleas, flea eggs and larvae and prevents reinfestation of fleas on your cat.
- To kill all stages of Brown dog ticks, American dog ticks, Lone Star ticks, Deer ticks, which may transmit Lyme disease. C710.0 for Cats kills ticks at all stages of the tick life cycle [larvae, nymph, and adult].
- To kill chewing lice.
- [To kill mosquitoes within 48 hours.]

{The following statement is required on the front panel and optional on the back panel.}

[Use ONLY on cats weighing over 1.5 lbs. and 8 weeks or older]
--

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE. Store unused product in original container only, out of reach of children and animals.

PESTICIDE DISPOSAL AND CONTAINER HANDLING. Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
