

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

88665-2

Date of Issuance:

12/16/2014

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Egret Bed Net

Name and Address of Registrant (include ZIP Code):

Robin G. Todd, PhD
Triton Systems, Inc.
200 Turnpike Road
Chelmsford, MA 01824

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Kable Bo Davis, Product Manager 3
Invertebrate and Vertebrate Branch 1 (IVB1)
Registration Division (7505P)
Office of Pesticide Programs

Date:

12/16/2014

2. You are required to comply with the data requirements described in the DCI identified below:

- a. Permethrin GDCI-109701-1252
- b. Permethrin GDCI-109701-1281
- c. Permethrin GDCI-109701-1113
- d. Deltamethrin GDCI-097805-889
- e. Deltamethrin GDCI-097805-1100
- f. Deltamethrin GDCI-097805-1210

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: http://www.epa.gov/oppsrrd1/contacts_prd.htm

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

4. Make the following label changes before you release the product for shipment:

- Revise the EPA Registration Number to read, "EPA Reg. No. 88665-2."

5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 06/24/2014

If you have any questions, please contact Elizabeth Fertich at (703) 347-8560 or Fertich.elizabeth@epa.gov.

EGRET™ BED NET
contains
INVEXUS® INSECT REPELLENT FABRIC

Protects From Mosquitoes

The polyester mesh fabric used in this bed net has been treated with Invexus® Insect Repellent Treatment to protect the occupant from mosquitoes, including those which can transmit malaria, West Nile virus, dengue and other diseases.

Repels and knocks down mosquitoes landing on the mesh fabric.

ACTIVE INGREDIENTS:

Deltamethrin.....	0.10%
Permethrin.....	0.08%
OTHER INGREDIENTS.....	99.82%
	100.00%

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

Use this bed net to protect against mosquitoes when sitting or lying down inside it.
Keep the entry door closed to prevent mosquitoes from entering in it.

BEDNET ASSEMBLY

Step 1. Spread bed net out on ground with ripstop floor facing down/ bed net mesh up.

Step 2. Assemble poles (2) and weave each through the black sleeves of bed net, criss-crossing to opposite footer pocket holds. Secure poles into opposite footer pocket holds.

Step 3. While each pole is secured in opposite footer pocket holds, stand up each pole and secure pole in footer pocket hold on the side closest to you. Repeat process with other pole, fully erecting the bed net.

COT (optional) ASSEMBLY

Step 4. Open cot, but do not fully expand until it is inside of the bed net. Place one end of cot into bed net, then bring folded end into net opening (and expand cot).

Step 5. Weave one end-bar through cot sleeve, then the opposite end. Secure end-bars to cot. Snap in lower support-bars to cot (if provided).

BEDNET STORAGE:

To return the bed net to its storage bag, it is recommended that the following folding pattern be used after removing the support poles:

Spread out bed net evenly (as in Step 1). Fold lengthwise both ends to midline. Fold ends to midline. Fold over at midline, and once again for placement in storage bag.

Egret Bed Net Kit Includes:

One storage bag

One bed net

Two assembly poles

NOTE: Cot is not included in the Egret Bed Net assembly kit

CARE & WASHING INSTRUCTIONS

Hand wash gently with cold or warm water. Use non-bleach mild detergent if needed, followed by rinsing with water. Line dry, preferably in the shade. Do not machine wash. Do not tumble dry. Do not use bleach. Dry cleaning removes active ingredients. Do not dry clean. Wash separately from other items. Durable/Effective for up to 20 washes without the loss of protection against mosquitoes. Do not re-treat mesh fabric with permethrin and/or deltamethrin insect repellent products. If any holes or tears develop, repair or replace before using again.

STORAGE AND DISPOSAL

Storage: Do not contaminate water, food or feed by storage or disposal.

Disposal: Discard in trash. Do not reuse.
