

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Avenue NW
Washington, D.C. 20460

EPA Reg. Number: 89248-1

Date of Issuance: OCT 5 2012

Term of Issuance:

Non-Conditional

Name of Pesticide Product:

C-Pool Natural Balance

NOTICE OF PESTICIDE:

- x Registration
Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Lewis & Harrison, LLC
Agent for C-Pool Mineral, Inc.
122 C Street NW, Ste. 740
Washington, DC. 20001

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is non-conditionally registered in accordance with FIFRA sec 3(c)(5) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
a. Revise the "EPA Registration Number to read, "EPA Reg. No. 89248-1".

Signature of Approving Official:

Marshall Swindell
Product Manager Team-33
Regulatory Management Branch I
Antimicrobials Division (7510P)

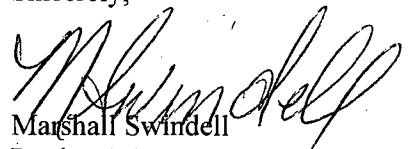

Date:

OCT 5 2012

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. Submit one (1) copy of your final printed labeling prior to release of this product for shipment. If you have any questions concerning this letter, please contact Demson Fuller at (703) 308-8062.

Sincerely,

Marshall Swindell

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING: Causes substantial, but temporary eye injury. Do not get in eyes or on clothing. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and was clothing before wearing.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none"> •Hold eye open and rinse slowly and gently with water for 15-20 minutes. •Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. •Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> •Take off contaminated clothing. •Rinse skin immediately with plenty of water for 15-20 minutes. •Call a poison control center or doctor for treatment advice.
IF INHALED	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> •Call poison control center or doctor immediately for treatment advice. •Have person sip a glass of water if able to swallow. •Do not induce vomiting unless told to do so by the poison control center or doctor. •Do not give anything by mouth to an unconscious person.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.	

ACCEPTED
 Letter Dated: OCT 5 2011
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 89248-1

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the Environmental Protection Agency (EPA).

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is recommended for use in pools with capacities of at least 2,000 gallons and equipped with filtration systems.

FOR USE IN POOLS - INITIAL TREATMENT

- 1 Before adding C-Pool Natural Balance, clean and shock-treat pool water with liquid chlorine to 3.5 ppm.
- 2 Balance water alkalinity. Total alkalinity must read 120 ppm. Adjust pH to read between 7.2 - 7.4 pH.
- 3 As a minimum dose, add 2 ounces of C-Pool Natural Balance per 1,000 gallons of pool water, which will result in a minimum concentration of 0.5 ppm copper. If visible algae are present, increase the dose to 3 oz. per 1,000 gallons of pool water (0.75 ppm copper).
- 4 Distribute C-Pool Natural Balance by sprinkling across pool water surface, every 3 to 4 feet around the perimeter of the pool, avoiding coping and any stairs.
- 5 Run filter over night. The next day backwash filter, vacuum pool and backwash a second time. (For

cartridge filters remove and clean). Then return filter back to normal operating schedule time may be reduced to 8-12 hours per day, depending on water condition. During days of high air temperature and heavy pool use, you should run filter 24 hours a day and you may need to increase use of Chlorine or Bromine in daily treatments.

WEEKLY MAINTENANCE

As a minimum maintenance dose, add 1/8 ounce of C-Pool Natural Balance per 1,000 gallons of pool water (an additional 0.03 ppm) to maintain a minimum reading of 0.5 ppm Copper. This amount will normally be sufficient, depending on water loss from backwashing the filter, etc. If algae are present or as a maximum maintenance dose, add 1 oz. C-Pool Natural Balance per 1,000 gallons of pool water (an additional 0.25 ppm). Check copper reaction. Use readily available test kit to ensure copper levels are maintained. Do not exceed 1 ppm Copper. Using a Brominator or Chlorinator, fill it and place it on lowest setting.

SUGGESTED TREATMENT EACH WEEK (all treatment equal to 0.5 ppm C-Pool Natural Balance, 0.03 ppm copper).

8,000 gallons	2 oz.	1 scoop	32,000 gallons	5 oz.	2 scoops
16,000 gallons	3 oz.	1½ scoop	40,000 gallons	6 oz.	3 scoops
24,000 gallons	4 oz.	2 scoops	48,000 gallons	7 oz.	3½ scoops

OCT 5 2012
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 84248-1

FOR YEAR-ROUND USE

For pools open all year round, follow Weekly Maintenance directions. In addition, follow directions for Initial Treatment twice per year. Check copper reading every 3 months to maintain 0.5 - 0.75 ppm.

Note: When having pool water tested or analyzed, a copper reading of 0.5 - 0.75 ppm is appropriate and should be maintained. This product does not act as a bleaching agent on stains such as Chlorine burns, earthworms, leaf stains or areas damaged by use of abrasive cleaners on liner surface. Stains may occur due to excessive levels of Iron or Copper salts. C-pool Minerals Inc. is not responsible for liners before, during or after the use of this product.

[Note to Reviewer: For residential/household use only containers, the following Storage and Disposal statements will be used:]

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Keep container closed when not in use. Store unused product in original container only in cool, dry area out of reach of children and animals.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

[Note to Reviewer: For containers not solely for residential/household use, the following Storage and Disposal statements will be used:]

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal

PESTICIDE STORAGE: Keep container closed when not in use. Store unused product in original container only in cool, dry area out of reach of children and animals.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
