Christina M. Swick  
Agent for C-Pool Minerals Inc.  
C-Pool Mineral Inc.  
c/o Lewis & Harrison, LLC  
2461 South Clark Street, Suite 710  
Arlington, VA 22202

Subject: Label Amendment – Change Primary Brand Name and Minor Label Changes  
(including registration review mitigation language requested by the Agency)  
Product Name: Clean + Clear Minerals  
EPA Registration Number: 89248-1  
Application Date: May 30, 2019  
Decision Number: 551784

Dear Ms. Swick:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 89248-1  
Decision No. 551784

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

The primary brand name has been changed to "Clean + Clear Minerals" and the previous primary brand name "C-Pool Natural Balance" has been marked as inactive.

If you have any questions, you may contact Joe Daniels at (703) 347-8669 or via email at [daniels.joseph@epa.gov](mailto:daniels.joseph@epa.gov).

Sincerely,

Eric Miederhoff  
Product Manager 31

Office of Pesticide Programs

Enclosure

**ACCEPTED**

06/11/2019

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 89248-1

## CLEAN + CLEAR MINERALS™

SINCE 1977 the ORIGINAL

C\*POOL & SPA™

5in1

Diamond Clear Water

Natural Mineral Balance and Algaecide

Simplify Pool Care

Reduces Chlorine or Salt Use

Eliminates Algae Growth

Keeps Pool Water Crystal Clear

Balances pH

Stabilizes pH

Captures Dirt

Eliminates/Controls: green algae (*Chlorella pyrenoidosa*), blue green algae (*Phoridium inunturn*), mustart algae (*Pleurochloris meiringensis*), black algae (*Phoridium lundum*)

ACTIVE INGREDIENT:	BY WT.
Copper Sulfate Pentahydrate* (CAS# 7758-99-8)	12.375 %
OTHER INGREDIENTS:	<u>87.625%</u>
TOTAL:	100.0 %

\* Copper as Metallic: 3.125%

KEEP OUT OF REACH OF CHILDREN

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING:** Causes substantial, but temporary eye injury. Do not get in eyes or on clothing. Wear safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before wearing.

FIRST AID	
<b>IF IN EYES</b>	<ul style="list-style-type: none"> <li>•Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>•Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li> <li>•Call a poison control center or doctor for treatment advice.</li> </ul>
<b>IF ON SKIN OR CLOTHING</b>	<ul style="list-style-type: none"> <li>•Take off contaminated clothing.</li> <li>•Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>•Call a poison control center or doctor for treatment advice.</li> </ul>
<b>IF INHALED</b>	<ul style="list-style-type: none"> <li>• Move person to fresh air.</li> <li>• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.</li> <li>• Call a poison control center or doctor for further treatment advice.</li> </ul>
<b>IF SWALLOWED</b>	<ul style="list-style-type: none"> <li>•Call poison control center or doctor immediately for treatment advice.</li> <li>•Have person sip a glass of water if able to swallow.</li> <li>•Do not induce vomiting unless told to do so by the poison control center or doctor.</li> <li>•Do not give anything by mouth to an unconscious person.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.	

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and aquatic invertebrates.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is for use in pools with capacities of at least 2,000 gallons and equipped with filtration systems.

**FOR USE IN POOLS – INITIAL TREATMENT**

- 1 Before adding CLEAN + CLEAR MINERALS™, clean and shock-treat pool water with liquid chlorine to 3-5 ppm.
- 2 Balance water alkalinity. Total alkalinity must read 120 ppm. Adjust pH to read between 7.2 – 7.4 pH.
- 3 Add 2 ounces of CLEAN + CLEAR MINERALS™ per 1,000 gallons of pool water, which will result in a minimum concentration of 0.5 ppm copper. If visible algae are present, increase the dose to 3 oz. per 1,000 gallons of pool water (0.75 ppm copper).
- 4 Distribute CLEAN + CLEAR MINERALS™ by sprinkling across pool water surface, every 3 to 4 feet around the perimeter of the pool, avoiding coping and any stairs.
- 5 Run filter overnight. The next day backwash filter, vacuum pool and backwash a second time. (For cartridge filters remove and clean). Then return filter back to normal operating schedule time may be reduced to 8-12 hours per day, depending on water condition. During days of high air temperature and heavy pool use, you should run filter 24 hours a day and you may need to increase use of Chlorine or Bromine in daily treatments.

## WEEKLY MAINTENANCE

Add 1/8 ounce of CLEAN + CLEAR MINERALS™ per 1,000 gallons of pool water (an additional 0.03 ppm) to maintain a minimum reading of 0.5 ppm Copper. This amount will normally be sufficient, depending on water loss from backwashing the filter, etc. If algae are present or as a maximum maintenance dose, add 1 oz. CLEAN + CLEAR MINERALS™ per 1,000 gallons of pool water (an additional 0.25 ppm). Check copper reaction. Use readily available test kit to ensure copper levels are maintained. Do not exceed 1 ppm Copper. Using a Brominator or Chlorinator, fill it and place it on lowest setting.

**WEEKLY POOL TREATMENT** (all treatment equal to 0.5 ppm CLEAN + CLEAR MINERALS™ 0.03 ppm copper).

8,000 gallons	2 oz.	1 scoop	32,000 gallons	5 oz.	2½ scoops
16,000 gallons	3 oz.	1½ scoop	40,000 gallons	6 oz.	3 scoops
24,000 gallons	4 oz.	2 scoops	48,000 gallons	7 oz.	3½ scoops

## FOR YEAR-ROUND USE

For pools open all year round, follow Weekly Maintenance directions. In addition, follow directions for Initial Treatment twice per year. Check copper reading every 3 months to maintain 0.5 - 0.75 ppm.

**Note:** When having pool water tested or analyzed, a copper reading of 0.5 - 0.75 ppm is appropriate and should be maintained. This product does not act as a bleaching agent on stains such as Chlorine burns, earthworms, leaf stains or areas damaged by use of abrasive cleaners on liner surface. Stains may occur due to excessive levels of Iron or Copper salts. C-Pool Minerals Inc. is not responsible for liners before, during or after the use of this product.

## DISCHARGE DIRECTIONS

Before draining a treated pool contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

**[Note to Reviewer:** For residential/household use only containers, the following Storage and Disposal statements will be used:]

### STORAGE AND DISPOSAL

**PESTICIDE STORAGE:** Keep container closed when not in use. Store unused product in original container only in cool, dry area out of reach of children and animals.

**CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill this container. Wrap container and put in trash or offer for recycling if available.

**[Note to Reviewer:** For containers not solely for residential/household use, the following Storage and Disposal statements will be used:]

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal

**PESTICIDE STORAGE:** Keep container closed when not in use. Store unused product in original container only in cool, dry area out of reach of children and animals.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

**CONTAINER HANDLING:** Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
