Subject: Label Notification per PRNs 98-10 and 2007-4 – Updated container handling language and other minor revisions  
Product Name: Prentox Pyronyl 9-18-30  
EPA Registration Number: 89459-20  
Application Date: March 3, 2015  
Decision Number: 501371

Dear Ms. Hood:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notices (PRNs) 98-10 and 2007-4 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRNs 98-10 and 2007-4 and finds that the actions requested fall within the scope of PRNs 98-10 and 2007-4.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label (and can be added by non-notification via PR Notice 98-10) or durably marked on the container itself.

If you have any questions, you may contact Julie Chao at (703) 308-8735 or via email at [chao.julie@epa.gov](mailto:chao.julie@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis".

Kable Bo Davis, Product Manager 03  
Invertebrate & Vertebrate Branch 1  
Registration Division (7505P)  
Office of Pesticide Programs

# PYRONYL™ 9-18-30

An insecticide for formulating use only.

**ACTIVE INGREDIENTS:**

Pyrethins .....	9.0%
Piperonyl Butoxide* .....	18.0%
N-octyl bicycloheptene dicarboximide .....	30.0%
<b>OTHER INGREDIENTS**:</b> .....	<b>43.0%</b>
<b>TOTAL</b>	<b>100.0%</b>

\*(butylcarbityl) (6-propylpiperonyl) ether and related compounds

\*\*Contains Petroleum Distillates

## KEEP OUT OF REACH OF CHILDREN

### NOTIFICATION

89459-20

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

3/24/2015

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS & DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed or absorbed through the skin. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

<b>FIRST AID</b>	
<b>If swallowed</b>	<ul style="list-style-type: none"> <li>• Immediately call a Poison Control Center or doctor.</li> <li>• Do not induce vomiting unless told to do so by the Poison Control Center or doctor.</li> <li>• Do not give any liquid to the person.</li> <li>• Do not give anything by mouth to an unconscious person.</li> </ul>
<b>If on skin or clothing</b>	<ul style="list-style-type: none"> <li>• Take off contaminated clothing.</li> <li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>• Call a Poison Control Center or doctor for treatment advice.</li> </ul>
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 1-800-<del>222-1222</del>248-7763 for emergency medical treatment information. You may also contact the National Pesticide Telecommunication Network at 1-800-858-7378 for information including health concerns, medical emergencies or pesticide incidents.</p>	
<p><b>NOTE TO PHYSICIAN:</b> Contains petroleum distillate – vomiting may cause aspiration pneumonia.</p>	

**ENVIRONMENTAL HAZARDS**

This product is toxic to aquatic organisms, including fish and invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA. Do not contaminate water when disposing of equipment washwaters.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Only for formulation into insecticides for the following uses: Residential Indoor (including pets) and Residential Outdoor restricted to building surfaces and spot treatments on structures, Indoor Food (food handling establishments) and Non-Food and Commercial, Industrial and Institutional as limited below.

Ready-to-use formulated products for use on pets eligible for re-registration must not contain more than 0.2% pyrethrins or 10% piperonyl butoxide or a percentage of N-octyl bicycloheptene dicarboximide that exceeds the following:

- Shampoos – 1.0% a.i.
- Sprays – 2.5% a.i.
- Spot-on or Pour-on – 1.0% a.i.
- Mousse, soap, lotion, roll-on, or gel – 0.5% a.i.
- Comb – 0.5% a.i.
- Wipe or rub – 1.5% a.i.
- Towelettes – 2% a.i.

Not for formulation into:

- wettable powder end-use products (EUP), unless the EUP is packaged in water soluble bags
- end-use products for use on Terrestrial food and non-food crops
- end-use products for Aquatic uses
- end-use products for use on Greenhouse food crops
- end-use products for Forestry uses
- end-use products for use as Post harvest sprays to food crops
- end-use products for use on Food producing animals or fowl (direct application to meat and dairy animals or their premises when occupied)
- end-use products with directions for use permitting use in power dusters
- dust end-use products for use on pets
- granular end-use products
- end-use products for use in outdoor residential misting systems

This product may be used to formulate products for specific use(s) not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such use(s).

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** If container is damaged: Stop any leaks by repositioning the container or by patching or otherwise repairing the leaks. Take care to avoid contact with pesticide and wear protective gear. On cleanup of spilled liquids, wear protective equipment as required to prevent contact with the product or its vapors. Cover the spilled areas with generous amounts of absorbent material, such as clay, diatomaceous earth, sand, or sawdust. Sweep the contaminated absorbent on to a shovel and put the sweepings into a salvage drum. Dispose of wastes as below. Place leaking container into a similar drum or glass container. Does not store, use, pour, or spill near heat or open flame.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL/HANDLING:** Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then, offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.
