Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 – Adding an Alternate Brand Name, Updating Company Address, Fixing Typographical Errors, etc.
Product Name: Envi ACU Contact Insecticide
EPA Registration Number: 89459-59
Application Date: October 13, 2015
OPP Decision Number: 510110

Dear Ms. Hood:

The U.S. Environmental Protection Agency (EPA) is in receipt of your application for notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Biopesticides and Pollution Prevention Division (BPPD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped “Notification” and will be placed in our records. The alternate brand name EcoPCO® ACU Insecticide has been added to the product’s records. You must submit one (1) copy of the final printed labeling with the modifications.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

~~For Medical Emergencies Only, Call: 866-257-4118~~

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from fire, sparks and heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

ENVIRONMENTAL HAZARDS

For terrestrial uses: Do not apply to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Shake well before using. This product is a contact spray and will not prevent reinfestation of any listed pest in any treated area. Insects must be contacted by spray in order to ensure 100% mortality.

For Crawling Insects: Crack/Crevise and Void Treatments: Important – Use the injector nozzle tip provided. To kill ants (including southern fire ants, carpenter ants, and nuisance ants including Argentine, thief, little black, big-headed, pavement, leafcutter, acrobat, odorous house, velvety tree, pyramid, field, crazy, cornfield and large yellow ants), bed bugs, cat fleas, brown dog ticks, cockroaches (including American cockroaches and German cockroaches), spiders (including cellar spiders and wolf spiders), European earwigs, carpet beetle larvae, field crickets, silverfish, and occasional invaders (including centipedes, millipedes, crickets, earwigs, pillbugs, sow bugs and lady beetles), inject into all crack/crevice and void spaces where insects are present. Applications can be made, but are not limited to, behind baseboards, cabinets, walls, ceilings, around doors and window frames, behind and under refrigerators, cabinets, sinks and stoves, and around water pipes and appliances. Insects contacted by spray will be killed. Ensure contact with as many insects as possible. Do not apply to any surface where food is prepared or served. **Fire ants and carpenter ants:** This product will not kill ant queens or ant colonies. **Fleas and Brown Dog Ticks:** Hold can approximately 12 inches (30 centimeters) above surface area and apply uniformly to infested areas including carpets, rugs, cloth upholstery and pet bedding. Contact fleas and ticks directly to kill these pests.

For Pantry Pest Treatments: Non-food use only. Use this product to kill pantry pests (including beetles, moths, mites and weevils). Do not use in commercial food/feed handling establishments, restaurants, or other places where food/feed is commercially prepared, processed or stored. Limit treatments to residential food storage areas. Do not use on food preparation surfaces. Apply only as a crack/crevice treatment or as a spray to the cracks, corners and surfaces of pantry shelves.

Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow treated surfaces to dry and cover shelves with clean paper before replacing any utensils, foodstuffs or other items. Destroy any foodstuff accidentally contaminated with treatment solution.

For Flying Insect Treatments: To kill house flies and southern house mosquitoes, aim spray toward flying insect infestations contacting as many insects as possible. Insects contacted by spray will be killed. Wipe away excess spray after application. Remove people and pets from the area to be treated. Avoid spraying plants.

For Bed bug Treatments: Remove bedding materials. Take bed apart and treat cracks, joints and interior of framework. Treat mattresses and box springs; especially around tufts, folds, seams and edges. Treat baseboards, moldings, floors, and all cracks and crevices in the room. Let spray dry before putting bedding materials back on. Repeat treatment as necessary.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry area away from heat or open flame.

Pesticide Disposal: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Disposal: Do not puncture or incinerate! Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

Questions or comments: [Call 1-800-248-7763 weekdays 9am to 5pm CST](tel:1-800-248-7763)

WARRANTY STATEMENT: To the fullest extent permitted by law, the manufacturer disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product. To the fullest extent permitted by law, buyer assumes all responsibility for safety and use not in accordance with label, directions and Precautionary Statements.
