

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

89459-97

Date of Issuance:

5/24/18

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

RF2240 AZ Aerosol

Name and Address of Registrant (include ZIP Code):

James McFadden
Director of Regulatory Affairs
Central Garden & Pet
1501 E. Woodfield Rd, Suite 200 West
Schaumburg, IL 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Venus Eagle, Product Manager 01
Invertebrate and Vertebrate Branch 3, Registration Division (7505P)

Date:

5/24/18

2. You are required to comply with the data requirements described in the DCI identified below:

a. Acetamiprid GDCI-099050

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

4. Make the following label changes before you release the product for shipment:

- Revise the EPA Registration Number to read, "EPA Reg. No. 89459-97."

5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 03/07/2017

If you have any questions, please contact Marianne Lewis by phone at (703) 308-8043 or via email at lewis.marianne@epa.gov.

Enclosure

[FRONT PANEL]
RF2240 AZ Aerosol

- [Attracts and] KILLS: Small Fruit or Vinegar Flies
- Easy To Use
- No odor
- Convenient Spray
- Band applications
- Use in labeled areas where granular baits and traps are not appropriate
- Compatible [complements] IPM programs
- Ready to use small fruit or vinegar fly bait

FOR USE IN AND AROUND THE NON-FOOD AREAS OF RESIDENTIAL, COMMERCIAL AND INDUSTRIAL BUILDINGS TO KILL SMALL FRUIT OR VINEGAR FLIES:

Use in And Around Non-Food areas of Condominiums, Apartments, Houses, Mobile Homes, Hotels, Motels, Resorts, Day Care Facilities, Nursing Homes, Hospitals, Office Buildings, Garages, Garbage Dumps, Museums, Pavilions, Outdoor Living Areas, Research Facilities, Terminals, Trains, Trucks, Utilities, and Warehouses. Use in Garbage or Refuse Containers and Receptacles where small fruit or vinegar flies may congregate.

ACTIVE INGREDIENTS:

Acetamiprid (CAS# 135410-20-7).....	0.50%
Z-9 tricosene (CAS# 27519-02-4).....	0.05%

OTHER INGREDIENTS:.....99.45%

TOTAL: 100.00%

KEEP OUT OF REACH OF CHILDREN

[BACK/SIDE PANEL]**PRECAUTIONARY STATEMENTS****Personal Protective Equipment (PPE)**

Applicators and other handlers must wear the following:

- long-sleeved shirt
- long pants
- shoes and socks

In addition to the above PPE, applicators and other handlers must wear chemical resistant gloves made out of: barrier laminate, butyl rubber ≥ 14 mils, nitrile rubber ≥ 14 mils, neoprene rubber ≥ 14 mils, natural rubber ≥ 14 mils, polyethylene, polyvinyl chloride ≥ 14 mils, or viton ≥ 14 mils.

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry

Discard clothing and other absorbent material that have been drenched or heavily contaminated with this product. Do not reuse them

User Safety Recommendations

User should wash hands before eating drinking chewing gum using tobacco or using the toilet. User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are foraging in the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Read entire label before using. Use strictly in accordance with Directions for Use, and applicable state and federal regulations. Apply only in areas out of reach of children and pets. **Shake well before each use.**

Product Information

This product is an aerosolized bait formulated to attract and kill small fruit or vinegar flies. Use in non-food areas in commercial and residential areas out of reach of children, pets and animals which includes: garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas.

This product can be used as an area surface treatment inside and outside of dumpsters and as a band treatment on areas such as window sills and window frames where small fruit or vinegar flies may congregate.

Apply in several locations within a facility, concentrating on areas where small fruit or vinegar flies are seen and where garbage or other filth collects. Avoid application to windy areas, as small fruit or vinegar flies avoid these areas.

For all application sites keep treatments out of the reach of children, pets and other animals.

USE RESTRICTIONS

- Do not apply to surfaces that may reach excessive temperatures. Examples include heaters, boilers, hot water pipes, lighting, motors and engines, and machinery.
- Do not apply to electronic equipment or other areas where electrical short circuit could occur.
- Do not apply to food or in food/feed handling areas or storage surfaces.
- Do not apply directly to animals, or to areas where animals may contact sprayed bait.

AREA TREATMENT: To treat portions of infested areas where small fruit or vinegar flies congregate or roost, point can toward target surface from a distance of approximately 10-12 inches, press down actuator and apply a thin film. Move the can across the application area in a sweeping motion at a rate of about 2 linear feet per second to apply a light glaze of bait. To prevent the bait from pooling or dripping do not spray back and forth over the same area, or spray continuously at a single spot. Treatment areas include surfaces out of the reach of children, pets and animals on walls, ceilings, doorways, garbage cans and lids, dumpsters, windows, window frames and sills, and other areas where groups of small fruit or vinegar flies are seen. Do not apply bait in areas that are often cleaned. Bait will not adhere well to dusty or greasy areas. Reapply when bait glaze is no longer visible, or if flies re-infest the area. Use a damp paper towel to remove unwanted bait placements, and dispose of it in the trash.

BAND TREATMENT: To leave a thicker glaze, spray from a distance of approximately 6" from target area, using a rate of about 2 linear feet per second. Band treatments may be made to narrow areas out of reach of children, pets and animals, on areas such as fence posts or window sills, around windows and window frames, and other areas where groups of small fruit or vinegar flies land or roost. Reapply when bait placements are no longer visible and/or re-infestation occurs. Use a damp paper towel to remove unwanted bait placements, and dispose of in the trash.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry area away from heat or open flame and inaccessible to children.

PESTICIDE DISPOSAL AND CONTAINER HANDLING : **DO NOT** puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

For product information or in an emergency, call 1-800-347-8272/1-800-248-7763.

WARRANTY AND CONDITIONS OF SALE:

Seller warrants that this product conforms to the chemical specifications expressed on the label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller's liability for default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.
