CENTRAL GARDEN & PET COMPANY

Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Notification to add marketing claims  
Product Name: RF2240 AZ Aerosol II  
Admin Number: 89459-128  
EPA Receipt Date: 09/29/2025  
Action Case Number: 00671819

Dear Noelle Sanfilippo:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Cassandra Luna via email at [luna.cassandra@epa.gov](mailto:luna.cassandra@epa.gov).

Sincerely,

*Ralph Narain*

Ralph Narain, Entomologist/Risk Manager

## [BACK/SIDE PANEL]

### PRECAUTIONARY STATEMENTS

#### Personal Protective Equipment (PPE)

Applicators and other handlers must wear the following:

- Long-sleeved shirt
- Long pants
- Shoes and socks

#### User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product. Do not reuse them.

#### User Safety Recommendations

User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are foraging in the treatment area.

### PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Read entire label before using. Use strictly in accordance with Directions for Use, and applicable state and federal regulations. Apply only in areas out of reach of children and pets. **Shake well before each use.**

## Product Information

This product is an aerosol spray formulated to kill house flies, lesser house flies, fruit flies, dark-eyed fruit flies, or vinegar flies. Use in non-food areas, in areas out of reach of children, pets, and animals in animal confinement facilities (i.e. cattle, dairy, swine, poultry, horse, etc.).

This product can be used as a spot/band treatment on areas such as barn walls or inside and outside of dumpsters, fence posts or window sills where listed flies may congregate.

Apply in several locations within a facility, concentrating on areas where flies are seen and where garbage or other filth collects. Avoid application to windy areas, as flies avoid these areas. For residual control of flies up to 30 days, product should be protected from rain and direct sunlight and applied to non-porous surfaces.

### USE RESTRICTIONS

- Do not apply to surfaces that may reach excessive temperatures. Examples include heaters, boilers, hot water pipes, lighting, motors and engines, and machinery.
- Do not apply to electronic equipment or other areas where electrical short circuit could occur.
- Do not apply to food or feed handling or storage surfaces.
- Do not apply directly to animals or to areas where animals may contact sprayed bait.
- For all application sites, keep treatments out of the reach of children, pets and other animals.

**BAND/SPOT TREATMENT:** Band/spot treatments may be made to narrow areas out of reach of animals, such as fence or support poles, beams, ledges, door jambs, around windows and window frames, along foundations or low on walls, walkways in caged layer houses and other areas where flies land or roost. Spray from a distance of approximately 6" from target area, using a rate of about 3 linear feet per second. (0.004 g a.i./ft<sup>2</sup>)

A thicker glaze band treatment is required to kill house flies and lesser house flies. To leave a thicker glaze, spray from a distance of approximately 6" from target area, using a rate of about 2 linear feet per second. (0.005 g a.i./ ft<sup>2</sup>)

Reapply when bait placements are no longer visible and/or re-infestation occurs, but no more than 10 times per year. Use a damp paper towel to remove unwanted bait placements and dispose of in the trash.

For residual control of up to 30 days, product should be applied to non-porous surfaces protected from rain and direct sunlight.

**STORAGE AND DISPOSAL**

**DO NOT** contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry area away from heat or open flame and inaccessible to children.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING :** **DO NOT** puncture or incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

For product information or in an emergency, call 1-800-347-8272/1-800-248-7763.
