

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

89459-129

Date of Issuance:

4/5/21

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

RF2307 WH SPRAY

Name and Address of Registrant (include ZIP Code):

James McFadden, Ph.D.
 Director, Regulatory Affairs
 Central Garden & Pet
 1501 E. Woodfield Road, Suite 200 West
 Schaumburg, IL 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 4
 Invertebrate-Vertebrate Branch 1
 Registration Division
 Office of Pesticide Programs

Date:

4/5/21

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 89459-129.”
4. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 01/10/2020

If you have any questions, you may contact Robert Mitchell at 703-347-0404 or via email at mitchell.robert@epa.gov.

[INDICATES OPTIONAL TEXT]

SUBLABEL A: OCCUPATIONAL USE

RF2307 WH SPRAY

For Outdoor Use around: residential, commercial and institutional areas such as decks,patios, garages, yards, housing complexes, government buildings, warehouses, nursing and assisted living facilities, office buildings, schools, daycare facilities, and libraries

For use only in non-habitable areas indoors

Dissipating Foam Formulation

Foaming Formulation

Aerosol

Quick Kill / Knockdown

Quickly kills on contact and provides residual activity

Foaming formulation provides residual activity

Jet Spray - Will reach nests up to 20 feet away

Can be used Indoors in non-habitable areas (attics and other places where nests are built) and

Outdoors on Wasp & Hornet Nests

Kills Wasps, Hornets, and Yellow Jackets

Kills by contact

Contains etofenprox

[Power][Foaming] Jet Spray

Foam stops wasp & hornets by contact

Also kills [insert listed pests]

Won't harm pollinators when used as directed

Non-staining

Guaranteed to work or your money back

Value Size

Dielectric Breakdown: 1,600 volts

ACTIVE INGREDIENTS:

Etofenprox 0.5%

Tetramethrin 0.2%

Piperonyl Butoxide* 1.0%

OTHER INGREDIENTS:** 98.3%

TOTAL: 100.0%

* (butylcarbityl)(6-propylpiperonyl) ether and related compounds

**Contains petroleum distillates

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See Additional Precautions on Side Panels

NET CONTENTS:

EPA Reg. No. 89459-XXX
EPA Est. No.

[SHAKE WELL BEFORE USING]

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wear protective eyewear. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Personal Protective Equipment (PPE):
Applicators and other handlers must wear

- Long-sleeve shirt,
- Long pants,
- Shoes and socks
- Waterproof gloves

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with the product. Do not reuse them.

User Safety Recommendations

Remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID	
IF IN EYES:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
IF ON SKIN:	<ul style="list-style-type: none"> • Take off contaminated clothing • .Rinse skin immediately with plenty of water for 15-20 minutesCall a poison control center or doctor for treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
NOTE TO PHYSICIAN: Contains Petroleum Distillates – vomiting may cause aspiration pneumonia.	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies, call the poison control center at 1-800-222-1222. For general information about this product, call 1-XXX-XXX-XXXX [may include hours of service], or contact the National Pesticides Information Center (NPIC) at 1-800-858-7378, Monday through Friday, 8 AM to 12 PM PST, or at http://npic.orst.edu .	

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and runoff may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment/product. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively foraging in the area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flames. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

Do not apply this product around electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH ALL LABEL PRECAUTIONS AND DIRECTIONS.**

USE RESTRICTIONS:

Do not apply indoors in habitable portions (areas) of domestic/residential dwellings, - homes, residences, apartments, hotels, schools, daycare centers, housing complexes and assisted living facilities

Do not enter or allow others to enter the treated area until sprays have dried.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift.

Only protected handlers may be in the area during application.

Do not make applications during rain.

Not for use in, around or near floor drains or in sewers.

Do not apply indoors in habitable portions (areas) of domestic/residential dwellings, i.e., homes, residences, apartments, hotels, etc.

Remove [livestock] [and] [pets] [and] birds before spraying indoors.

DO NOT TREAT ANIMALS WITH THIS PRODUCT.

Use [RF2307 WH Spray] [This product] to kill wasps, hornets, yellow jackets, bees, and other pests outdoors.. Indoor locations would be identified non-habitable areas such as attics, steeples, mechanical rooms, barns, sheds, non-food/non-feed warehouses, garages, and carports.

Prior to treatment, shake can well, hold can upright and, stand at a safe distance from nests. If outside stand upwind. Spray away from self and others. To apply at the maximum rate, spray for about 2 seconds to cover a space of 1 sq ft. This product is generally non-staining, but test product in a small, inconspicuous area to determine if staining potential exists.

WASPS, HORNETS, AND YELLOW JACKETS

Wasps

Spray nest until thoroughly wet. Wasps on the nest will fall quickly to the ground; wasps returning to the nest will be killed by the residual action of the spray. Wait 24 hours before removing nest.

Hornets

Hornets build nests under eaves, in trees, shrubs, and ivy, and in outdoor sheltered spaces of buildings. It is best to wait until dusk or early morning to treat as hornets are less active at that time. Locate entrance hole in the nest, and thoroughly spray the entrance hole. Spraying the outside of the nest and not the entrance hole will not have the desired effect and may cause the hornets to attack. For best results for large nests, repeat application.

Yellow Jackets

Yellow jackets typically build nests in the ground or in tree stumps, landscape timbers, and railroad ties. Locate entrance holes, note that there may be more than one. Wait until dusk or early morning to spray. Spray entrances thoroughly. For best results for large nests, repeat application.

OTHER OUTDOOR PESTS

Tent Caterpillars

Treat webs in late afternoon when caterpillars return and spray tent until soaked.

Ants

Spray ants, building foundations, and locations where ants are entering a building. Directly hit as many ants as possible with the spray.

Cockroaches

Treat for cockroaches at locations where they live and potential entry points, such as areas where outside plumbing enters the building and cracks or crevices in the foundation. Spray cockroaches directly when seen.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store near heat or open flame. Store in cool dry area away from children.

DISPOSAL: Do not puncture or incinerate! **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

For more information or in case of emergency, call 1-800-XXX-XXXX or visit our Web site: www.zoecon.com.

WARRANTY: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages. To the extent consistent with applicable law, Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.

[Manufactured for]:

Central Garden & Pet Company
1501 East Woodfield Road 200 West
Schaumburg, Illinois 60173

Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellants in aerosols.
