

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Biopesticides and Pollution Prevention Division (7511P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:
89459-133

Date of Issuance:
2/7/2022

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:
Unconditional

Name of Pesticide Product:
RF2338 L Candle

Name and Address of Registrant (include ZIP Code):

Central Garden & Pet Company
1501 E. Woodfield Rd
Suite 200W
Schaumburg, IL 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Biopesticides and Pollution Prevention Division prior to use of the label in commerce. In any correspondence on this product, always refer to the above EPA Registration Number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA or the Act).

Registration is in no way to be construed as an endorsement or recommendation of this product by the U.S. Environmental Protection Agency (EPA). In order to protect health and the environment, the Administrator, on his or her motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under the Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration or registration review of your product when the EPA requires all registrants of similar products to submit such data.

Signature of Approving Official:

Andrew Bryceland, Team Leader
Biochemical Pesticides Branch
Biopesticides and Pollution Prevention Division (7511P)
Office of Pesticide Programs

Date:

2/7/2022

2. Make the following labeling change before you release this product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 89459-133.”
3. Submit storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) data as these data requirements are not satisfied. A one-year study is required to satisfy these data requirements. You have 18 months from the date of this registration to provide these data to the EPA.
4. Submit one (1) copy of the final printed labeling for the record before you release this product for shipment.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6. A stamped copy of the labeling is enclosed for your records. Please also note that the record for this product currently contains the following acceptable Confidential Statements of Formula (CSFs):

- Basic CSF dated 02/15/2021
- Alternate CSF dated 10/20/2021

Any CSFs other than those listed above are superseded.

If you have any questions, please contact Cheryl Greene via email at greene.cheryl@epa.gov.

Sincerely,

Andrew Bryceland, Team Leader

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For outdoor use or for use in semi-enclosed areas such as porches and patios. Place candles around the perimeter of the area to be protected. Use (1 candle per 13 square feet) (2 candles per 25 square feet) (3 candles per 38 square feet) (4 candles per 50 square feet) (5 candles per 63 square feet) (6 candles per 75 square feet) (7 candles per 88 square feet) (8 candles per 100 square feet) (9 candles per 113 square feet) (10 candles per 125 square feet) . [Coverage values may be placed in a table.] Place candle(s) on a heat-resistant surface, away from anything flammable, and out of reach of children and pets. Keep wick trimmed to ¼ inch (6 mm) at all times. (Container) (Candle) may become hot; handle carefully. (Do not blow out or extinguish with water,) smother flame to extinguish. Never leave a burning candle unattended.

For maximum protection light candles and allow a molten pool of wax to fully form around the wick, approximately 20 to 30 minutes. Mosquitoes are (blocked) (inhibited) (disoriented) by the inhibitor plume produced by the candle(s). If you can smell the fragrance from the candle, you are in the inhibitor plume. [Burns (for) (up to) (40) hours {12.5 oz size}. (Up to 40 hours burn time. {for 12.5 oz candle})] [Burns (for) (up to) (25) hours {8 oz size}. (Up to 25 hours burn time. {for 8 oz candle})]

ASTM Standard F-2058

(Exclamation in triangle) WARNING To Prevent Fire:

- Burn within sight.
- Keep away from children.
- Keep away from things that catch fire
- Wait until candle and wax cool completely before discarding in trash.

{Size and placement of the text/pictogram must follow guidelines established in ASTM F-2058
