

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

89459-135

Date of Issuance:

2/23/22

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

RF2322 D Plus Gel

Name and Address of Registrant (include ZIP Code):

James McFadden, Ph.D.
 Central Garden & Pet
 1501 East Woodfield Road, Suite 200 West
 Schaumburg, Illinois 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Sincerely, 
 Gene Benbow, Product Manager 7
 Invertebrate & Vertebrate Branch 3
 Registration Division (7505P)
 Office of Pesticide Programs

Date:

2/23/22

2. You are required to comply with the data requirements described in the DCI identified below:

a. Dinotefuran GDCI-044312-1147

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

4. Make the following label changes before you release the product for shipment:

- Revise the EPA Registration Number to read, "EPA Reg. No. 89459-135."

5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 03/11/2021

If you have any questions, please contact Kevin Ulrich by phone at (202) 566-2944, or via email at ulrich.kevin@epa.gov.

Enclosure: Stamped Label

Read Entire Label Before Use

PRECAUCION AL USUARIO:

Si usted no entiende la etiqueta, busque a alguien para que se la explique a Usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

NET CONTENTS: X 30 g tubes [X pack] [X g]

EPA Reg. No. 89459-XXX

EPA Est. No.

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS

This pesticide is toxic to shrimp and aquatic invertebrates. Do not apply directly to water, areas where surface water is present or to intertidal areas below the mean high water mark. Drift or run off from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment. Do not apply this product if bees are actively foraging in the treatment areas.

PHYSICAL OR CHEMICAL HAZARDS

Do not use product in or on electrical equipment where a possibility of shock or electrocution hazard exists. Do not use near strong oxidizing agents.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH ALL LABEL PRECAUTIONS AND DIRECTIONS.

USE RESTRICTIONS:

Keep out of excessive sunlight.

Do not apply to surfaces which may reach excessive temperatures such as hot water pipes or stoves

Do not apply this product in a way that will contact workers or other persons.

Do not apply this product where it is accessible to children or animals.

Do not make applications during rain.

Application in food or feed establishments is limited to crack and crevice, or void treatments.

Do not apply where bait may contaminate food, feed, or water sources.

PRODUCT INFORMATION

Use [RF2322 D PLUS GEL] [This product] to kill listed nuisance ants indoors and outdoors. Indoor locations would be identified as residential, commercial, industrial, and institutional areas. Indoor locations include but are not limited to; cafeterias, commercial and industrial buildings, commercial kitchens, daycare facilities, food or feed establishments, garages, garbage rooms, government buildings, hospitals, hotels, housing complexes, kitchens, laboratories, lavatories, libraries, locker rooms, motels, nursing and assisted living facilities, office buildings, pantries, residential buildings, retail establishments, schools, single and multi-family residences, supermarkets, transportation equipment such as aircraft, trains, ships, boats, buses and other similar sites, vestibules, warehouses, wall voids, attics and crawl spaces. Outdoor locations include, but are not limited to; decks, gardens, lawns, patios, landscaped or hardscaped areas, yards, zoos. Inspections around the outside of structures may reveal ant entry points, remove these points when possible.

[RF2322 D PLUS GEL] [This product] is a ready to use bait formulation for the indoor and outdoor control of nuisance ants (excluding fire, carpenter, Pharaoh, and harvester ants). This bait contains a unique combination of dinotefuran and [the] [IGR] [s-methoprene]. When ants eat the bait, they bring it back to the colony and share the active ingredients to other members of the colony.

[RF2322 D PLUS GEL] [This product] has been formulated to be attractive to a wide variety of ant species. Species killed by this bait include: Acrobat ants, Allegheny mound ants, Argentine ants, bigheaded ants, black turf ants, citronella ants, cornfield ants, crazy ants, field ants, ghost ants, honey ants, lawn ants, little black ants, odorous house ants, pavement ants, pyramid ants, Southern ants, thief ants, white-footed ants, rover ants, and other nuisance ants (excluding fire, carpenter, Pharaoh, and harvester ants).

APPLICATION METHOD

To use [RF2322 D PLUS GEL] [This product], remove one syringe of bait from the container. Remove the cap from the tip of the syringe. Place the applicator plunger into the end of the syringe, push plunger down to dispense desired amount of bait. Applicator plunger can be removed and re-used for each included syringe.

Apply bait in spots or strips of bait near actively foraging ants, mound entrances, or nest sites. Make numerous bait placements near foraging ants. Each spot should be at least 0.1 g (~¼ inch spot). Strips should be 1-2 inches long. Bait may be placed into voids, cracks and crevices where ants are observed or suspected. Total bait applied will depend on severity of infestation. Bait can be applied to vertical or horizontal surfaces, in warm weather on vertical surfaces bait may run. Apply bait directly onto surfaces or in a suitable bait station. Product may stain some surfaces, always test on an inconspicuous area before treating wider areas. Re-apply bait as consumed with high ant pressure, with low ant pressures make fresh applications as needed.

For food or feed areas of food or feed handling and packaging facilities, apply only as a crack and crevice or void treatment. Apply by dispensing bait into cracks and crevices where ants are observed entering facilities. Do not apply in locations where food or feed may be contaminated, and do not apply where normal activities (washing, cleaning, food or feed preparation, etc.) would cause bait to be washed or removed from placements.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **PESTICIDE STORAGE:** Store in cool dry area away from children.

Pesticide Disposal: Waste resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. **Container Handling:** Dispose of in trash or offer for recycling if available.

For more information or in case of emergency, call 1-800-XXX-XXXX [or visit our Web site: www.zoecon.com].

WARRANTY: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages. To the extent consistent with applicable law, Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
