

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (7505T)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

89459-140

Date of Issuance:

8/26/25

NOTICE OF PESTICIDE:

☒ Registration

☐ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

RF2319 PEP Plus Aerosol

Name and Address of Registrant (include ZIP Code):

Central Garden & Pet Company
1501 East Woodfield Road, Suite 200W
Schaumburg, IL 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Continues page 2

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)

Date:

8/26/25

2. You are required to comply with the data requirements described in the generic data call-in (GDCI) or endocrine disruptor screening program (EDSP) order identified below:
 - a. Etofenprox GDCI-128965-954
 - b. Prallethrin GDCI-128722-5418
 - c. PBO GDCI-067501-26641

You must comply with all of the data requirements within the established deadlines. If you have questions about the orders listed above, you may contact the Chemical Review Manager in the Pesticide Re-Evaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. You have 18 months from the date of registration to provide these data.
4. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 89459-140."
5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance. If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

- Basic CSF dated 6/27/2022
- Alternate 1 CSF dated 6/27/2022

If you have any questions, please contact Autumn Metzger at Metzger.autumn@epa.gov.

Etofenprox	GROUP	3A	INSECTICIDE
-------------------	--------------	-----------	--------------------

RF2319 PEP Plus Aerosol

A C C E P T E D

08/26/2025

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. **89459-140**

- Water Based Formula
- [No lingering chemical odor]
- [Leaves no chemical odor]
- [Won't stain or discolor]
- [Non-staining]
- [Kills by Contact]
- [Does not stain]
- [Pressurized spray (for general use indoors and in outdoor residential areas)]
- Contains Synergized Etofenprox and Prallethrin
- [Kills Silverfish, Carpet Beetles, Sowbugs and Asian Lady Bird Beetles]
- [Kills German Cockroaches on Non-Porous Surfaces for 12 Weeks (3 Months)]
- [Keeps killing German Cockroaches for up to 12 Weeks (3 Months) on non-porous surfaces]
- [Contact, crack and crevice and non-porous spot treatment]
- [Kills listed crawling insects]
- [Kills German Cockroaches [in] [the[ir]] [hiding places] [nest] [at the source]]
- [Treats cracks (and crevices) where listed pests hide]
- (duplicate)[No oily residue]
- [Kills listed crawling insects by contact]
- [Odorless]
- [Kills and protects]
- Kills [Controls] preadult fleas
- Kills immature fleas
- Kills [Controls] flea larvae
- Contains PRECOR® Insect Growth Regulator Plus adulticides Contains [With][Plus] PRECOR® Insect Growth Regulator [IGR]
- Stops hatching flea larvae from developing into adult fleas for 210 days [30 weeks] [7 months]
- Effectively breaks the flea life cycle
- For use indoors in: [Buildings and structures including] [residential] homes, apartments, garages, kennels, nonfood/feed areas of hotels, motels, hospitals, laboratories, schools, warehouses, commercial, industrial, or office buildings and modes of transport including vessels, rail cars, buses, truck, and trailers.
- Kills wasps, hornets, yellowjackets, brown marmorated stink bugs, and asian lady beetles

ACTIVE INGREDIENTS:

EPA Est. No.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Personal Protective Equipment (PPE):

Applicators must wear

- Long-sleeve shirt,
- Long pants,
- Shoes and socks
- Chemical resistant gloves made of barrier laminate, nitrile rubber \geq 14 mils, neoprene rubber \geq 14 mils, and viton \geq 14 mils.

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent material that have been drenched or heavily contaminated with the product's concentrate. Do not reuse them.

User Safety Recommendations

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. If pesticide gets on skin, wash immediately with soap and water. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

IF ON SKIN OR CLOTHING

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 1-800-222-1222 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish and aquatic invertebrates. Do not contaminate water when disposing of equipment, washwater, or rinsate. See Directions for Use for additional precautions and requirements. This product is highly toxic to bees and other pollinating insects exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees or other pollinating insects are actively foraging in the area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH ALL LABEL PRECAUTIONS AND DIRECTIONS.

USE RESTRICTIONS

For indoor uses, and outdoor uses in residential areas only.

Not for use in outdoor commercial areas.

Do not enter or allow others to enter until sprays have dried.

Do not remain in treated area. Exit area immediately and remain outside the treated area until sprays have dispersed.

Do not make space spray applications when facility is in operation.

Do not wet articles to point of runoff or drip.

Do not use treated article until spray has dried.

Do not apply when food is present.

Prior to space spray application, remove or cover dishes, utensils, food processing equipment, and food preparation/processing surfaces, or clean after treatment and before use.

Do not allow to enter any indoor or outdoor drains. (No permita la entrada a desagües internos o externos.) Follow proper disposal procedures on this label. (Siga las indicaciones del etiquetado para el desecho apropiado del producto.)

Do not apply directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.

Do not allow the product to enter any drain during or after application.

Do not use in aircraft cabins.

Spray to wet, avoiding pooling or spray to slightly wet without soaking

Do not apply to classrooms when in use. Do not apply to patient rooms in hospitals and nursing homes while occupied. Do not use in structures (barns, stables) that house food-producing animals or animals that may be used for food or feed. For use in the non-food and non-feed areas of food and feed handling establishments. Non-food and non-feed areas of food and feed establishments are areas such as garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning and bottling). Do not use in food or feed areas of food or feed handling establishments, restaurants, or other areas where food or feed is commercially prepared or processed. Do not use in serving areas. Serving areas are areas where prepared foods are served, such as dining rooms but excluding areas where foods may be prepared or held.

Do not spray the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment. Do not apply or irrigate after application to the point of runoff.

Do not water the treated area to the point of run-off.

Not for use in outdoor residential misting systems or metered release systems.

Do not make applications during rain.

Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours).

Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

Do not apply when the wind speed is greater than 15 mph.

Repeat indoor treatments to infested areas as necessary at intervals of 14 days or greater.

Do not make more than six applications per site per year.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift.

Remove pets, birds, and cover fish aquariums before spraying

Only protected handlers may be in the area during application

FOR INDOOR SPOT OR CRACK AND CREVICE TREATMENT

Residential and Commercial Buildings: Auditoriums, Basements, Bathrooms, Garbage Receptacles, Garbage Handling Equipment, Homes, Apartments, Bedrooms, Utility Rooms, Jails, Prisons, Storage facilities, Production areas. **Transportation:** Buses, Cars, Shipping Containers, Animal, Produce and Dry Goods Trailers, Ship and Ship Holds, Equipment, Trains, Trucks.

(DIRECTIONS FOR TWO ALTERNATE SPRAY NOZZLES)

(OPTION 1) U-STRAW DFU:

INDOORS: Hold container with nozzle pointed away from you. Can be used as a spot or crack and crevice treatment. For applications as a crack and crevice using supplied extension tube in actuator, apply product from a maximum distance of 12 inches at a rate of 1 second per linear foot. For application as a spot spray, use actuator. For application as a spot spray, treat until slightly wet, about 2 seconds per spot from a distance of 8-12 inches. The 360° valve allows the product to be sprayed upright or upside down to facilitate applications.

(OPTION 2) BUTTON ACTUATOR DFU:

INDOORS: Remove protective cap. Make a test application in an inconspicuous place before use. Spray RF2319 PEP PLUS AEROSOL [Brand Name] from 12 inches away from spot being treated. A fine mist spray that is evenly applied will do the job properly. Do not spray wood furniture, floors, or trim as water spotting may occur.

FOR USE INDOORS

RESIDUAL GERMAN COCKROACH CONTROL

Hold can 12 inches from the surface to be sprayed. Spray as a spot or crack and crevice treatment where German cockroaches generally crawl or reside in hidden areas around sinks and storage areas, behind and along baseboards, around windows and doors, behind and under refrigerators, cabinets, sinks and stoves, and under shelves. Do not apply as a broadcast spray. Apply until surface is wet but not to the point of runoff. Use an application rate of 1 gram per 16 sq. inches. Product is efficacious against German cockroaches within 48 hours of exposure. Apply every three months to non-porous surfaces.

TO KILL IMMATURE FLEAS. DO NOT TREAT ANIMALS WITH THIS PRODUCT. Remove and destroy old pet bedding. Spot treat sleeping quarters of pets. Do not allow pets to use treated

areas until spray has dried. Replace bedding with clean or new material. Treat pets with a product registered for animal application to control the source of flea and tick infestation.

RF2319 PEP PLUS AEROSOL [Brand Name] kills hatching flea eggs and flea larvae, PRECOR®, the ingredient in RF2319 PEP PLUS AEROSOL [Brand Name] provides 210 days' protection by preventing eggs from ever developing into biting fleas. For best results, treat pets with a product registered for animal application to control the source of flea and tick infestation.

TO KILL CARPET BEETLES, SILVERFISH, SOWBUGS, BROWN MARMORATED STINK BUGS and ASIAN LADY BEETLES: Hold can 12 inches from the surface to be sprayed. Spray as a spot or crack and crevice treatment at a rate of 1 second per linear foot.

FOR USE OUTDOORS

FOR RESIDENTIAL OUTDOOR SPOT OR CRACK AND CREVICE TREATMENT

Residential Areas: All outdoor spray applications must be limited to spot or crack-and-crevice treatments.

Spot treatments must not exceed two square feet in size (for example, 2 ft by 1 ft or 4 ft by 0.5 ft).

To treat insects harbored in voids and cracks-and-crevices, application must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

PESTS ON OUTSIDE SURFACES OF RESIDENTIAL BUILDINGS – To kill, Silverfish, Sowbugs and Asian Lady Bird Beetles Spray pests directly or spray foundation of buildings where insects are active and may find entrance up to a height of 2 feet and up to 7 feet out. RF2319 PEP PLUS AEROSOL [Brand Name] may be applied as a spot, crack and crevice, or void treatment to outside surfaces. Do not apply as a broadcast spray. Spray outside surfaces of buildings where insects tend to congregate. Use under eaves, screens, window frames, doors, patios, cracks, holes, or crevices wherever insects are noticed, spray for about 1-2 seconds or until surfaces are moist. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, garages and refuse dumps. Repeat treatment as necessary, but not more than once per week. Treatment must contact insects to be effective.

OUTDOORS: To kill wasps, hornets and yellowjackets hold container with nozzle pointed away from you. Spray at a distance of 12 inches for approximately one second to directly contact the insects. (Average application rate of 1.6 g of product per second.) Product is efficacious against wasps, hornets and yellowjackets within 24 hours of exposure.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Do not store near heat or open flame. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

CONTAINER HANDLING: Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

WARRANTY: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

SUBLABEL B: RESIDENTIAL USE

RF2319 PEP PLUS Aerosol

- Kills stink bugs Brown Marmorated Stink Bugs (BMSB), Asian Lady Bettles and Box Elder Bugs
- Kills wasps, hornets, yellowjackets, brown marmorated stink bugs, and Asian lady beetles
- Spray and kill
- Spray for Indoors and outdoor residential areas
- Spot treatment
- [A broad spectrum insecticide] highly effective against Carpet Beetles, Crickets, Earwigs, Firebrats, Flour Beetles, Grain Beetles, Pillbugs, Silverfish, Sowbugs, and other listed crawling insects
- Economical Do-It-Yourself Pest Control
- 360° coverage
- 360° valve allowing upside down spraying capability
- Kills [Controls] preadult fleas
- Kills [Controls] flea larvae
- Kills immature fleas
- Contains PRECOR® Insect Growth Regulator Plus adulticides Contains [With][Plus] PRECOR® Insect Growth Regulator [IGR]
- Stops hatching flea larvae from developing into adult fleas for 210 days [30 weeks] [7 months]
- Effectively breaks the flea life cycle
- For Use in the Home/Garage/Kennel to Control listed bugs
- Use on carpets, rugs, upholstery, drapes & other places where flea eggs may hide
- For use in and around non-food residential areas such as homes, garages, automobiles, kennels, on pet bedding, furniture, and other inanimate objects infested with listed insects, out buildings, barns, and apartment buildings.
