

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505T)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

89459-141

Date of Issuance:

2/25/26

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

RF2313 PCP Aerosol

Name and Address of Registrant (include ZIP Code):

Central Garden & Pet
 1501 East Woodfield Road
 Suite 200 West
 Schaumburg, Illinois 60173

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Continues page 2

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04
 Invertebrate & Vertebrate Branch 1
 Registration Division (7505T)

Date:

2/25/26

2. You are required to comply with the data requirements described in the generic data call-in (GDCI) identified below:
 - a. Prallethrin GDCI-128722-5418
 - b. PBO GDCI-067501-26641
 - c. Cypermethrin GDCI-109702-1107
 - d. Cypermethrin GDCI-109702-1208

You must comply with all of the data requirements within the established deadlines. If you have questions about the GDCI listed above, you may contact the Chemical Review Manager in the Pesticide Re-Evaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. You have 18 months from the date of registration to provide these data.
4. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 89459-141."
5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance. If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

- Basic CSF dated 09/15/2022
- Alternate CSF 1 dated 09/15/2022
- Alternate CSF 2 dated 09/15/2022
- Alternate CSF 3 dated 09/15/2022

SUBLABEL A: OCCUPATIONAL USE

Cypermethrin	GROUP	3A	INSECTICIDE
Prallethrin	GROUP	3A	INSECTICIDE

RF2313 PCP Aerosol

- Water Based Formula
- Contains Synergized Prallethrin
- [No oily residue]
- [No lingering chemical odor]
- [Leaves no chemical odor]
- [Odorless]
- [Won't stain or discolor]
- [Non-staining]
- [Does not stain]
- For use in: residential homes, apartments, garages, kennels, sheds, trucks, and trailers.
- [Contact, spot and crack and crevice spray]
- [Pressurized spray]
- [Kills listed insects by Contact]
- [Kills Cockroaches, Silverfish, Carpet Beetles, Sowbugs and Asian Lady Beetles]
- Kills cockroaches, ticks, wasps, hornets, yellowjackets, brown marmorated stink bugs, and asian lady beetles
- [Kills American Dog Ticks]
- [Kills German Cockroaches on Non-Porous Surfaces for 12 Weeks (3 Months)]
- [Keeps killing German Cockroaches for up to 12 Weeks (3 Months) on non-porous surfaces]
- [Keeps killing German Cockroaches (Roaches) for up to 3 months on non-porous surfaces]
- [Kills listed crawling insects]
- [Kills listed crawling insects by contact]
- 360° coverage
- 360° valve allowing upside down spraying capability

ACTIVE INGREDIENTS:

Cypermethrin (CAS #52315-07-8).....	0.100%
Piperonyl butoxide* (CAS #51-03-6)	0.150%
Prallethrin (CAS #23031-36-9).....	0.015%

OTHER INGREDIENTS**:	<u>99.735%</u>
Total	100.000%

*(butylcarbityl)(6-propylpiperonyl) ether and related compounds

** Contains petroleum distillates

KEEP OUT OF REACH OF CHILDREN

EPA Est. No.

Batch Code/Lot Number

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

Personal Protective Equipment (PPE):

Applicators must wear

- Long-sleeve shirt,
- Long pants,
- Shoes and socks

User Safety Requirements

Follow manufacturer’s instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with the product’s concentrate. Do not reuse them.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID	
IF SWALLOWED	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
IF IN EYES:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also call 1-800-xxx-xxxx for emergency medical treatment information.	
Physician Note: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.	

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. This product may contaminate water through runoff. This product has a potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains the product. Do not contaminate water when disposing of equipment and washwater.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THE ENTIRE LABEL PRIOR TO USE. USE STRICTLY IN ACCORDANCE WITH ALL LABEL PRECAUTIONS AND DIRECTIONS.

USE RESTRICTIONS

For indoor and outdoor residential use only.

Not for use in outdoor commercial areas.

Do not allow adults, children, or pets to enter the treated area or contact treated surfaces until sprays have dried.

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift

Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed.

Non-food/feed areas of food/feed areas are areas such as garbage rooms, lavatories, floor drains (to sewers entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held.

Remove pets, birds, and cover fish aquariums before spraying.

Remove or cover exposed food and drinking water in the treatment area before application.

Remove or cover dishes, utensils, food processing equipment and food preparation surfaces in the treatment area or wash them before use.

Only protected handlers may be in the treatment area during application.

Do not spray on plastic, painted or varnished surfaces or directly into any electronic equipment such as radios, televisions, computers, etc.

Do not wet articles to point of runoff or drip.

Do not apply more than one time per day.

Do not remain in treated area. Exit area immediately and remain outside the treated area until sprays have dispersed.

Do not use treated article until spray has dried.
Do not allow the product to enter any drain during or after application.
Do not allow to enter indoor or outdoor drains. (No permita la entrada a desagües internos o externos.) Follow proper disposal procedures on this label. (Siga las indicaciones del etiquetado para el desecho apropiado del producto.)

Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.
Do not use in aircraft cabins.
Do not use in structures (barns, stables) that house food-producing animals or animals that may be used for food or feed.
All outdoor applications, are limited to building surfaces and spot treatments on structures.
Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment. Do not apply or irrigate to the point of runoff.
Do not water the treated area to the point of run-off.
Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
Do not apply when the wind speed is greater than 15 mph.

INDOOR USES

FOR INDOOR SPOT OR CRACK AND CREVICE TREATMENT

Residential Buildings: Basements, Bathrooms, Garbage Receptacles, Homes, Apartments, Bedrooms, Utility Rooms, Garages, Sheds

(DIRECTIONS FOR TWO ALTERNATE SPRAY NOZZLES)

(OPTION 1) U-STRAW DFU:

INDOORS: Hold container with nozzle pointed away from you. Can be used as a spot or crack and crevice treatment. For applications as a crack and crevice using supplied extension tube in actuator, apply product at a rate of 1.5 seconds at a distance of 12 inches. Treat for cockroaches, carpet beetles, crickets, firebrats, four beetles, grain beetles, pillbugs, silverfish, sowbugs, brown marmorated stink bugs, and Asian lady beetles. The 360° valve allows the product to be sprayed upright or upside down to facilitate applications. Treatment must directly contact listed insects to be effective.

(OPTION 2) BUTTON ACTUATOR DFU:

INDOORS: Remove protective cap. Spray RF2313 PCP AEROSOL [Brand Name] at a rate of 1.5 seconds at a distance of 12 inches for cockroaches, silverfish, sowbugs, brown marmorated stink bugs, carpet beetles, crickets, firebrats, flour beetles, grain beetles, pillbugs and Asian lady beetles. Do not spray wood furniture, floors, or trim as water spotting may occur. Treatment must directly contact listed insects to be effective.

RESIDUAL GERMAN COCKROACH CONTROL: Indoor residential use only. Hold can 12 inches from the surface to be sprayed. Spray a band at a rate of 1 g of product per 18 square inches in areas where German cockroaches generally crawl or reside in hidden areas around sinks and storage areas, behind and along baseboards, around windows and doors, behind and under

refrigerators, cabinets, sinks and stoves, and under shelves. Apply every three months to non-porous surfaces.

Wasps, Hornets and Yellow Jackets: Apply in indoor residential locations such as attics, steeples, mechanical rooms, barns, sheds, garages, and carports, or in walls. Spray into crack, crevice or void areas for 1 second at a distance of 12 inches. Treatment must directly contact listed insects to be effective.

TO KILL TICKS. DO NOT TREAT ANIMALS WITH THIS PRODUCT: Remove and destroy old pet bedding. Do not allow pets to use treated areas until spray has dried. Replace bedding with clean or new material. Treat pets with a product registered for animal application to control the source of tick infestation. Spray ticks at a rate of 1.5 seconds from a distance of 12 inches. Treatment must directly contact ticks to be effective.

OUTDOOR USES

All outdoor spray applications are restricted to residential use sites only and must be limited to spot or crack and crevice treatments. Treat spots or cracks and crevices to ensure thorough coverage but avoid runoff. To treat insects harbored in voids and cracks and crevices, application must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

PESTS ON OUTSIDE SURFACES OF RESIDENTIAL BUILDINGS: To Kill cockroaches, ticks, silverfish, sowbugs, wasps, hornets, yellowjackets, brown marmorated stink bugs, and Asian lady beetles. Spray pests directly or spray foundation of buildings where insects are active and may find entrance up to a height of 2 feet and up to 7 feet out. RF2313 PCP AEROSOL [Brand Name] may be only applied as a spot, crack and crevice, or void treatment to outside surfaces. Spot applications cannot exceed two square feet in size. Do not apply as a broadcast spray. Spray outside surfaces of buildings where insects tend to congregate. Use under eaves, screens, window frames, doors, patios, cracks, holes, or crevices wherever insects are noticed, spray for about 3 seconds from a distance of 12 inches. Spray areas include (but are not limited to) screens, window frames, eaves, porches, patios, garages and refuse dumps. Repeat treatment as necessary, but not more than once per day. Treatment must directly contact listed insects to be effective.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Do not store near heat or open flame. Store in cool, dry area away from children. **PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.

WARRANTY: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, Seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, Seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, Seller shall have no liability for consequential damages.

In case of emergency or for product use information, call [phone number].

SUBLABEL B: RESIDENTIAL USE

RF2313 PCP Aerosol

- Kills Brown Marmorated Stink Bugs (BMSB), Asian Lady Beetles and Box Elder Bugs
- Kills cockroaches, ticks, wasps, hornets, yellowjackets, brown marmorated stink bugs, and Asian lady beetles
- Spray and kill
- Indoor spray
- Outdoor residential perimeter spray
- Spot treatment
- Kills Ticks
- Kills deer ticks [which may transmit Lyme disease, anaplasmosis, babesiosis, and Powassan disease (in any combination)]
- Kills Lone Star Ticks [which may transmit Ehrlichia chaffeensis and Ehrlichia ewingii (which cause human ehrlichiosis), tularemia, and STARI (in any combination)]
- Kills American Dog Ticks [which may transmit Rocky Mountain spotted fever in the southwestern U.S. and along the U.S.-Mexico border]
- [Kills German Cockroaches on Non-Porous Surfaces for 12 Weeks (3 Months)]
- [Keeps killing German Cockroaches for up to 12 Weeks (3 Months) on non-porous surfaces]
- [Contact, crack and crevice spray]
- [Kills listed crawling insects]
- [Keeps killing German Cockroaches (Roaches) for up to 3 months on non-porous surfaces]
- [Kills cockroaches by contact]
- [An insecticide] effective against Carpet Beetles, Cockroaches, Crickets, Earwigs, Firebrats, Ticks, Flour Beetles, Grain Beetles, Pillbugs, Silverfish, Sowbugs, and other listed crawling insects
- Economical Do-It-Yourself Pest Control
- 360° coverage
- 360° valve allowing upside down spraying capability
- For use in non-food residential areas such as homes, garages, automobiles, kennels, out buildings, barns, and apartment buildings.
