**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, "EPA Reg. No. 90234-2."

3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 1/16/2015
- Alternate CSF 1 dated 1/16/2015
- Alternate CSF 2 dated 1/16/2015
- Alternate CSF 3 dated 1/16/2015

## DIRECTIONS FOR USE: It is a violation of Federal Law to use this production a manner inconsistent with it's labeling. Read and follow all directions and precautions on this product label.

Hold container upright about 6 to 8 inches from skin or clothing and spray with a slow sweeping motion. [When using with a sunscreen, apply sunscreen first followed by the insect repellent [this product].] [If used in conjunction with a sunscreen, apply this product second.] Do not apply over cuts, wounds, or irritated or sunburned skin. Do not spray in enclosed areas. When using on children apply to your own hand and then put it on the child. Do not apply to children's hands. Do not allow children to handle this product. Use just enough repellent to cover exposed skin and/or clothing. Avoid over-application of this product. Frequent reapplication and saturation is unnecessary. [If biting insects do not respond to a thin film of repellent, apply a bit more.] After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing again. [For maximum protection: Spread evenly with hand to moisten all exposed skin.]

**To apply to face:** Spray palm of hand first and then apply sparingly and avoid eyes. Do not spray directly onto face. Do not apply near eye and mouth. Apply sparingly around ears.

**Works on clothing too:** Do not use under clothing. Spray shirts, pants, socks and hats. For ticks and chiggers, also spray to cuffs, socks and around other openings in outer clothing. [Will not damage cotton, wool or nylon. Do not apply on or near acetate, rayon, Spandex or synthetic fabrics (other than nylon), furniture, plastics (such as eye glasses and watch crystals), leather and painted or varnished surfaces including automobiles.]

## STORAGE AND DISPOSAL

**Pesticide Storage:** Store away from heat or flame in an area inaccessible to children. Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

**Pesticide Disposal and Container Handling:** Non refillable container. Do not reuse or refill this container.

**If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
