Subject: Label Amendment – Update First Aid Section/Emergency
And Non-Emergency Language
Product Name: Homebright Original Moth Balls
EPA Registration Number: 90253-1
Application Date: March 5, 2018
Decision Number: 549632

Dear Ms. Davis:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 90253-1
Decision No. 549632

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Melody Banks by phone at (703) 305-5413, or via email at Banks.Melody@epa.gov

Sincerely,

If Swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
<p>Have the container or label with you when calling a poison control center or doctor, or going for treatment. For non-emergency information concerning this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 (NPIC website: www.npic.orst.edu) For emergencies call the poison control center at 1-800-222-1222.</p>	

{Note: The First Aid statements' grid format will be used if market space permits; otherwise a paragraph format will be used.}

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

WARNING: Causes substantial but temporary eye damage. Wear protective eyewear. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear long-sleeved shirt, long pants, shoes, socks and waterproof gloves. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Physical or Chemical Hazards

Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions: Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics; use only in polyethylene or polypropylene containers. Do not mix paradichlorobenzene or use it together with other moth preventative chemicals.

Homebright® Original Moth Balls [This product] kills clothes moths, carpet beetles and their eggs & larvae in clean, airtight containers such as chests, trunks and garment bags. Homebright® Original Moth Balls [This product] prevent[s] moth infestation regardless of fabric type.

Pre-Application Directions: Before storing: Dry clean, wash or brush articles to be protected.

Application Directions: The moth balls in this container treat up to ___ cu. ft. [(___ oz. container)] {based on the ratio of 12 cu. ft. per 4 oz container}. [One ounce of mothballs (6 mothballs) treats up to 3 cubic feet of storage space. Examples of the amount of product required for proper treatment are:

4 oz (24 moth balls): Average Garment Bag (12 cu. ft.)

5 oz (30 moth balls): Large Trunk (15 cu. ft.)

1 lb (96 moth balls): Small Storage Closet (50 cu. ft.)]

Calculate the volume to be treated by multiplying the height by the width then by the depth of the space. To ensure protection of your clothes use the specified amount of Homebright® Original Moth Balls [this product]. Distribute mothballs evenly around and between the folds of stored articles. Keep product in airtight space for a minimum of 7 days. If mothballs dissipate add additional mothballs to the container. Odor quickly vanishes when articles are aired.

Retreatment: Since moths are active all year, replenish moth balls in air-tight closets, containers and bags 2 times a year.

{For product in household/residential-use containers:}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Do not use or store near heat or open flame. Store only in original container, in a cool, dry place inaccessible to children and pets. **Pesticide Disposal and Container Handling:** Non-refillable container; do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

{For product not in household/residential-use containers:}

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Do not use or store near heat or open flame. Store only in original container in an area that does not exceed temperatures of 100°F (38°C). Store with adequate ventilation. **Pesticide Disposal:** Pesticide wastes are toxic. Improper disposal of pesticide wastes is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or environmental control agency or the hazardous waste representative at the nearest EPA Regional Office for guidance. **Container Handling: Paper and Plastic Bag Disposal:** Non-refillable container; do not reuse or refill this container. Completely empty bag into application equipment then dispose of empty bag in a sanitary landfill; or by incineration if allowed by State and local authorities; or offer for recycling, if available. **Fiber Drum Disposal:** Non-refillable container; do not reuse or refill this container. Completely empty drum and residue into application equipment then dispose of drum in a sanitary landfill; or by incineration, if allowed by State and local authorities; or offer for recycling, if available.
