Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 – add optional marketing language and optional graphics.
Product Name: Patio Essential Citronella Candle
EPA Registration Number: 90266-1
EPA Receipt Date: 05/05/2022
Action Case Number: 00361049

Dear Dr. Brooks:

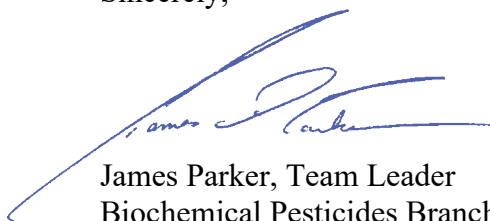

The U.S. Environmental Protection Agency (EPA) is in receipt of your application for notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Biopesticides and Pollution Prevention Division (BPPD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped “Notification” and will be placed in our records. You must submit one (1) copy of the final printed labeling with the modifications.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

If you have any questions, please contact Sydney Hetzel by phone at (202) 566-1606 or via email at hetzel.sydney@epa.gov.

Sincerely,

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

FOR OUTDOOR USE ONLY. Never leave any burning candle unattended. Do not use indoors or in enclosed areas [including garages, porches, or tents]. Do not blow out or extinguish with water or expose to water. Smother to extinguish with non-flammable material.

To help repel mosquitoes use more than one [Insert Brand Name] candle in still air. Place multiple candles, spaced 18 [in.] (OR) [inches] apart, around the perimeter of the outdoor space within [3 ft.] (OR)[3 feet] of where people will gather.

Place candle on a heat-resistant surface away from anything flammable and away from children and pets. Container and wax will be hot when candle is lit. Keep wick trimmed to 1/4 inch or less at all times. Always extinguish flame before moving. Do not allow wick trimmings, matches or other foreign material to accumulate in wax pool. Discontinue use when 1 inch of wax remains. Store indoors when not in use.

(For containers with lids:) [Do not place lid on lit candle].]

(For metal containers:) [Remove label before burning; keep label during its use.]

STORAGE AND DISPOSAL

STORAGE: Store in cool, dry place. Store in original container at room temperature.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Before disposing, empty container by using the product according to the label. **If empty:** Rinse thoroughly before discarding. Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
