Subject: Registration Review Label Mitigation for Boric Acid/Sodium Salts
Product Name: Cockroach Killer Putty
EPA Registration Number: 90290-1
Application Date: October 9, 2018
Decision Number: 551226

Dear Ms. Welch:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Boric Acid/Sodium Salts Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

Mapasingue Oeste Calle 5a y Avenida 3a
Guayaquil, Ecuador
EPA Reg. No. 90290-1
EPA Est. No. XXXXX-X
NET WEIGHT 100g

FIRST AID
Have the product container or label with you when calling the poison control center or doctor, or going for treatment.
IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.
For emergency information on [product, use, etc.], call the National Pesticides Information Center at 1-800-858-7378, 8:00 AM to 12:00 PM Pacific time (PT), Monday-Friday. During other times, call the poison control center 1-800-222-1222.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear long-sleeved shirt and long pants, socks and shoes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Not for resale.

Use of this product for the control of bed bugs is prohibited.
Applications to carpets are prohibited.

LIMITED TO CRACK AND CREVICE TREATMENTS ONLY

Open product pouch and squeeze out a small amount (1/2 to 1 teaspoon) of paste. Roll paste into a ball and then apply near aggregation and harboring areas. Apply paste only in areas that are not easily accessible to children and pets. Apply paste at a rate of 0.04 lbs/per square foot.

FOOD AREAS:

(Restaurants, Food Processing and Food Handling Establishments, Dining Rooms, etc.) Includes areas where food or feed is received, stored, prepared, served, packaged (canning, boxing, or wrapping), handled in an enclosed system and where edible waste is stored. Do not deposit this product on serving surfaces where food and feed stuff are processed or exposed. Do not contaminate exposed surfaces where food contact can occur.

Apply behind and under the following: stoves, ovens, refrigerators, freezers, dishwashers, sinks, counters, shelving, water pipes, around pipe collars, drains, sewers, electrical boxes and switches, cracks and crevices of baseboards, in corners of cupboards, cabinets and closets.

Remove drawers from chests and cabinets, apply freely into corners of drawer wells. Reapply as necessary. Pack all visible putty into cracks and crevices. Remove excess putty from exposed surfaces and dispose into garbage. Do not contaminate food and feed stuffs.

SERVING AREAS:

(Dining Rooms, Mess Halls and other areas where prepared food is served)

Apply paste to surfaces such as baseboards, underneath booths and into crack and crevices. Do not contaminate exposed surfaces where food contact can occur.

NON-FOOD AREAS:

(Garbage Rooms, Rest Rooms, Laboratories, Offices, Locker Rooms, Boiler and Equipment Rooms, Garages, Mop Closets and Storage Areas)

Apply to cracks and crevices, around baseboards, water and drain pipes, underneath and around sinks, washing machines, and tubs.

RESISTANCE MANAGEMENT

For resistance management, Cockroach Killer Putty contains a Group 8D insecticide. Any insect population may contain individuals naturally resistant to Cockroach Killer Putty and other Group 8D insecticides. The resistant individuals may dominate the insect population if this group of insecticides are used repeatedly in the same areas. Appropriate resistance-management strategies should be followed.

To delay insecticide resistance, take the following steps:

- Rotate the use of Cockroach Killer Putty or other Group 8D insecticides during the year with different groups that control the same pests.
- Adopt an integrated pest management program for insecticides use that includes scouting, uses historical information related to pesticide use, record keeping, and which considers cultural, biological, and other chemical control practices.
- Monitor after application for unexpected target pesticide survival. If the level of survival suggests the presence of resistance, consult with your local university specialist or certified pest control advisor.
- For further information or to report suspected resistance, contact Adela Monica Buljubasich toll-free at 888-421-2321.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Keep product in a cool location. Store in original container away from food and feedstuffs.

Pesticide Disposal: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Container Handling: Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly empty: Call your local solid waste agency for disposal instructions.

WARRANTY

All statements concerning the use of this product apply only when the product is used as directed. Read all directions carefully. To the extent consistent with applicable law, Adela Monica Buljubasich makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose.
