EPA Reg. Number:

Unconditional

Name of Pesticide Product:

Wipe Out

Name and Address of Registrant (include ZIP Code):

B & K Distributors LLC 1247 Grand River Howell, MI 48843 c/o Kevin Kutcel, agent 5807 Churchill Way Medina, OH 44256

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5). You must:

- 1. Submit and/or cite all data required for registration/registration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
- 2. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Signature of Approving Official:

Date:

July 25, 2014

Meredith F. Laws, Chief

Insecticide-Rodenticide Branch, Registration Division (7505P)

EPA Form 8570-6

Page 2 EPA Reg. No. 90326-1

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A copy of the label stamped "accepted with comments" is enclosed for your records. Please also note that the record for this product currently contains the following Confidential Statements of Formula (CSFs):

• Basic CSF, dated 11/26/2013

If you have any questions, please contact Tom Harris at 703-308-9423 or harris.thomas@epa.gov.

Meredith F. Laws, Chief Insecticide-Rodenticide Branch Registration Division (7505P)

Enclosure

Wipe Out

Insecticide/Miticide

For use on ornamental plants to control mites, aphids, Leafminers, whiteflies and thrips. Intended for Agricultural/Commercial Use

ACTIVE INGREDIENT:

| Abamectin: | 0.0012 % |
|-------------------|-------------|
| OTHER INGREDIENTS | 99.9988 % |
| TOTAL: | 100.00 lbs. |

KEEP OUT OF REACH OF CHILDREN A C C E P T E D Warning Aviso

Si usted no entiende la etiqueta, busque a algiuen para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the

pesticide registered under

| | FIRST AID EPA Reg. No. 90326-1 |
|------------------|--|
| IF IN EYES: | Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call poison control center or doctor for treatment advice. |
| IF SWALLOWED: | Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. |
| IF INHALED: | Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. |
| IF ON SKIN: | Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. |

HOTLINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, foe emergency info concerning this product, call the National Pesticide Informational Center (NPIC) @ 1-800-858-7378.

NOTE TO PHYSICIAN

Early signs of intoxication include dilation of pupils. Muscular in coordination. And muscular tremors. Toxicity following accidental ingestion of this product can be minimized early administration of chemical adsorbents (e.g. • activated charcoal).

EPA Reg No. 90326-1

EPA Est. No. xxxxx-xx-xxx

Net Contents: 1 quart, 1 Gallon, 2.5 Gallons, 5 Gallons

If toxicity from exposure has progressed to cause severe vomiting, the extent of resultant fluid and electrolyte imbalance should be gauged. Appropriate supportive parental fluid replacement therapy should be given, along with other required supportive measures (such as maintenance of blood pressure levels and proper respiratory functionality) as indicated by clinical signs, symptoms, and measurements.

In severe cases, observations should continue for at least several days until clinical condition is stable and normal. Since abamectin is believed to enhance GABA activity in animals, it is probably wise to avoid drugs that enhance GABA activity (barbiturates, benzodiazepines, valproic acid) in patients with potentially toxic abamectin exposure.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS WARNING - AVISO

Can cause substantial but temporary eye injury. Do not get in eyes. Harmful if swallowed. Avoid contact with skin or clothing.

Personal Protective Equipment

Some materials that are chemical resistant to this product are listed below. If you want more options, follow the instructions for Category A on an EPA chemical resistant category selection chart.

Applicators and other handlers must wear:

- · Long-sleeved shirt and long pants
- · Socks and shoes.
- Chemical-resistant gloves (such as barrier laminate, nitrite rubber, neoprene rubber, viton).
- Protective eyewear.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables use detergent and hot water Keep and wash PPE separately from other laundry.

User Safety Recommendations

Users should:

• Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark, Do not apply when weather conditions favor drift from target areas, Do not contaminate water when disposing of equipment wash water.

This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are foraging the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

IMPORTANT - READ BEFORE USE

Read the entire Directions for Use, Limited Warranty and Disclaimer before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts all liabilities.

FAILURE TO FOLLOW DIRECTIONS AND PRECAUTIONS ON THIS LABEL MAY RESULT IN CROP INJURY, POOR INSECT CONTROL, AND/OR ILLEGAL RESIDUES.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard 40 CFR Part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is:

- Coveralls over short-sleeved shirt and short pants.
- Chemical-resistant gloves EPA chemical-resistance category E (e.g., barrier laminate, nitrile rubber, neoprene rubber, viton).
- Chemical-resistant shoes and socks.
- Protective eyewear.

NON-AGRICULTURAL USE REQUIREMENTS

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. **Do not reenter treated areas until sprays have dried.**

(Shake well before each application)

TARGET CROPS

Shadehouse, Greenhouse, Field-Grown Ornamentals, Foliage Plants, Christmas Trees, and other Woody Ornamentals

This product is not for outdoor use on lawns, turf, home gardens, ornamentals, flowers, shrubs or trees. This restriction applies to all uses listed on this label.

Wipe Out is a ready to use formula; Do not dilute with water. Apply as a foliar spray and insure crops receive a thorough, uniform coverage. Spray Wipeout on growing medium first then, apply an even coating on all leaves and branches of plant. Spray top and bottom of leaves as well as trunk or stem. To maintain control, reapply at 7 day intervals (except as noted below).

Start application before infestations as a preventative measure. Allow 24 hours for your plants to have eliminated your mite problem. For Liromyza leafminer species, make up to 3 weekly applications before switching to a product with a different mode of action (see Resistance Management below)

Resistance Management

Wipe Out is an insecticide/miticide and some target pests may develop resistance to Wipe Out Insecticide/Miticide treatments. Use resistance management practices when using Wipe Out Insecticide/Miticide on plants that are hosts of labeled pests that have more than one generations per crop or year. Typical strategies include, but are not limited to, rotation to other insecticides with different modes of action, treatment of successive generations with different products, applications made at specified label rates and at specified spray intervals, and the use of non-chemical alternatives (for example, beneficial arthropods or rotation of susceptible to non-susceptible plants). Contact your State Cooperative Extension Service for additional information on these or other resistance management strategies.

To manage susceptibility in *Liriomyza* leafminer species. Make up to three applications of Wipe Out Insecticide/Miticide and then rotate to Citation® Insecticide (which contains the active ingredient cyromazine) for no more than three applications before rotating back to Wipe Out Insecticide/Miticide or using another insecticide. Alternating between these two products which have different modes of action should be based on the generation of *Liriomyza* species to avoid applying Wipe Out Insecticide/Miticide to successive generations.

Plant Tolerance

Although Wipe Out Insecticide/Miticide has been tested for tolerance on a variety of ornamental plants, it is not possible to test Wipe Out Insecticide/Miticide under all application conditions, such as when Wipe Out Insecticide/Miticide is applied with combination products or with surfactants or adjuvants. Test a small area of plants for phytotoxicity to Wipe Out Insecticide/Miticide before making applications to large blocks of plants. Phytotoxicity has been observed after the use of Wipe Out Insecticide/Miticide on certain species of ferns (e.g., *Adiantum* spp.) and Shasta Daisy (*L. eucanthemum* spp.).

Restrictions

- Do not use Wipe Out Insecticide/Miticide for suppression of aphids, whiteflies, and thrips on roses, chrysanthemums, or gerbera These ornamentals are primary hosts of mites and *Liriomyza* leafminers and Wipe Out Insecticide/Miticide applications should target these insect pests. Additional applications of Wipe Out Insecticide/Miticide to suppress aphids, thrips, and whiteflies on those plants will increase the selection pressure on mites and *Liriomyza* leafminers- result in greater tolerance of these pests to Wipe Out Insecticide/miticide
- Do not apply this product through any type of irrigation system.
- Do not apply by air.
- Do not use in citrus nurseries.
- Do not use on outdoor residential lawns, turf, home gardens, ornamentals, flowers, shrubs or trees.
- Do not apply more than 187.5 gallons of Wipe Out (0.019 lb a.i.) per acre per application.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

Pesticide Storage

Store in a tightly closed container in a cool, dry place.

Pesticide Disposal

Wastes resulting from the use of this product may be disposed of on site or at an approved waste Disposal facility. Pesticide spray mixture that cannot be used should be disposed of in a landfill approved for pesticides. Improper disposal of excess pesticide spray mixture is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal

Nonrefillable container. Do not reuse or refill this container. Offer for recycling if available.

LIMITED WARRANTY AND DISCLAIMER

B & K Distributors LLC warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions, subject to the inherent risks set forth below.

Our directions for use of this product are based upon tests believed to be reliable. The use of this product being beyond control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such use or the results to be obtained if not used in accordance with printed directions and established safe practice. To the extent consistent with applicable law, buyer's exclusive remedy and manufacturer's or seller's exclusive liability for any and all claims, losses, damages or injuries resulting from the use or handling of this product, whether or not based in contract, negligence, strict liability in tort or otherwise shall be limited, at the manufacturer's option to replacement of, or the repayment of the purchase price for, the with '. respect to which damages are claimed.

Inherent Risks of Use

It is impossible to eliminate all risks associated with use of this product. Crop injury, lack of performance, or other unintended consequences may result because of such use of the product contrary to label instructions (including conditions noted on the label, as unfavorable temperatures, soil conditions, etc.), abnormal conditions (such as excessive rain drought, tornadoes, hurricanes), presence of other materials, the manner of application, or other factors, all of which are beyond the control of B & K Distributors LLC. or the seller. All such risk shall be assumed by buyer.

Terms and Conditions of Use

If terms of the Limited Warranty & Disclaimer and inherent Risks of Use are not acceptable, return unopened package at once to the seller for a full refund of purchase price paid. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under Warranty Disclaimer and I nherent Risks of Use.

Terms and Conditions of Use

If terms of the Limited Warranty & Disclaimer are not acceptable, return unopened package at once to the seller for a full refund of purchase price paid. Otherwise, use by the buyer or any other user constitutes acceptance of the terms under Warranty Disclaimer.

If you have any questions or concerns about our product we want to hear from you.
