

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg.
Number:

90780-15

Date of Issuance:

5/12/20

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional Time-Limited
Expires: 5/12/21

Name of Pesticide Product:

TC Mouse Killer 121-Purple

Name and Address of Registrant (include ZIP Code):

Jane Rothwell
Sr. Analyst, Regulatory Affairs
The Scotts Company LLC d/b/a Tomcat Brands
Po Box 190
Marysville, OH 43040

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Venus Eagle, Product Manager 01
Invertebrate and Vertebrate Branch 3, Registration Division (7505P)

Date:

5/12/20

2. You are required to provide the missing raw validation data for Guideline 830.1800 Enforcement analytical method for MRID 48270101 or conduct a new study that includes raw data. This data must be submitted to the Agency within 120 days from the date of this letter.
3. You are required to comply with the data requirements described in the DCI identified below:
 - a. Bromethalin GDCI-112802-1717

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division:

<http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

4. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 90780-15.”
5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 04/28/2020
- Alternate CSF A dated 04/28/2020

If you have any questions, please contact Paul Di Salvo by phone at 703-347-0322, or via email at disalvo.paul@epa.gov.

ACCEPTED

05/12/2020

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under

EPA Reg. No. 90780-15

FIRST AID	
IF SWALLOWED:	• Call a poison control center, doctor, or 1-877-465-5161 immediately for treatment advice • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor
ON SKIN:	• Wash with plenty of soap and water.
HAVE LABEL WITH YOU WHEN OBTAINING TREATMENT ADVICE	
TREATMENT FOR PET POISONING If an animal eats this bait, call a veterinarian at once.	
NOTE TO PHYSICIAN OR VETERINARIAN Contains the nerve poison bromethalin. This product is not an anticoagulant type rodenticide. For humans or animals ingesting bait and/or showing poisoning signs (such as muscle tremors, loss of hind limb use, or seizures for animals), limit absorption by either emesis or gastric lavage. Sublethal symptoms, if present, would be the result of cerebral edema and should be treated accordingly through administration of an osmotic diuretic and corticosteroid.	

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Bait contents harmful if swallowed. Keep away from children, domestic animals and pets. Any person who retrieves carcasses or unused bait following application of this product must wear gloves.

USER SAFETY REQUIREMENTS: As soon as possible, wash hands thoroughly after applying bait and before eating, drinking, chewing gum, using tobacco, or using the toilet.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish, birds and other wildlife. Dogs and scavenging mammals and birds might be poisoned if they feed upon animals that have eaten this bait. Do not apply this product directly to water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions and use precautions. Use only for the sites, pests and application methods described on this label.

USE RESTRICTIONS:

This bait station may be used in areas accessible to children and pets, consistent with all use restrictions and other requirements indicated on this label. Do not apply further than 50 feet from home or building.

For control only of house mice. This product [This bait station] [TC Mouse Killer 121-Purple] must be used in and around buildings consistent with all use restrictions and other requirements indicated on this label. Do not place this bait station in any area where there is a possibility of contaminating food or surfaces that come into direct contact with food.

Note to PM: Either Option 1 or Option 2 presentation will be listed on the final printed label.

[Option 1]

SELECTION OF TREATMENT AREAS [Indoors & Outdoors]: Determine areas where house mice will most likely find and consume the bait. Generally, these areas are beside burrows, along walls, by gnawed openings, in corners and concealed places.

APPLICATION DIRECTIONS:

Place the bait station [TC Mouse Killer 121-Purple] at point of highest activity beside burrows, along a wall, or in corners where signs of house mice have been seen. If additional units are to be used, place bait at 8- to 12-foot intervals. Maintain an uninterrupted supply of fresh bait for at least 15 days or until there no longer are fresh signs of house mouse activity in infested areas. To monitor for replacement, view bait via see-through lid. While wearing gloves, remove bait station if bait has been consumed or contaminated. Replace station with a new one if house mouse activity continues at that location.

Follow-up: Wearing gloves, collect and properly dispose of emptied bait stations or carcasses. Carcasses should be placed in an outdoor garbage can. To discourage re-infestation, eliminate food, water and harborage as much as possible. If re-infestation does occur, repeat treatment.

[Option 2]

APPLICATION DIRECTIONS

1. Selection of Treatment Areas [Indoors & Outdoors] 	2. Placing Bait Stations 	3. Monitor 	4. Follow Up 
Determine areas where house mice will most likely consume the bait. Generally, these areas are along walls, by gnawed openings, in corners and concealed places.	Place the bait station horizontally or vertically at the point of highest activity beside burrows, along a wall, or in corners where signs of house mice have been seen. If additional units are to be used, place bait stations at 8- to 12-foot intervals.	Maintain an uninterrupted supply of fresh bait for at least 15 days or until there no longer are fresh signs of house mouse activity in infested areas. To monitor for replacement, view bait via see-through lid. While wearing gloves, remove bait station if bait has been consumed or contaminated. Replace station with a new one if house mouse activity continues at that location	Wearing gloves, collect and properly dispose of any emptied bait stations and/or carcasses. Carcasses should be placed in an outdoor garbage can. To discourage re-infestation, eliminate food, water and harborage as much as possible. If re-infestation does occur, repeat treatment.

STORAGE AND DISPOSAL

Pesticide Storage: Store only in original container in a cool, dry place inaccessible to children and pets.
Pesticide Disposal and Container Handling: Nonrefillable Container. Do not reuse or refill container except as described in the Directions For Use.
If Empty: Place in trash or offer for recycling if available.
If Partly Filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Note to PM- Warranty/Guarantee or notice statements may or may not appear on market label

WARRANTY: To the extent consistent with applicable law, seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

Notice: To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in accordance with directions.

OPTIONAL MARKETING STATEMENTS:

Efficacy claims:

1. House mice usually consume a lethal dose in a single night's feeding but it may take two or more days from time of consumption for them to die.
2. Kills House Mice
3. House Mouse [mice] killer
4. House mice cease feeding after consuming a toxic dose
5. Kills up to 12 house mice per bait block* * based on no-choice laboratory testing
6. Each block kills up to 12 house mice* * based on no-choice laboratory testing
7. Each station contains enough bait to kill up to 12 house mice* * based on no-choice laboratory testing
8. House mice may enter, feed on the bait, and then leave the bait station
9. [Includes] [This package includes[contains]] Enough bait to kill up to 12 [24] [36] [(48)] [60] [72] [84] [96] [108] [120] [132] [144] [156] [168] [180] [192] house mice* * based on no-choice laboratory testing

Bait Station Claims:

10. House Mouse [mice] bait station
11. House Mouse [mice] feeding station
12. Disposable bait station
13. Ready to use
14. Pre-baited [prefilled] bait station
15. See-thru lid
16. See thru lid for easy bait monitoring
17. Clear lid
18. Clear lid for easy bait monitoring
19. Station is child and dog resistant
20. Child and dog resistant [bait] station
21. Child, dog and weather resistant [bait] station
22. Weather resistant [bait] station
23. [For] use indoors and out
24. Indoor and outdoor [use]
25. Durable design of [bait] station is child and dog resistant
26. Kid and Dog Tested [Bait] Station
27. Kid & Dog Tamper-Resistant [Bait] Station
28. Can be used indoors or [&] out
29. Can be used horizontally or vertically
30. No need to touch the bait when placing station
31. Bait station with bromethalin
32. Contains one bait station prefilled with 1 oz. bait block
33. Contains 1 oz block bait pre-loaded into the bait station
34. Pre-filled [pre-baited], ready to use bait station
35. 1[2][3][4][5][6][7][8][9][10][11][12][13][14][15][16] disposable bait stations each containing one block
36. This bait station is not a trap
37. Use in kitchens [behind appliances]
38. Use inside kitchen cabinets
39. Use behind appliances & [and] inside cabinets
40. Use in kitchens, behind kitchen appliances, and [&] inside kitchen cabinets
41. Use in kitchens, behind appliances and [&] inside cabinets
42. Easy placement behind appliances and in cabinets for kitchen house mice
43. Easy placement behind appliances for kitchen house mice
44. Easy placement in cabinets for kitchen house mice
45. Can be placed behind kitchen appliances and [or] inside kitchen cabinets
46. Can be used behind kitchen appliances and [or] inside cabinets

47. Value Pack* * *Note to PM- Value pack would not exceed the 1 lb limit for any package sold at a discounted price*

Palatability Claims

- 53. Formulated for increased attractiveness to [for] house mice
- 54. Formulated for increased palatability to [for] house mice
- 55. Formulated for enhanced attractiveness to [for] house mice
- 56. Formulated for improved attractiveness to [for] house mice
- 57. Palatable bait formulation for house mice
- 58. Formulated for increased attractiveness and palatable bait formulation for house mice
- 59. Formulated for enhanced attractiveness and palatable bait formulation for house mice
- 60. Formulated for improved attractiveness and palatable bait formulation for house mice
- 61. Formulated for increased palatability to house mice
- 62. Enhanced attractiveness to [for] house mice vs [versus] Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 63. Improved [bait] formulation to [for] house mice vs [versus] Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 64. Enhanced [bait] formulation to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 65. Advanced [bait] formulation to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 66. More palatable [bait formulation] to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 67. More attractive to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 68. Advanced formula to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 69. Enhanced attractiveness [and] [improved palatability] to [for] house mice vs [versus] Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 70. Advanced formula to be a more palatable bait formulation to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 71. Advanced formula to be a more palatable bait formulation to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 72. Advanced [bait] formula that is more palatable to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 73. Advanced formula with increased palatability to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)
- 74. Advanced formula with more palatable bait [formulation] to [for] house mice [vs] versus Our Tomcat Mouse Killer Child & Dog Resistant, Disposable Station (EPA Reg. No. 90780-6)

Other Claims

- 75. Indoor Placement: Kill house mice in the home/house
- 76. Utilize mouse traps and bait stations together to control house mice+ + ++Mouse trap sold separately
- 77. Use as part of an integrated pest management system

Disease Claims

- 78. Kills house mice that may transmit disease[s] Leptospirosis (Weil's Disease)
[Salmonellosis][Lymphocytic Chorio-meningitis (LCM)][Rat Bite Fever]
- 79. Kills house mice that may transmit Leptospirosis (Weil's Disease)
- 80. Kills house mice that may transmit Salmonellosis
- 81. Kills house mice that may transmit Lymphocytic Chorio-meningitis (LCM)
- 82. Kills house mice that may transmit Rat Bite Fever
