Subject: Notice of Extension of Conditional Registration until April 18, 2026
Product Name: NEOVE SPOT ON #003 FOR DOGS
EPA Registration Number: 91090-4
Application Dates: 11/11/2019; 05/20/2022; and 01/10/2024
Case Number: 473688, 482609 and 497105

Dear Katy DeGroot:

This letter is in reference to your requests to extend the conditional, time-limited registration for the above referenced registration. The above-referenced registration contains conditions calling for the registration to expire after two years. But for limited Agency resources, your request would have been granted prior to the expiration date. Additionally, your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information for the above-referenced registration.

The Agency has found your company to be in compliance with the terms and conditions for the subject product. Your cover letter states and was confirmed via email (dated 10/30/2023) that Shanghai Neway Animal Health Co., Ltd. Has yet to market and release for shipment this product. The Agency is therefore granting the request to extend the two-year time-limited registration restriction. As such, the following change is being made to the terms and conditions for the product listed above:

- **The two-year time-limited registration restriction has been extended. The new expiration date for the registration listed above is April 18, 2026.**

Please note that the product is still subject to all other previously required conditions of

registration. If you have any questions, please contact, Debra Rate by phone at (202) 566-2867 or by email at rate.debra@epa.gov.

Sincerely,

Debra Rate, Ph.D.
