Subject: Registration Review Label Mitigation for Chlorfenapyr
Product Name: T103.03
EPA Registration Number: 91234-23
Application Dates: August 16, 2017
Decision Numbers: 533030

Dear Ms. Nicole O'Loughlin:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Chlorfenapyr Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

T103.03

[Alternate Brand Name: Spectre Pressurized Insecticide]
Insecticide

For sale to, use and storage only by individuals/firms licensed or registered by the state to apply termiticide and/or general pest control products.

Active Ingredient:	By Wt.
Chlorfenapyr*:	0.5%
Other Ingredients:	99.5%
Total	100.0%

*4-bromo-2-(4-chlorophenyl)-1-(ethoxymethyl)-5-(trifluoromethyl)-1H-pyrrole-3-carbonitrile.

Contains chlorfenapyr, the active ingredient used in PT® Phantom® II.
T103.03 it not manufactured or distributed by BASF Corporation, seller of PT® Phantom® II.

KEEP OUT OF REACH OF CHILDREN CAUTION/PRECAUCION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle. (If you do not understand the label, find someone to explain it to you in detail.)

[See side panel(s) for Precautionary Statements, Directions for Use, Storage and Disposal [and Conditions of Sale and Warranty].]

HOTLINE NUMBER

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may also call 1-844-685-9173.

PRECAUTIONARY STATEMENTS

PERSONAL PROTECTIVE EQUIPMENT (PPE): Applicators and other handlers must wear baseline PPE consisting of (1) long sleeved shirt, (2) long pants and (3) shoes plus socks.

USER SAFETY REQUIREMENTS: Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Remove and wash contaminated clothing before reuse.

USER SAFETY RECOMMENDATIONS

Users should (1) wash hands thoroughly after handling and before eating, drinking, chewing gum, using tobacco or using the toilet, (2) remove contaminated clothing/PPE immediately if pesticide gets inside, then wash thoroughly and put on clean clothing and (3) remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to aquatic organisms, birds and wildlife. **Do not** apply directly to water or to areas where surface water is present or intertidal areas below the mean high water mark.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface water. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

PHYSICAL OR CHEMICAL HAZARDS: Flammable. Contents under pressure. Keep away from heat, sparks and open flame. **Do not** puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. **Do not** spray directly into any electronic equipment such as radios, televisions, computers, etc. due to the possibility of short circuits or shock hazard. Test on a small surface prior to use, as spray may mar plastic, painted or varnished surfaces.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCOSISTENT WITH ITS LABELING.

Product Information: T103.03 Insecticide is a pressurized product for localized use in and around apartments, food storage area, homes, hospitals, hotels, meat packing and food processing plants, motels, nursing homes, restaurants and other food handling establishments, schools, supermarkets, warehouses and other commercial and industrial buildings.

T103.03 Insecticide kills many nuisance pests, stored product pests and occasional pests that infest structures, including:

- a. **Ants:** Foraging fire ants, Harvester ants, and Pharaoh ants.
- b. **Beetles/Weevils:** Asian lady beetles, Dermestid beetles, Drugstore beetles, Elm leaf beetles, Flour beetles, Grain weevils and Khapra beetles.
- c. **Bees/Wasps:** Carpenter bees, Honey bees, Wasps, Yellow jackets.
- d. **Bugs:** Bed bugs, Box-elder bugs, Stink bugs.
- e. **Flies:** Cluster flies, Drain flies, House flies, Stable flies.
- f. **Others Insect Pests:** Booklice, Chocolate moths, Cockroaches, Crickets, Earwigs, Indian meal moths, Silverfish, Springtails.
- g. **Non-Insect pests:** Centipedes, Pillbugs/Sowbugs and Spiders (excluding Brown Recluse).

USE RESTRICTIONS

- **Do not** apply T103.03 Insecticide in any manner other than specified on this label.
- This product is not registered for use as a termiticide.
- **Do not** compost any discarded plant materials that have been treated with T103.03 Insecticide.
- If it is raining, **do not** make outdoor applications.
- **Do not** reapply to treated areas more than once every four (4) weeks.
- **Do not** allow adults, children or pets to enter until vapors, mists and/or aerosols have dispersed and the treated area has been thoroughly ventilated. **Do not** contact treated surfaces until dry.
- **Do not** apply to school classrooms while in use. Allow treated areas to dry thoroughly before reoccupying.
- Remove patients in hospitals and nursing homes before treating rooms. Allow treated areas to dry thoroughly before returning patients to rooms.
- Remove or cover exposed food and drinking water in home treatment areas before application. Remove or cover dishes, utensils, food processing equipment and food preparations surfaces in the treatment area or wash them before use. **Do not** use in servicing areas while food is exposed.
- Applications in food areas of food handling establishments are limited to spot and/or injection treatments as described below. **Do not** make applications when facility is in operation. Avoid contamination of food or feedstuffs. **Do not** apply directly to food, food packaging or food contact surfaces. During application, cover or remove food and cover food processing surfaces and equipment, or clean after treatment with a suitable detergent and rinse with potable water before use. **Do not** use in serving areas (dining areas where prepared foods are served) while food is exposed or facility is in operation.
- Except when applying to sewers or drains as instructed on this label, **do not** apply directly into sewers or drains or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur.
- When used in zoos, remove animals and cover or remove animal food/water prior to application.
- Remove pets and cover or remove pet food/water and fish bowls prior to application.

INJECTION TREATMENT: Use the supplied actuator and injection tubes to apply T103.03 Insecticide. Inject into cracks and crevices or void spaces where pests may be hiding, living and breeding. After placing the injector tip into cracks, crevices, holes and other small openings, release approximately 1 sec of T103.03 Insecticide. For light infestations, move injector tip along cracks and crevices or void spaces while treating at the rate of 3 Linear ft/sec. For heavy infestations, move the injector tip along at 1 Linear ft/sec. For closed voids, figure the cubic area of the void and apply T103.03 Insecticide at 1 to 5 sec/3ft³. Several holes may be required in long running voids.

SPOT TREATMENT: Use the supplied actuator and injection tubes to apply T103.03 Insecticide. Always hold the container upright while spraying and direct the nozzle about 12 inches from the surface being treated. Apply T103.03 Insecticide directly on insects in these locations when possible. Limit individual spot treatments to an area no larger than 2 ft²/room.

T103.03 could stain some surfaces or damage finishes. Prior to spot treating on plastic, painted or varnished surfaces, test a small, inconspicuous area and observe for staining or damage to finish.

FOOD HANDLING ESTABLISHMENTS

Food handling establishments are places other than private residences in which food is held, processed, prepared or served.

FOOD AREAS: Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation) are also considered food areas. Apply as an Injection treatment or spot treatment directly into cracks, crevices, voids or onto surfaces where pests rest, nest, trail, run or hide. Deliver a pin-stream of T103.03 Insecticide through an injection tube suitable for that purpose. Apply to different elements of construction; between equipment and floor;

openings leading to hollow spaces in walls, equipment legs and bases; and where insects hide or nest. Limit individual spot treatments to an area no larger than 2 ft²/room.

NON-FOOD AREAS: Includes areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage areas (after canning or bottling). Apply T103.03 Insecticide as an Injection treatment or spot treatment to selected surfaces such as baseboards and under elements of construction.

INDOOR TREATMENTS

ANTS (including Foraging fire ant, Harvester ant and Pharaoh ant): Apply T103.03 Insecticide as an Injection treatment into cracks, crevices and voids where ants rest, nest, trail, run or hide, including around doors, window frames, wall voids and other structural cracks and crevices. Apply T103.03 Insecticide as spot treatments to areas such as storage areas; closets; around water pipes, doors and windows; around refrigerators, cabinets, sinks, stoves and other equipment; shelves, drawers and similar areas.

BED BUGS: Apply T103.03 Insecticide to cracks, crevices, voids and/or shelters where evidence of bed bugs occurs, including bed frames, box springs, inside empty dressers, furniture and clothes closets, carpet edges, high and low wall moldings, behind headboards, pictures and wallpaper edges. **Do not** make surface applications to mattresses or bedding. Mattress treatments must be limited to seams, folds and edges only. **Do not** treat pillows, bedding or clothing. Remove linens and wash before reuse. Allow treated mattress to dry thoroughly before remaking the bed. Remove all clothes and other articles from dressers or clothes closets before application. Allow treated areas to dry thoroughly before use.

BOOKLICE and SILVERFISH: Apply T103.03 Insecticide as an Injection treatment into cracks and crevices of baseboards, door frames, bookcases and other harborage sites. Also make spot treatments to areas such as storage areas; closets; around water pipes, doors and windows; around refrigerators, cabinets, sinks, stoves and other equipment; shelves and drawers.

CRAWLING PESTS [including Centipedes, Cockroaches, Crickets, Dermestid Beetles, Earwigs, Sowbugs/Pillbugs and Spiders (excluding Brown Recluse)]: Apply T103.03 Insecticide as an Injection treatment using the prescribed amount into cracks, crevices and void spaces where pests may rest, nest, trail, run or hide, including openings around pipes and sinks, under refrigerators, behind baseboards, washing machines, stoves, cabinets, sewers, floor drains and meter boxes. Also make spot treatments to areas such as storage areas; closets; around water pipes, doors and windows; around refrigerators, cabinets, sinks, stoves and other equipment; shelves and drawers.

CHOCOLATE MOTHS, DRUGSTORE BEETLES, FLOUR BEETLES, GRAIN WEEVILS, INDIANMEAL MOTHS and TROGODERMAS (in exposed adult and larval stages): Apply T103.03 Insecticide into cracks, crevices and/or voids where these pests may harbor such as cracks and crevices in cabinets and pantries, wall voids, around window and door frames, and in machinery. Also make spot treatments to areas such as storage areas; closets; around water pipes, doors and windows; around refrigerators, cabinets, sinks, stoves and other equipment; shelves, drawers and similar areas.

DRAIN FLIES: Release approximately 1 to 2 sec of T103.03 Insecticide into the drain basin.

INTERIOR/LIMITED EXTERIOR APPLICATION OF STRUCTURES

FOR ACTIVE AND HIBERNATING STAGES OF ASIAN LADY BEETLES, BOXELDER BUGS, CLUSTER FLIES, ELM LEAF BEETLES, HONEY BEES, STINK BUGS, WASPS AND YELLOW JACKETS: Apply T103.03 Insecticide as an Injection or spot treatment into cracks, crevices and/or voids where these insects may harbor, congregate or hibernate such as cracks and crevices, behind siding, wall voids, around window and door frames.

CARPENTER BEES: Locate entrance holes. Treat galleries through entrance holes with T103.03 Insecticide. Seal bee entrances after application.

CRAWLING INSECTS (including Centipedes, Crickets, Earwigs, Pillbugs/Sowbugs and Springtails): Apply as an Injection or spot treatment into cracks and crevices where insects may enter premises or harbor such as weep holes, under siding, wall voids, soffits, around attic vents, cracks, crevices and openings around windows doors and pipes, and exterior areas where utilities may enter the structure.

FLIES (House and Stable): Apply T103.03 Insecticide as an Injection or spot treatment to areas where flies rest, congregate or enter the structure on both the exterior and interior. Apply around doors, windows, garages, garbage storage areas, upper corners of walls, ceiling areas, around sky lights, light fixtures and similar areas.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store this product in a cool, dry (preferably locked) place away from heat or open flame, in an area that is inaccessible to children and animals.

PESTICIDE DISPOSAL: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not puncture or incinerate! **If Empty:** Place in trash or offer for recycling is available. **If partly filled:** Call your local solid waste agency for disposal instructions.

LIMITATION OF WARRANTY AND LIABILITY

IMPORTANT: READ BEFORE USE. Read the entire Directions for Use, Conditions of Warranties and Limitations of Liability before using this product. If these terms and conditions are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness, injury, and other unintended consequences may result because of such factors as manner of use or application (including misuse), the presence of other materials, weather conditions, and other unknown factors, all of which are beyond the control of TIGRIS ENVIRONMENTAL SCIENCE, LLC. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: To the extent consistent with applicable law, TIGRIS ENVIRONMENTAL SCIENCE, LLC makes no other warranties, express or implied, of merchantability or of fitness for a particular purpose or otherwise, that extend beyond statements on this label.

LIMITATIONS OF LIABILITY: To the extent consistent with applicable law, neither TIGRIS ENVIRONMENTAL SCIENCE, LLC the manufacturer, nor the Seller shall be liable for any indirect, special, incidental or consequential damages resulting from the use, handling, application, storage, or disposal of this product. To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use, handling, application, or storage of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid.
