

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs  
Registration Division (7505P)  
1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

EPA Reg. Number:

91300-3

Date of Issuance:

5/19/17

NOTICE OF PESTICIDE:

Registration  
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional, Time-Limited  
Expires: 12/17/2019

Name of Pesticide Product:

Adventure Plus for Cats

Name and Address of Registrant (include ZIP Code):

Promika, LLC  
c/o Ann M. Tillman  
Pyxis Regulatory Consulting, Inc.  
4110 136th St Ct NW  
Gig Harbor, WA 98332

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(B). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elyssa Arnold, Acting Product Manager 01  
Invertebrate & Vertebrate Branch 3  
Registration Division (7505P), Office of Pesticide Programs

Date:

5/19/17

2. The Agency has found your company to be in compliance with the terms and conditions for the subject product, and is extending the two-year registration restriction. This registration is time-limited and expires 12/17/2019.
3. Please note that the product is still subject to all other previously required conditions of registration. Your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information as stated in the initial registration notice dated 12/17/2015.
4. You are required to comply with the data requirements described in the DCIs identified below:
  - a. Imidacloprid GDCI-129099-951
  - b. Pyriproxyfen GDCI-129032-1299

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 10/06/2015

If you have any questions, please contact Elyssa Arnold by phone at 703-347-0236, or via email at [arnold.elyssa@epa.gov](mailto:arnold.elyssa@epa.gov).

HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies call 1-844-685-9173.	
NOTE TO PHYSICIAN	
Treat the patient symptomatically.	

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS

**CAUTION:** Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash hands thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

#### HAZARDS TO DOMESTIC ANIMALS

**For external Use only.** Do not apply to cats or kittens under 8 weeks of age or weighing less than [2 lbs.] [5 lbs.] [9 lbs.]. As with any product, consult your veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing cats. Individual sensitivities, while rare, may occur after using ANY pesticide products for cats. If signs persist, or become more severe, consult a veterinarian immediately. If your cat is on medication, consult your veterinarian before using this or any other product.

**Side Effects:** Monitor your cat after application. Side effects may include signs of skin irritations such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as hypersalivation, vomiting or diarrhea have also been reported. If these or other side effects (such as lethargy) occur, consult your veterinarian or call 1-844-685-9173.

## **Adventure Plus for Cats**

A Liquid Topical Flea Product for Cats

For Use ONLY on Cats 8 Weeks and Older and Weighing [2 - 5 lbs.] [5 - 9 lbs.] [Over 9 lbs.]

**READ THE ENTIRE LABEL BEFORE EACH USE**

**Prevent and Treat Flea Infestations**

### **DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Do not allow children to apply product. To prevent harm to you and your cat, read the entire label and package insert before each use. Follow all directions and precautionary statements carefully. Use ONLY on Cats 8 Weeks and Older and Weighing [2 - 5 lbs.] [5 - 9 lbs.] [Over 9 lbs.].

#### **RESTRICTIONS:**

- Use only on cats or kittens 8 weeks and older and weighing more than [2 lbs.] [5 lbs.] [9 lbs.].
- Do not apply to cats or kittens less than 8 weeks old and weighing less than [2 lbs.] [5 lbs.] [9 lbs.].
- Do not use on other animals.
- Do not apply more than one (1) tube per treatment, even for larger cats.
- Do not have contact or allow children to have contact with treated area until completely dry.
- Do not treat more than [one] [1] cat per tube.
- Do not exceed labeled dosage amount for cats.
- In multi-cat households, do not allow cats to groom each other until product has dried.

#### **HOW TO OPEN**

[OPTION 1:]

1. Being careful not to cut close to the blister cavities take scissors and cut along dotted line.
2. Peel off the [foil] [paper] from the individual blister cavity, and take out the tube.
3. Follow application instructions.

[OPTION 2:]

1. Separate [foil] [paper] from corner of blister package.
2. Peel back [foil] [paper] and take out the tube.

## APPLICATION INSTRUCTIONS:

[Visuals Depicting How to Open Applicator Tube and Application to Animal]

## HOW TO APPLY

[OPTION 1:]

1. Remove one applicator tube from the package.
2. Hold applicator tube in an upright position facing away from you and your pet's face and eyes. Pull cap off tube.
3. Turn the cap around and place other end of cap back on tube.
4. Twist cap to break seal, then remove cap from tube.
5. Part the hair on the neck at the base of the skull until the skin is visible. Place the tip of the tube on the skin and squeeze the tube to expel the entire contents directly on the skin. Do not get this product in your cat's eyes, or allow your cat to ingest this product. The product is bitter tasting and salivation may occur for a short time if the cat licks the product immediately after treatment. Treatment at the base of the skull will minimize the opportunity for the cat to lick the product. Do not allow the product to run off.
6. Discard empty tube as described in the Storage and Disposal section.
7. Under normal conditions this product is effective for a month. However, in case of severe flea infestation, retreatment may be necessary earlier than four (4) weeks. On cats, do not retreat more often than once every seven (7) days. Do not apply more than four applications on this 7-day schedule, then return to a monthly retreatment schedule.

[OPTION 2:]

1. Remove one applicator tube from the package.
2. Hold applicator tube in an upright position facing away from you and your pet's face and eyes.
3. Twist dispensing tip clockwise about half ( $\frac{1}{2}$ ) turn while pushing down to break the tube's seal. Do not remove the dispensing tip.
4. Part the hair on the neck at the base of the skull until the skin is visible. Place the tip of the tube on the skin and squeeze the tube to expel the entire contents directly on the skin. Do not get this product in your cat's eyes, or allow your cat to ingest this product. The product is bitter tasting and salivation may occur for a short time if the cat licks the product immediately after treatment. Treatment at the base of the skull will minimize the opportunity for the cat to lick the product. Do not allow the product to run off.
5. Discard empty tube as described in the Storage and Disposal section.
6. Under normal conditions this product is effective for a month. However, in case of severe flea infestation, retreatment may be necessary earlier than four (4) weeks. On cats, do not retreat more often than once every seven (7) days. Do not apply more than four applications on this 7-day schedule, then return to a monthly retreatment schedule.

## PRODUCT INFORMATION

Adventure Plus for Cats kills fleas on cats within 12 hours, which may reduce the incidence of flea allergy dermatitis (FAD) or flea bite hypersensitivity. This product prevents further flea infestation for four weeks by killing reinfesting fleas within 2 hours.

Adventure Plus for Cats kills fleas, eggs and larvae and effectively controls all flea life-cycle stages for control of flea populations.

Adventure Plus for Cats is waterproof and is effective on your cat, even after shampoo treatment, swimming or exposure to rain or sunlight. Dry your cat prior to application and keep cat dry for 24 hours after the application (for product to work effectively).

To prevent further flea infestation, use Adventure Plus for Cats monthly.

Use monthly to control and prevent fleas.
