

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
WASHINGTON, DC 20460

OFFICE OF CHEMICAL SAFETY  
AND POLLUTION PREVENTION

January 11, 2017

Mr. Kenneth Anton  
Anton International, Inc.  
P.O. Box 19041  
Atlanta, GA 31126

Subject: Label Amendment – change signal word to Caution  
Product Name: JS 685  
EPA Registration Number: 91658-1  
Application Date: September 30, 2016  
Decision Number: 523034

Dear Mr. Anton:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

**CONTROL PANELS**

**LIGHTING**

**ACTIVE INGREDIENTS:**

Pyrethrins.....	0.10%
Piperonyl Butoxide*.....	1.00%
Silica Gel.....	4.00%
<b>OTHER INGREDIENTS**</b> .....	<b>49.90%</b>
<b>TOTAL:</b> .....	<b>100.0%</b>

\* (Butylcarbitol) (3-propylpiperonyl) ether and related compounds.

\*\* Contains petroleum distillates

**KEEP OUT OF REACH OF CHILDREN**

**CAUTION:** SEE ADDITIONAL PRECAUTIONARY STATEMENTS ON BACK.

**NET WT. 13 OZ. (369 g)**

**ACCEPTED**

**01/11/2017**

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

**91658-1**

**DIRECTIONS FOR USE**

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.** Prior to application, de-energize electrical equipment, turn off pilot lights in gas appliances and turn off electrical equipment in use area. After application, allow solvent to evaporate before starting motors or placing switches in "ON" position. Hold can upright approximately 13 inches from area to be sprayed and aim away from the face. Depress button to spray. To control ants and other crawling insects, apply small amounts directly into cracks/crevices using an insertion tube. For use on light housings, traffic signals, water pumps, outdoor cable boxes, electric gates, transformers, air conditioners, breaker boxes, and other electronic equipment. All food-processing surfaces and utensils should be covered during treatment and thoroughly washed before use. Repeat applications when effectiveness diminishes.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

**CAUTION:** Harmful if absorbed through skin. Harmful if inhaled. Avoid contact with skin or clothing. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, or using tobacco. Wear long-sleeved shirt and long pants, socks, shoes, and gloves. Remove and wash contaminated clothing before reuse. Avoid breathing spray mist. Avoid contact with eyes or clothing. Wear protective eye-wear.

Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

**FIRST AID**

**IF SWALLOWED:**

- Immediately call a poison control center or doctor.
- Do not induce vomiting unless instructed by a poison control center or doctor.
- Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**IF ON SKIN:**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF INHALED:**

- Move the person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

**IF IN EYES:**

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to aquatic organisms, including fish and invertebrates. Drift and runoff may be hazardous to aquatic organisms in runoff adjacent to treated areas. This product may contaminate water through runoff. This product a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more likely to produce runoff that contains this product. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash-waters or rinsate.

**STORAGE AND DISPOSAL:**

**EXTREMELY FLAMMABLE! CONTENTS UNDER PRESSURE.**

**Pesticide Storage:** Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

**Container Disposal:** Store in a cool, dry place, away from fire, sparks, and heated surfaces. If partially filled: Call your local solid waste agency or 1-800-253-2687 for disposal instructions.
