Subject: Non-PRIA (Pesticide Registration Improvement Act) Labeling Amendment – Adding alternate brand name; updating manufacturing address; adding/revising marketing claims
Product Name: Entomol 7% Liquid
EPA Registration Number: 91889-1
Application Date: 07/09/2021
OPP Submission Number: 1072572
OPP Case Number: 00311994

Dear Ms. Hunt:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable.

The alternate brand name: “nipt!” has been added to the registration, and our records have been updated accordingly. This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be subject to existing terms or conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one (1) copy of the final printed labeling before you release this product for shipment with the new labeling. In accordance with 40 CFR § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR § 152.3.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the U.S. Environmental Protection Agency (EPA). If the website is false or misleading, the product will be

Page 2 of 2
EPA Reg. No. 91889-1
OPP Submission No. 1072572
OPP Case No. 00311994

considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of this product constitutes acceptance of these terms. If these terms are not complied with, this registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Nina Naimy via email at naimy.nina@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "James Parker", is written over a large, sweeping blue line that extends from the left side of the page towards the center.

James Parker, Team Leader

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS. WARNING. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL AND CHEMICAL HAZARDS

FLAMMABLE: Keep away from Heat and Open Flame.

(Product Information)

(It's true. You're very attractive (to insects). Now there's a way to shrug off bugs — without harmful chemicals and toxins. Nipt! is made from essential oils derived from the catmint plant, proven to work like a force field that repels mosquitoes up to 4 hours and black flies for up to 7 hours. Safe for the whole family.)

(Nipt in the bug! Bugs are like paparazzi: annoying, relentless, and they show up in swarms. Go incognito with nipt! — long-lasting protection that makes you invisible to mosquitoes and black flies. Derived from the catmint plant, this essential-oil based insect repellent is safe for the whole family.)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Repellency – Repels mosquitoes up to 4 hours and black flies for up to 7 hours.

Do not allow children to handle the product or apply it to themselves. If used on the face, spray/dispense on hands first and then apply sparingly and avoid eyes. Do not spray directly onto face.

Dispense/Spray apply a small amount of liquid directly onto skin. Spread uniformly to completely cover any exposed skin surface. Use sparingly on face and avoid contact with eyes. Reapply after 4-6 hours (or as needed) When applying to children, dispense into an adult's hand and then spread evenly and completely over the child's exposed skin taking care not to contact the child's fingers and hands.

Do not apply over cuts or damaged skin. After returning indoors, wash treated skin with soap and water or bathe. Also wash treated clothing before wearing it again.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store away from children.

Pesticide Disposal and Container Handling:

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling, if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

(LIMITATION OF WARRANTY AND LIABILITY)

(NOTICE: Read this Limitation of Warranty and Liability Before Buying or Using This Product. Entomol Products, LLC will not be responsible for losses or damages resulting from the use of this product in any manner not specifically directed by Entomol Products, LLC.

User assumes all risks associated with such non-directed use. If the Terms Are Not Acceptable, Return the Product at Once, Unopened, and the Purchase Price Will Be Refunded.

It is impossible to eliminate all risks associated with the use of this product. Such risks arise from weather conditions, presence of other materials, the manner of use or application, or other unknown factors, all of which are beyond the control of Entomol Products, LLC. These risks can cause: ineffectiveness of the product. **WHEN YOU BUY OR USE THIS PRODUCT, YOU AGREE TO ACCEPT THESE RISKS.**

Entomol Products, LLC warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purpose stated in the Directions for Use, subject to the inherent risks described above, when used in accordance with the Directions for Use under normal conditions.)

(NOTICE: To the extent consistent with applicable law, Entomol Products, LLC makes no other express or implied warranty of fitness or of merchantability or any other express or implied warranty. To the extent consistent with applicable law, in no event shall Entomol Products, LLC or seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. Buyer's or user's bargained-for expectation is insect repelling. To the extent consistent with applicable law, the exclusive remedy of the user or buyer and the exclusive liability of Entomol Products, LLC or seller, for any and all claims, losses, injuries or damages (including claims based on breach of warranty or contract, negligence, tort or strict liability), whether from failure to perform or injury to other, and resulting from the use or handling of this product, shall be the return of the purchase price of the product, or at the election of Entomol Products, LLC or seller, the replacement of the product.

To the extent consistent with applicable law that allows such requirement, Entomol Products, LLC or its Ag Retailer must have prompt notice of any claim
