

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

92334-1

Date of Issuance:

4/13/23

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional, Time-Limited
 Expires: 2/2/2025

Name of Pesticide Product:

Evergreen II Spot On for Dogs

Name and Address of Registrant (include ZIP Code):

Ann Tillman
 Authorized Agent for
 Evergreen Animal Health c/o
 Pyxis Regulatory Consulting, Inc.
 4110 136th St., CT, NW
 Gig Harbor, WA 98332

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Autumn Metzger, Acting Product Manager 4
 Invertebrate & Vertebrate Branch 1, Registration Division
 Office of Pesticide Programs, EPA

Date:

4/13/23

EPA Form 8570-6

2. The Agency has found your company to be in compliance with the terms and conditions for the subject product and is extending the two-year registration restriction. This registration is time-limited and expires 2/2/2025.
3. Please note that the product is still subject to all other previously required conditions of registration. Your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information as stated in the amendment letter dated 04/09/2020.
4. Submit one copy of the final printed label for the record before you release the product for shipment.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FICRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin Final and/or Interim Decision, and has concluded that your submission is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Products shipped after 12 months from the date of this amendment must bear the new revised label. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 12/31/2020
- Alternate CSF 1 – 13 dated 12/31/2020

If you have any questions, please contact Jennifer Gaines by phone at (202) 566-2685, or via email at gaines.jennifer@epa.gov.

If swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For more information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-XXX-XXXX.</p>	
NOTE TO PHYSICIAN OR VETERINARIAN	
<p>Treat patient symptomatically</p>	

Side Effects: Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or call 1-800-xxx-xxxx.

{Note to reviewer: A box labeled “Side Effects” will be placed immediately above the cat warning text box on the back panel of the carton.}

{Note to reviewer: A [1.5 cm x 1.5 cm] cat prohibition icon and warning text box will be located at the lower right hand corner of the back panel of the carton in yellow with black images and text.}

DO NOT USE ON CATS-MAY BE FATAL.
 Keep cats away from treated dogs for 24 hours.
 If applied to a cat or ingested by a cat, contact your veterinarian immediately.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS

WARNING: Causes substantial but temporary eye injury. Do not get in eyes or on skin or clothing. Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin. Wash thoroughly with soap and water after handling and before eating, drinking, and chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS

For external use on dogs only. Do not use on animals other than dogs. Use only on dogs or puppies seven weeks of age or older and weighing 4-10 lbs [11-20 lbs] [21-55 lbs] [over 55 lbs]. Do not get this product in dog's eyes or mouth. As with any product, consult your veterinarian before using this product on debilitated, aged, pregnant or nursing dogs. Individual sensitivities may occur after using **ANY** pesticide product for dogs. If signs persist, or become more severe, consult a veterinarian immediately. If your dog is on medication, consult your veterinarian before using this or any other product. This product is not a substitute for prescribed heartworm preventative.

{The age of the dog and the lowest weight of the dog for the product inside the carton will be stated together in all places on the label.}

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic organisms, including fish and invertebrates. Do not add directly to water. Do not contaminate water when disposing of product packaging.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. **DO NOT ALLOW CHILDREN TO APPLY PRODUCT.**

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS.

RESTRICTIONS

Do not use on cats.

Do not allow your dog to ingest this product.

Do not get this product in your dog's eyes.

Do not allow adults, children, or pets to touch the treated dog until liquid has dried.

Do not use on dogs under seven weeks of age or weighing less than 4 lbs [11 lbs] [21 lbs] [55 lbs].

Do not apply more than 1 tube per treatment for one dog regardless of the dog's weight [, including dogs over 55 lbs.]. {the bracketed text will appear only on the package for dogs over 55 lbs.}

{Note to reviewer: either a plastic tube or aluminum tube will be chosen to use for the final product package}

PRODUCT INFORMATION

Evergreen II Spot On for Dogs[This product] [Brand name] kills fleas that may be a source of flea allergy dermatitis (FAD), a hypersensitivity skin disorder which may be induced by the feeding activity of fleas. Evergreen II Spot On for Dogs[This product] [Brand name] kills existing fleas on dogs within 12 hours. Any other fleas that jump on the dog are killed within 2 hours. Protection against flea infestation lasts four [4] weeks [one [1] month]. Pre-existing pupae may continue to emerge for six (6) weeks or longer depending upon the climate.

() = text included on label

[] = optional

{ } = notes to reviewer

EPA Reg. No. 92334-1

{The time frame selected (i.e., weeks or month) will be used throughout the label and not alternate in order to maintain consistency.}

All life stages of fleas present on the dog are killed following contact with an Evergreen II Spot On for Dogs [Brand name] treatment. Evergreen II Spot On for Dogs [This product] [Brand name] is waterproof and will remain effective even after a shampoo treatment, after swimming or after exposure to rain or sunlight. Use monthly treatments for flea and tick control.

Monthly Topical Treatment for Fleas, Ticks, Mosquitoes, Biting Flies and Lice on Dogs

{How to apply directions for plastic tube container:}

How to Apply

Dog must be dry at time of application and remain dry for 24 hours. The dog should be standing for the application. Remove tube from the package. Hold tube in a vertical upright position. Cut off top of tube with scissors. Part the hair at each spot until the skin is visible. Invert tube and place the open end of the tube on the skin of the dog. Squeeze tube to expel the entire content of liquid and apply the product evenly along the dog's back in 3 to 4 spots from the base of the skull to the base of the tail. Take care that liquid does not run off the dog. Avoid contact with treated area until dry.

{This icon will only be used for the spot application.}

{How to apply direction for aluminum/plastic tube container:}

How to Apply

Dog must be dry at time of application and remain dry for 24 hours. The dog should be standing for the application. Remove tube from the package. Hold tube in a vertical upright position. Screw [Pull] cap off of tube. While maintaining the tube in upright position, turn cap and puncture end of tube. Invert tube and apply the entire content of liquid to the skin of the dog evenly along the dog's back as a line from the base of the skull to the base of the tail. Take care that liquid does not run off the dog. Avoid contact with treated area until dry.

{Note to reviewer: A dog icon that shows the application may be added to this section "how to Apply"}

[]

{This icon will only be used for the line application.}

Discard empty tube as described in Storage and Disposal. In case of severe pest infestations, you are able to retreat your dog earlier than [four (4) weeks] [one (1) month]. If infestation is severe at the initiation of treatment, once a week treatment is permitted not to exceed more than 4 consecutive weeks. Such a

() = text included on label

[] = optional

{ } = notes to reviewer

EPA Reg. No. 92334-1

retreatment regimen should occur only at the **initiation** of treatment with the product if infestation is severe. After pest control has been successful, please return to a monthly retreatment schedule. Do not bathe dog for 24 hours after application.

{Note to reviewer: Storage and Disposal language will be located either on the back of the carton or on a side panel.}

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place inaccessible to children and pets. Protect from freezing.^[]_[SEP]

Pesticide Disposal and Container Handling: Nonrefillable container.

If empty: Do not reuse this container.

Place in trash or offer for recycling, if available.

If partly filled: Call your local solid waste agency or 1-800-XXX-XXXX for disposal instructions.

Do not pour or dispose down-the-drain or sewer.
