

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:
 92413-12

Date of Issuance:
 3/28/24

NOTICE OF PESTICIDE:
 Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:
 Conditional, Time-Limited
 Expires: 04/23/2025

Name of Pesticide Product:
 TEVRA Permethrin + Methoprene
 Spot On for Dogs

Name and Address of Registrant (include ZIP Code):

Ann M. Tillman
 TEVRA Brands, LLC
 c/o Pyxis Regulatory Consulting Inc.
 4110 136th St. Ct. NW
 Gig Harbor, WA 98332

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 04
 Invertebrate & Vertebrate Branch 1, Registration Division (7505P)
 Office of Pesticide Programs

Date:

3/28/24

2. The Agency has found your company to be in compliance with the terms and conditions for the subject product and is extending the two-year registration restriction. This registration is time-limited and expires 04/23/2025.
3. Please note that the product is still subject to all other previously required conditions of registration. Your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information as stated in the initial registration notice dated 04/23/2019.
4. Submit one copy of the final printed label for the record before you release the product for shipment.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin Final and/or Interim Decision, and has concluded that your submission is acceptable.

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 92413-12

Case No. 476806, 482309, 482823, 480181

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 05/29/2019

If you have any questions, please contact Kaitlin Saunders by phone at 202-566-2890, or via email at Saunders.Kaitlin@epa.gov.

{BACK/SIDE PANEL(S)}

[TEVRA Permethrin + Methoprene Spot On for Dogs]

[DOG SPOT ON]

[PERMETHRIN + METHOPRENE]

[[This product] [Brand Name] is an effective and easy to use product to prevent eggs from fleas on treated dogs from developing into biting adults and to prevent reinfestations on your [dogs] [puppies] weighing [7 to 32 lbs][33 to 66 lbs][67 lbs and over] and over 12 weeks of age. [This product] [Brand Name] kills and repels ticks and kills mosquitoes, lice, and Sarcoptes mites that may cause Sarcoptic mange on dogs. [This product] [Brand Name] provides protection against listed pests for [4 weeks][one month].

READ ENTIRE LABEL BEFORE EACH USE.

USE ONLY ON DOGS AND PUPPIES WEIGHING [7 to 32 lbs][33 to 66 lbs][67 lbs and over] OVER 12 WEEKS OF AGE

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. CAUTION. Wash thoroughly with soap and water after handling and before eating, drinking chewing gum, using tobacco or using the toilet. Avoid contact with eyes or clothing.

HAZARDS TO DOMESTIC ANIMALS. FOR EXTERNAL USE ON DOGS ONLY. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. Over-dosing your dog can result in serious illness and even death. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant, or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your veterinarian before applying any topical flea and tick control product. Consult a veterinarian for advice on Sarcoptes mites. This product is not a substitute for prescribed Heartworm preventative.

{The following Side Effects text in a box will be placed in the lower right-hand corner of back panel immediately above the cat warning box}

Side Effects: Monitor your dog after application.. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have also been reported. If these or other side effects occur, consult your veterinarian or call 1-800-775-9416.

{There will be a 1.5 cm x 1.5 cm cat prohibition icon and warning text in a box located at the lower right-hand corner of back panel in yellow with black images and text.}

DO NOT USE ON CATS - MAY BE FATAL. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian immediately.

PHYSICAL OR CHEMICAL HAZARDS: Do not mix or allow coming into contact with an oxidizing agent. Hazardous chemical reaction may occur.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To prevent harm to you and your dog, read the entire label before each use. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied. [Use entire contents of applicator on each dog.] Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog.

Restrictions

- Do not use on cats or kittens – may be fatal.
- Do not use on rabbits or animals other than dogs.
- Do not allow children to apply this product.
- Do not get this product in your dog's eyes or mouth.
- Do not allow your dog to ingest this product.
- Do not use on puppies under 12 weeks of age or dogs less than [7] [33] [67] lbs.
- Do not split one applicator between dogs.
- Do not apply more often than once every 4 weeks.
- Do not bathe dog for at least 24 hours after application.
- Do not apply more than one applicator per treatment for one dog regardless of the dog's weight.

HOW TO OPEN: Remove applicator from the package. [Separate one applicator from the others.] Hold the applicator in a vertical upright position with the tip pointing up and away from the face and body. Cut off top of applicator with scissors.

HOW TO APPLY:

The dog must be dry at the time of application. The dog should be standing for the application. Part the hair between the shoulder blades until the skin is visible. Invert the applicator and place the open end of the applicator on the skin of the dog. Apply the entire contents of one applicator, [1.5 mL {OR} 0.051 fl oz.][3 mL {OR} 0.101 fl oz.] [6 mL {OR} 0.203], to the skin as a continuous stripe from the shoulder blades to the base of the tail.

Take care that liquid does not run off the dog. Avoid contact with treated area until dry. Discard empty applicator as described in Storage and Disposal. The dog must remain dry for at least 24 hours after application.

FREQUENCY OF APPLICATION

Apply [this product] [Brand Name] once every month to control fleas, ticks, and chewing lice, and to kill mosquitoes and Sarcoptes mites that may cause Sarcoptic mange. Avoid contact with treated area until dry. Do not reapply for [1 month] [4 weeks].

{SIDE PANEL}

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Do not remove applicators from outer packaging until ready to use. Store in a cool, dry place out of reach of children. Protect from freezing and direct sunlight.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for local disposal options. Do not pour or dispose down-the-drain or sewer.
