

## OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

December 11, 2024

Michael Barber  
Senior Regulatory Affairs Specialist  
SBM Life Science  
11000 Weston Parkway, Suite 150  
Cary, NC 27513

Subject: Approval of Label Amendment; Only Indicated Changes Reviewed revise the directions for use, addition of pests, addition/revision of marketing claims, addition of optional fertilizer marketing statements, addition of 2 lb. net content, and registration of alternate brand names

Product Name: FPF Plus Fertilizer Granule Insecticide

EPA Registration Number: 92564-1

Application Date: 10/22/2019

Case Number: 605960

Dear Mr. Barber:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. However, EPA reviewed only the label changes highlighted, marked, or otherwise indicated on the submitted label. Any other changes to the previously approved label that were not clearly highlighted, marked, or otherwise indicated in your submission were not reviewed and may form the basis of regulatory and/or enforcement action if later discovered by the Agency. Further, submission of a label amendment application with unidentified changes may be considered a knowing submission of false information to the Agency. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The label submitted with the application has been stamped "Accepted Only Indicated Revisions Reviewed" and is enclosed for your records.

The alternate brand names: BioAdvanced® Science-Based Solutions 2-in-1 Systemic Rose and Flower Care Granules, BioAdvanced® Science-Based Solutions 2-in-1 Rose & Flower Care Granules, BioAdvanced® Science-Based Solutions 2-in-1 Systemic Rose & Flower Care Granules I, BioAdvanced® Science-Based Solutions 2-in-1 Flower & Rose Care Granules have been added to the registration. Our records have been updated accordingly. This approval does not affect any terms or conditions that were previously imposed on this registration. You continue to be

subject to existing terms or conditions on your registration and any deadlines connected with them.

This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 C.F.R. § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 C.F.R. § 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website contains any false or misleading statement, design, or graphic, the product may be misbranded and unlawful to sell or distribute under FIFRA Sections 2(q)(1)(A) and 12(a)(1)(E). 40 C.F.R. § 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on the product label, claims made as part of the product's sale or distribution may not substantially differ from those claims approved through the registration process under FIFRA Section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the product will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Joseph Belsky at 202-566-2495 or at [belsky.joseph@epa.gov](mailto:belsky.joseph@epa.gov).

Sincerely,

Kable Bo Davis  
Senior Regulatory Specialist  
Office of Pesticide Programs  
Registration Division, Immediate Office

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### CAUTION

Harmful if swallowed. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

### ENVIRONMENTAL HAZARDS

- Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark.
- To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters.
- Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.
- Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.
- Toxic to adult bees in laboratory studies via oral exposure, however, not toxic to bees through contact exposure, and field studies conducted with this product have shown no effects on honeybee colony development.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

#### BEFORE YOU USE

Read and follow all directions.

#### Restrictions:

- Do not apply near fish pools, ponds, lakes or streams
- Do not use in vegetable gardens.
- Outdoor use only
- Do not water the treated area to the point of run-off
- Do not apply by hand
- Do not reuse measuring/application utensil for food use
- Do not make applications during rain
- Do not allow children or pets to re-enter until product is incorporated into soil
- Maximum application rate is 0.365 lb. flupyradifurone [X bottles] per acre per calendar year
- [3 applications per rose bush per calendar year]. This bottle contains [X] lb. of flupyradifurone.

#### KILLS

Aphids  
Lace Bugs  
Leafhoppers

Mealybugs  
Plant Bugs (Including Western Plant Bugs and Tarnished Plant Bugs)  
Psyllids  
Rose Slugs (Suppression)  
Scale Insects (Citricola, Euonymus, Orange, Oystershell and San Jose)

		Thrips Whiteflies
HOW MUCH TO USE	Fill measuring cap to top of inner circle [top of screw threads]: [equivalent to 2 oz. or 54 grams]	
	Azaleas, Camellias, & Rhododendrons	½ capful [1 oz.] [27 g] per foot of plant height
	Roses	1 capful [2 oz.] [54 g] per plant
	Shrubs	½ capful [1 oz.] [27 g] per foot of plant height
	Flowerbeds	2 capfuls [4 oz.] [108 g] per 12 sq. ft. (3' x 4' bed area)
WHERE TO USE	Flowers, Roses & Shrubs Not for use on lawns	
WHEN TO USE	<p>When listed[*] insects are present  <del>Every 4 weeks during the growing season. (See seasonal limitations in Directions For Use.)</del>            To reduce frost damage, stop applications 8 weeks before the first frost.            For New and Established Roses, Shrubs and Flowers: Apply when planting or anytime during the active growing season.            If necessary, apply again every 4 weeks during the growing season but not to exceed the maximum application rate 0.365 lb. flupyradifurone per acre per year. Refer to How Much to Use section for instructions.</p>	
HOW TO APPLY	<ol style="list-style-type: none"> <li>1. Apply granules to soil around base of plant, sprinkling evenly <del>from cap or other utensil</del> in the area under the branches.</li> <li>2. Work granules into top 1 to 2 inches of soil, being careful not to disturb established roots.</li> <li>3. Water thoroughly after applying.</li> <li>4. For flowerbeds, sprinkle granules evenly over the bed, cultivate lightly into the soil and water in thoroughly.</li> </ol>	
FOR BEST RESULTS	<ul style="list-style-type: none"> <li>• Begin using this product in the spring when plants are actively growing.</li> <li>• Reapply every 4 weeks for a total of 3 applications per year.</li> <li>• To reduce frost damage, stop applications 8 weeks before the first frost.</li> <li>• Keep rose, flower and shrub beds clean. This minimizes harborage sites for diseases and insects (for additional cultural practices, consult your local County Extension Service).</li> <li>• Ensure the product gets down into the root zone by               <ul style="list-style-type: none"> <li>○ pulling mulch away from plants to be treated.</li> <li>○ building a well around individual plants.</li> <li>○ sprinkling granules evenly around the plant and watering thoroughly.</li> </ul> </li> </ul>	
HOW IT WORKS	<p>Water moves the product down into the root zone where it is taken up and [&amp;] moved into the plant. The entire plant, even new growth, is fed and protected against listed [*] insects <del>and disease</del>. Rain or watering cannot wash off this systemic protection.</p>	

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage:

Store in original container in a cool, dry place, out of the reach of children, preferably in a locked storage cabinet.

<div>Pesticide Container:</div> <div></div>	<div>Non-refillable container. Do not reuse or refill this container.</div> <div>If empty: place in trash or offer for recycling, if available.</div> <div>If partly filled: Call your local solid waste agency for disposal instructions.</div> <div>Never place unused product down any indoor or outdoor drain.</div>

## Optional Marketing Claims:

### Pesticide Claims:

1. Controls [kills] listed [\*] insects [that harm [roses] [flowers] [~~ground covers~~] [~~vines~~] [ornamentals] [~~and~~] [shrubs] [~~and~~] [~~trees~~]
2. Protects against listed [\*] insects for 4 weeks, and feeds
3. Kill listed[\*] insects for up to 4 weeks [plus feeds]
4. Insect Protection for up to 4 weeks, and [&] [plus] feeds plants
5. Protects against listed [\*] insects for [up to] 4 weeks [plus feeds]
6. Just one application [~~quickly~~] kills [controls] [listed[\*] insects] [~~whiteflies~~]
7. Just one application controls [listed[\*] insects] [~~whiteflies~~]
8. Up to 4 weeks protection from insects
9. Protects against listed[\*] insects for up to 4 weeks
10. Keeps protecting against listed[\*] insects for up to 4 weeks
11. [Residual action], keeps protecting for up to 4 weeks
12. Xylem mobility [Systemic action] [Systemic movement] to protect against listed[\*] insect damage
13. Protects plants from listed[\*] insect pests
14. Knocks out whiteflies
15. Controls [kills] aphids [and other listed[\*] insects]
16. Kills aphids [and other listed[\*] insects]
17. Kills listed[\*] insects and keeps protecting against listed[\*] insects for up to 4 weeks [a month] [1 month]
18. Exclusive [Proprietary] Formula [controls listed[\*] insects] [kills listed [\*] insects]
19. Kills aphids and other listed[\*] insect pests
20. Kills aphids and [&] other listed [\*] insects
21. Kills listed[\*] insects and protects against listed[\*] insects for up to 4 weeks [up to 1 month]
22. Kills [Controls] aphids and other listed[\*] insect pests
23. Kills listed [\*] insects by ingestion [after foliar penetration into the plant] [after foliar penetration to the leaves]
24. Kills [controls] aphids, [whiteflies,] [psyllids,] [Lace bugs,] [Leafhoppers,] [Mealybugs,] [Plant bugs,] [~~Rose Slugs,~~] [Thrips]
25. Kills whiteflies [aphids][psyllids]
26. Kills thrips and aphids
27. Kills all stages of listed[\*] [sucking] pests
28. Kills Aphids, Lace Bugs, ~~Rose Slugs,~~ Thrips, and Other Harmful listed[\*] Insects
29. Kills harmful listed[\*] Insects
- ~~30. The Rose and Flower defender [guardian] [protector]~~
- ~~31.30. Is [readily] absorbed into leaf tissue~~
- ~~32.31. Rapid translaminar movement~~
- ~~33. [New] [alternative] chemistry~~
- ~~34. New [alternative] formula~~
- ~~35.32. Up to 1 month [28 days] [4 weeks] protection against listed[\*] insect damage~~
- ~~36.33. Up to 28 days [up to 1 month] [up to 4 weeks] protection [guard] [defense] [shield] against listed[\*] insects~~
- ~~37.34. On-going protection against listed[\*] insects [lasts up to] [1 month] [28 days] [4 weeks]~~
- ~~38.35. Protects for up to 1 month [28 days] [4 weeks] against listed[\*] insect damage~~
- ~~39.36. 1 [One] application protects for up to 4 weeks~~
- ~~40.37. Kills listed[\*] insects by ingestion [after they eat the plant]~~
- ~~41.38. Protects against listed[\*] insects plus feeds~~
- ~~42.39. Kills [aphids,] [whiteflies,] [psyllids,] [Lace bugs,] [Leafhoppers,] [Mealybugs,] [Plant bugs,] [Thrips,]~~
- ~~43.40. Control[s] [Kill[s]] listed[\*] pests [insects] on the foliage [regardless of where they feed on the leaves]~~
- ~~44.41. Controls [Kill[s]] [hidden] listed[\*] insects~~
- ~~45.42. Protects against [nymphs] [&] [adults] of listed[\*] insects~~
- ~~46.43. Protects against [feeding] damage from listed[\*] insects~~
- ~~47.44. Causes [makes] listed[\*] insects [to] stop feeding~~

- 48-45. Stops insects from feeding [on leaves]
- 49-46. Protects against [hidden] listed[\*] insect pests
- 50-47. Knocks out whiteflies
- 51-48. Knocks out psyllids
- 52-49. Effective [insecticidal] [residual] activity on listed[\*] insects
- 53-50. Effective control of listed[\*] [sucking] insect pests, both adult and immature [nymph] stages
- 54-51. Systemic protection

#### **Fertilizer Claims:**

- 1. Promotes strong roots and beautiful blooms
- 2. Feeds plants & protects in one easy step
- 3. Feed & Protect in one easy step
- 4. Feeds and Protects in One Easy Step
- 5. Feeds for beautiful [abundant] blooms
- 6. ~~Helps plants resist [environmental stresses including] heat, drought and insect damage~~
- 7. ~~Helps protect [flowering] plants from [environmental stresses including] heat, drought and insect damage~~
- 8-6. Slow release [nitrogen] fertilizer [for more even feeding of annual flowering plants] [for more even feeding of flowering plants]
- 9-7. Controlled release fertilizer [for more even feeding of annual flowering plants] [for more even feeding of flowering plants]
- 10-8. Starts to work instantly
- 11-9. Promotes quick, beautiful results
- 12-10. Promotes Strong Roots and Beautiful Blooms
- 13-11. Promotes stronger roots systems
- 14-12. Fertilizer - Feeds & Renews
- 15-13. Feeds for up to 4 weeks
- 16-14. Keeps on feeding for up to 4 weeks
- 17-15. Continuous feeding for up to 4 weeks
- 18-16. Feeds and renews for up to 4 weeks
- 19-17. Improves plant growth
- 20-18. Revitalize[s] roses, flowers and shrubs
- 21. ~~Spurs roses, flowers and shrub recovery~~
- 22. ~~Stimulates roses, flowers & shrub recovery~~
- 23-19. Increases plant growth
- 24-20. Provides slow release feeding {fertilizer}
- 25-21. Slow-release feeding. [Feeds up to 4 weeks.]
- 26-22. Grows bigger, more beautiful plants [vs. unfed plants]
- 27-23. Feeds instantly
- 28-24. The Rose & Flower enhancer
- 29-25. Maintains [and] [restores] colorful, beautiful blooms

#### **General Claims:**

- 1. 2-in-1 [Systemic] Rose & Flower Formula
- 2. 2-in-1 [Systemic] Flower & Rose Formula
- 3. Ready-To-Use Granules
- 4. Easy-to-Use Granules
- 5. 2 Products in One
  - Fertilizer
  - Insect Control
- 6. No spraying or mixing

7. Helps protect flowering plants from environmental stresses: heat, drought, and insect damage

~~8. Helps protect [flowering] plants from [environmental stresses]: heat, drought, and [insect damage]~~

~~9-8.~~ Rainproof after 30 minutes

~~10-9.~~ Rainproof protection

~~11. [New] [proprietary] [and] exclusive [product]~~

~~12-10.~~ Systemic movement [through foliage]

~~13-11.~~ Treats up to [XXX] Sq. ft.

#### **Packaging Claims:**

1. Ridged Cap makes the bottle easy to open
2. Easy Open Ridged Cap
3. Easy Screw Off Cap
4. EZ Open Cap
5. Easy Open Cap
6. Cap opens easily
7. Cap opens with ease
8. No more struggling to [remove] [open] the cap with the [new] [EZ] ridged cap
9. Comfort Cap
10. Easy [Open] Cap
11. Easy Twist Off Cap
12. Remove cap easily
13. Easy twist off design
14. Fill line helps you [measure] [sprinkle] the right amount
15. Fill line helps you see how much to use
16. No more guessing how much to use
17. Fill measuring cap to the FILL LINE [indicated on the exterior of the cap] [(X oz.)]

#### **Bonus/Promotional Claims:**

1. Bonus size – 25% more (vs 4 lb. size)
2. Bonus size – 50% more (vs. 4 lb. size)
3. Bonus size -- 25% more (vs. 8 lb. size)
4. Bonus size -- 20% more (vs. 10 lb. size)
5. 25% MORE vs. 8 lb. Size
6. 25% MORE vs. 4 lb. Size
7. 20% MORE vs. 10 lb. Size
8. 20% MORE vs. 5 lb. Size
9. 33% MORE vs. 6 lb. Size
10. 2-Pack
11. 2-Pack Value Pack

\*listed {Note to PM: The word "listed" can appear as a footnote on the same page with the appropriate phrase listed[\*] pests/insects}

{Note to PM: the claim "NEW" will only be used within 6 months of marketing the product.}
