WASHINGTON, D.C. 20460

November 25, 2025

Michael Barber Federal Regulatory Affairs Associate SBM Life Science Corp. 1001 Winstead Drive Suite 500 Cary, NC 27513

Subject: Label Amendment - Registration Review Mitigation for MCPP-P

Product Name: LAWN HERBICIDE JD READY-TO-USE

EPA Registration Number: 92564-2

Case Number: 672789

Application Dates: December 17, 2020

Dear Michael Barber:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the MCPP-P Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may

Page 2 of 2 EPA Reg. No. 92564-2 Case No. 672789

distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Kelsi Grogan by phone at 202-566-2228, or via email at grogan.kelsi@epa.gov.

Sincerely,

Kevin Costello, Branch Chief

Risk Management and Implementation Branch 2

| FIRST AID | | |
|------------------------|--|--|
| If in eyes | Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. | |
| If swallowed | Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. | |
| If on skin or clothing | Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes. Call a poison control center or doctor for further treatment advice. | |

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. You may call toll-free 877-229-3763 for medical emergency information. Active Ingredients: 0.311% 2,4-D, dimethylamine salt [CAS # 2008-39-1], 0.258% acid equivalent; 0.075% Mecoprop-p, dimethylamine salt [CAS # 66423-09-4], 0.062% acid equivalent; and 0.034% Dicamba, dimethylamine salt [CAS # 2300-66-5], 0.028% acid equivalent.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

- Causes moderate eye irritation. Harmful if swallowed. Harmful if absorbed through skin.
- · Avoid contact with skin, eyes, or clothing.
- Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
- Wear long-sleeved shirt, long pants, shoes, socks, and gloves.
- Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Do not apply directly to water. Do not contaminate water when disposing of equipment wash waters or rinsate.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

NON-TARGET ORGANISM ADVISORY: This product is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated site. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For best results, read and follow all label directions.

BEFORE YOU USE

Read and follow directions when using.

- Do not apply directly to or near water, storm drains, gutters, sewers, or drainage ditches. Do not apply within 25 feet of rivers, fish ponds, lakes, streams, reservoirs, marshes, estuaries, bays and oceans. Do not apply when windy. To prevent product run-off, do not over water the treated areas to the point of runoff or apply when raining or when rain is expected that day.
- Avoid drift of spray mist onto vegetables, flowers, ornamental plants, shrubs, trees and other desirable plants.
- Apply when wind is calm.
- Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

| HOW TO APPLY | Adjust spray nozzle to give a coarse spray. Held spray as to 10 inch a forest year. | |
|---------------------------|---|--|
| SHAKE WELL BEFORE USE | Hold sprayer about 12 inches from weed. Aim at center of weed. NOTE: Over-applying could damage Bentgrass, Centipede and St. Augustine (including Floratam) grasses. Do not squirt the same weed more than twice (two pulls on the trigger sprayer) in a four-week period. This is enough to control weeds without harming sensitive lawn grasses. [Non-Staining marker indicates where product was applied.] | |
| FOR BEST RESULTS | Apply when weeds are actively growing. Rainfall or watering one hour after application will not wash away effectiveness. | |
| HOW THIS PRODUCT WORKS | This product is a <i>selective</i> [lawn] herbicide – it <i>selectively</i> kills weeds in the lawn but won't harm the lawn itself. It is a blend of proven weed killers designed to get broadleaf weeds such as dollarweed, spurge and oxalis. [This product works on broadleaf weeds by speeding up their growth, the new tissues block the food transport system (phloem), certain parts of the plants starve e.g., the roots, and the plants die.] | |
| REFILL | This bottle may be refilled with Lawn Herbicide JD Concentrate [or other EPA-accepted alternate brand name for that product] (EPA Reg No. 92564-4) when empty. Do not refill with any other product. Refilling the sprayer with Lawn Herbicide JD Concentrate: [REFILL] [Option for refilling 1.3 gallon [Ergo Grip Sprayer] bottle] • Open the refill port cap. • Add 5.1 fl. oz. Lawn Herbicide JD Concentrate [or other EPA-accepted alternate brand name for that product] (EPA Reg. No. 92564-4) to spray bottle. • Fill sprayer with water to 1 gallon fill line. • Replace cap, tighten, and shake well. [Refill Option] Refilling the [XX] gallon [Ergo Grip] sprayer from the [X] gallon size Lawn Herbicide JD Ready-To-Use package: 1. Open refill port cap 2. Fill bottle with desired amount, using the Lawn Herbicide JD Ready-To-Use product. 3. Replace refill port cap, tighten and shake well | |

REMOVE

ATTACH

SPRAY

ATTACH SPRAYER

- Remove sprayer from bottle and extend hose.
- · Open flip-cap on bottle.
- Insert hose and plug into flip-cap opening until it snaps into place.

SPRAY

- · Adjust nozzle to stream or spray position.
- Point sprayer downward and squeeze trigger repeatedly until liquid is released.

AFTER USE

- Turn sprayer nozzle to X (off) position.
- Do not unplug hose.
- Return sprayer to bottle. Sprayer will snap into place.

[Optional directions for packaging in 1.3 gal pump sprayer]

[Option 2]

How To Use Your Sprayer:

- 1. Remove ERGO-GRIP spray wand from pocket
 - Remove wrap from coiled hose
 - Remove protective battery strip from sprayer handle

2. REMOVE STICKER & CAP COVER

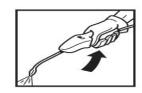

3. CONNECT HOSE TO CAP

Insert plug at end of coiled hose into hole on cap and push firmly until secure.

Remove sticker and cap cover before inserting hose plug.

4 AA Batteries Included For important battery information -

see booklet.

4. OPEN SPRAY WAND

- Unfold spray wand until it snaps into place
- Point spray nozzle away from body.
- Adjust spray nozzle to desired setting.

5.TURN POWER ON

Slide OFF-ON switch to ON position.

6. SQUEEZE

- Squeeze trigger to dispense product. Sprayer may require several seconds to prime before product is released.
- Release trigger to stop spraying.

After Use

- Slide OFF-ON switch to OFF position.
- Do not unplug hose. Leave connected to cap.
- Turn spray nozzle to the off position.
- Fold spray wand down against sprayer handle.
- Return ERGO-GRIP spray wand to pocket for storage.

To Replace Batteries

- Open battery compartment [with a small screwdriver].
- Remove used batteries and replace with new batteries in correct position as indicated inside battery compartment.
- Securely close battery compartment door [and screw closed].

Proper use of Batteries

- Never mix old batteries with new.
- Do Not mix Alkaline with Standard (carbon zinc) or Rechargeable (nickel cadmium) batteries.
- When storing sprayer for long periods, remove batteries to prevent leakage.

Dispose of used batteries according to manufacturer's instructions or in household trash.

• Do not allow people or pets to enter the treated area until sprays have dried.

| STORAGE AND DISPOSAL | | |
|---|---|--|
| Do not contaminate water, food, or feed by storage or disposal. | | |
| PESTICIDE STORAGE | Store in original container in a cool dry place, out of the reach of children, preferably a locked storage cabinet. | |
| PESTICIDE DISPOSAL AND CONTAINER HANDLING: | If empty: Non-refillable container. Do not refill or reuse this container, EXCEPT to refill with another product referenced on this label. Place empty container in trash or offer for recycling if available. If partly filled: | |
| | Call your local solid waste agency toll free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain. | |

NOTICE: Research and testing have determined that the "Directions For Use" are appropriate for the proper use of this product under expected conditions. To the extent consistent with applicable law, the Buyer assumes responsibility for lack of performance or safety if not used according to the directions.
