OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

May 9, 2017

Ms. Norma C. Pangilinan Head of Regulatory Affairs SBM Life Science Corporation 1001 Winstead Drive, Suite 500 Cary, NC 27513

Subject: Notification per PRN 98-10 – Add Alternate Brand Names and Update Company Information Product Name: Merit 1.1% Insecticide Plus Fertilizer EPA Registration Number: 92564-30 Application Date: April 12, 2017 Decision Number: 528448

Dear Ms. Pangilinan:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

The Alternate Brand Names: Bianova Advanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; BioAdvanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; BioAdvanced Science-Based Solutions 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; Fortifend Advanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; Fortifend Advanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; Fortifend Advanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; Fortifend Advanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; Fortifend Advanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules; Fortifend Advanced 12 Month Tree & Shrub Protect & Feed Ready-To-Use Granules

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

(BACK PANEL)

Merit[®] 1.1% Insecticide Plus Fertilizer provides 12-month systemic protection against damaging insects including Adelgids, Aphids, Leafminers, Beetles, and Borers plus feeds the roots (and improves the vitality of trees and shrubs). Having beautiful trees and shrubs has never been easier.

No spraying or mixing

Just measure and sprinkle and water-in

Protects & feeds entire tree or shrub

READ THE LABEL FIRST!

QUICK FACTS

- Provides Year Long Insect Protection
- · Will Not Harm Trees, Shrubs, and Containerized Plants
- Easy to Use . . . Apply Around Plant, Water in and Walk Away
- Not Affected by Rain or Moisture
- Rainproof
- Dual action, kills insects and feeds your tree
- · Two Products in one, an insect killer and a fertilizer
- · Two-in-One formula kills insects while feeding your tree
- Unique Double Action Formula (2-in-1): kills insects before they damage tree and feeds root system
- · Easy to Use measuring (devise name, i.e. cup, cap, etc.)
- · Provides 12-month insect protection

· Provides slow release feeding

KILLS	Adelgids, aphids, Emerald Ash Borers, Japanese beetle, leafminers, scale and other listed pests
COVERAGE	Trees: 4 trees that measure 8 inches around trunk (3 lb size Shrubs: 5 shrubs that are 2 foot tall (3 lb size Containerized Plants: 43 – five gallon containers (3 lb size)
WHERE TO USE	Outdoor trees, shrubs, and containerized plants. Do not apply to plants grown for food.
HOW TO USE	 Measure distance around tree trunk or height of shrub or determine container size. Apply required amount of product around plant base and water in.
HOW MUCH TO USE	Trees: approximately 1/4 cup (0.46 grams ai) for every inch of distance around trunk Shrubs: approximately 3/4 cup (1.38 grams ai) for every foot of height Containerized Plants: approximately 2 1/2 Tablespoons (0.345 grams ai) for each five gallon container (Note: Number of cups and tablespoons, or teaspoons will depend on bulk density of the formulation)

EPA Est. No. XXXX-AA-XX

FERTILIZER ANALYSIS X-X-X

	FIRST AID neonicotinyl Insecticide
If swallowed:	 Call a poison control center or doctor immediately for treatment advice Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on skin or clothing:	 Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.
If in eyes:	Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

contact 877-229-3763 for emergency medical treatment information. Active Ingredient: 1.1% Imidacloprid [CAS # 138261-41-3]

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

- Harmful if swallowed or absorbed through skin.
- Causes moderate eye irritation.
- Avoid contact with skin, eyes, or clothing.
- Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

· This pesticide is toxic to aquatic invertebrates.

- To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.
- · Apply this product only as specified on this label.

		nner inconsistent with its labeling. Read an	a follow all label directions.		
BEFORE YOU USE	RESTRICTIONS:				
	 Do not apply near lakes, streams, rivers, or ponds.

HOW TO APPLY	Trees and Shrubs:		
	 For trees with distance around trunk less than 30 inches, apply the required amount of product evenly in a circle 2 feet from the tree trunk. Trees with distance around trunk greater than 30 inches, apply the product evenly in a circle 3 - 4 feet from the tree trunk. 		
	 For shrubs less than 3 feet tall, apply the required amount of product evenly in a circle 1 foot from the base of the shrub. Shrubs greater than 3 feet tall, evenly apply granules in a circle 2 feet from the base of the shrub. 		
	 Brush or wash off any granules from plant foliage to prevent injury. 		
	Containerized Plants:		
	 Apply the required amount of granules evenly on top of potting soil and water thoroughly. 		
	For the first 10 days, avoid flushing through the container to the point where it flows out the bottom.		
	For indoor containerized plants, bring outdoors, make treatment, and return indoors when no excess water is present.		
FOR BEST RESULTS	Water in granules immediately after application with enough water to dissolve the granules and cause the soil to be wet to a depth of 3 - 4 inches. With watering, granules will slowly dissolve to release the insecticide and fertilizer into the soil.		
	Pull back mulch and weed barrier before application.		
	Use this product as part of an overall tree and shrub health care program before problems start (preferably in the fall). (However,) Merit 1.1% Insecticide Plus Fertilizer can be applied anytime except when the soil is waterlogged or frozen. These conditions inhibit the movement of the product down into the root zone. During prolonged dry periods, saturate the soil around the tree or shrub well with water the night before making an application.		
	For severe infestations, treat with a foliar insecticide such as Merit + Tempo Ultra Concentrate Insecticide, then use Merit 1.1% Insecticide Plus Fertilizer as part of a routine care program.		
HOW Merit 1.1% Insecticide Plus Fertilizer WORKS	The insecticide dissolved in water moves down through the soil, where it is absorbed by the roots. Once absorbed, it moves up through the tree or shrub providing year-long insect protection. Merit 1.1% Insecticide Plus Fertilizer even moves into new growth after application, thus protecting it, too! To get full protection, the insecticide must distribute completely through the tree or shrub. Depending on the size and health of the plant, this may take one week to three months (for very large trees). Rain or water cannot wash off this internal protection. In addition to insect protection, a slow release nitrogen fertilizer is supplied for the tree or shrub.		

(NOTE: Application to trees heavily infested may not prevent their eventual loss due to existing pest damage and tree stress.)

Do not allow people or pets to re-enter the treated area until after it has dried.

tore in original container in a cool, dry place, out of the reach of children, preferably a cked storage cabinet.
 empty: Non-refillable container. Do not refill or reuse container. Place empty container in trash or offer for recycling if available. partly filled: Call your local solid waste agency or toll free 1-877-229-3724 for disposal instructions.

NOTICE: Research and testing have determined that the "Directions for Use" are appropriate for the proper use of Merit 1.1% Insecticide Plus Fertilizer under expected conditions. The Buyer assumes responsibility for lack of performance or safety if not used according to the directions.

Money Back Guarantee: If you are not satisfied with this product, we will gladly refund your original purchase price.

Net Contents: 3 lbs (1.36kg) or 12 lbs (5.45 kg), 4 lbs, 10 lbs
