Subject: Label Amendment - Registration Review Mitigation for Quinclorac
Product Name: LAWN HERBICIDE 2Q CONCENTRATE READY-TO-SPRAY
EPA Registration Number: 92564-42
Application Date: February 24, 2022
Decision Number: 582196

Dear Michael Barber:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Quinclorac Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling

before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact DeMariah Koger by phone at (202)-566-2288, or via email at Koger.demariah@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Linda Arrington", with a stylized flourish at the end.

Linda Arrington, Branch Chief
Risk Management and Implementation Branch 4
Pesticide Re-Evaluation Division
Office of Pesticide Programs

EPA Est. No. XXXX

FIRST AID

If swallowed	<ul style="list-style-type: none">▪ Call a poison control center or doctor immediately for treatment advice.▪ Have person sip a glass of water if able to swallow.▪ Do not induce vomiting unless told to do so by a poison control center or doctor.▪ Do not give anything by mouth to an unconscious person.
If in eyes	<ul style="list-style-type: none">▪ Hold eye open and rinse slowly and gently with water for 15 to 20 minutes.▪ Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.▪ Call a poison control center or doctor for further treatment advice.

NOTE: When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office, bring this product label to show medical personnel. **You may call toll-free 1-877-229-3763 for medical emergency information.**

Active Ingredients: 4.85% 2,4-D, dimethylamine salt (CAS # 2008-39-1), 0.45% Dicamba, dimethylamine salt (CAS # 2300-66-5), and 1.61% Quinclorac (CAS # 84087-1-4).

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

- Harmful if swallowed.
- Causes moderate eye irritation.
- Avoid contact with eyes, skin, or clothing.
- When using this product, wear long-sleeved shirt, long pants, socks, shoes, and rubber gloves.

After using this product:

- Rinse gloves before removing and wash hands.
- If product gets on skin, wash thoroughly with soap & water.
- If product gets on clothing, remove clothing as soon as possible and launder clothing separately before reuse.

ENVIRONMENTAL HAZARDS

- This product is toxic to fish and aquatic invertebrates.
- Drift or runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.
- This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater.
- Most cases of groundwater contamination involving phenoxy herbicides such as 2,4-D have been associated with mixing/loading and disposal sites. Caution should be exercised when handling 2,4-D pesticides at such sites to prevent contamination of groundwater supplies. Use of closed systems for mixing or transferring this pesticide will reduce the probability of spills. Placement of the mixing/loading equipment on an impervious pad to contain spills will help prevent groundwater contamination.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

HOW MUCH TO USE

Measure area to be sprayed. Calculate 'square feet' by multiplying length times width.

3.2 fl oz (6½ TBS) of this product in one gallon of water treats 500 sq ft [or 6.4 fl oz (13 TBS) of this product in two gallons of water treats 1,000 sq ft]

Food utensils, such as teaspoons and measuring cups, must not be used for food purposes after use with this herbicide.

The maximum application rate to turf is 1.5 pounds of 2,4-D acid equivalent per acre per application per site. The maximum single application rate for quinclorac is 0.75 lbs of active ingredient per acre. The maximum number of broadcast applications per treatment site is 2 per year.

HOW TO USE

Shake bottle well before use.

PUMP STYLE TANK SPRAYERS

Best for spraying small areas (spot treatment) such as individual weeds.

1. Add the appropriate amounts of water & this product to the sprayer tank.
[For 3.2 or 6.4 fl oz container: Pour entire contents into spray tank and fill with water to [1] [2] gallon mark.]
2. Close sprayer, shake well and pressurize.
3. [Adjust nozzle to a coarse spray pattern.] [Apply as a medium or coarser spray (ASABE standard 572).] {one of these options to be used} Hold tip of wand about 12" from weed(s), aim at center of weed & spray.
4. Occasionally re-pressurize sprayer if needed to maintain a good spray pattern.

DIAL-STYLE HOSE-END SPRAYERS

Best for spraying large areas such as the entire lawn.

1. Fill sprayer jar with enough product for the area to be treated. DO NOT ADD WATER.
2. Close sprayer and set dial as recommended below:
 - Ortho Dial 'N Spray Setting: 2 OZ
 - Chameleon Hose-End Sprayer Setting: 1 OZ

TIP: The numbers on dial indicate amount of concentrate per gallon of spray.

3. Hook to garden hose and apply.

To avoid contact with the treated area, begin by spraying area farthest from faucet walking backwards as you spray.

4. Pour any unused product back into this original container.

CONCENTRATE PLUS WATER HOSE-END SPRAYERS

Best for spraying large areas (broadcast treatment) such as the entire lawn.

1. Pour this product into sprayer jar to the required 'Fluid Ounce' level.
2. Add the appropriate amount of water to the 'Gallons' level.
3. Replace sprayer top and shake well before applying.
4. Attach sprayer to garden hose and apply.
5. To avoid contact with the treated area, begin by spraying area farthest from faucet walking backwards as you spray.

Do not release spray at a height greater than 30 inches above the ground.

	<p>Do not apply when wind speeds are greater than 10 mph at the application site.</p> <p>[This concentrate can also be used to refill all Lawn Herbicide 2Q Ready-To-Use (insert commercial product name) refillable [applications] [bottles] [sprayer] [containers]] Follow all directions on Lawn Herbicide 2Q Ready-To-Use (insert commercial product name) label for refilling and use.</p>
<p>[FOR BEST RESULTS]</p>	<p>[WHEN TO APPLY]</p> <ul style="list-style-type: none"> • [Spray when <ul style="list-style-type: none"> – weeds are small and actively growing – temperature is below 90°F <i>Do not apply to Bermudagrass lawns when daytime temperatures exceed 85° F.</i> • [Certain hard-to-kill weeds may be retreated in 2 weeks if necessary. If more than 2 applications are needed, spot treat individual weeds using this product in a tank sprayer or a spot treatment lawn weed killer such as [this product] [INSERT ABN PRODUCT NAME HERE All-in-One Lawn, Weed & Crabgrass Killer Ready to Use].] • [Do not apply while grass is emerging from dormancy.] • [Newly seeded lawn may be sprayed after fourth mowing.] • [Bare spots may be seeded 4 weeks after application.] • [Keep product spray & drift off plants growing in or around the lawn such as trees, shrubs, flowers, perennials, groundcovers, vegetables, & herbs.] <p>[MOWING]</p> <ul style="list-style-type: none"> • [Do not mow for 1 to 2 days after spraying.] • [Clippings from the first three mowings should be left on the treated area. Do not use the clippings from the treated areas as mulch or compost around flowers, ornamentals, trees, or in vegetable gardens.] <p>[WATERING]</p> <ul style="list-style-type: none"> • [If lawn is dry, water 1 to 2 days before using this product.] • [Rain or watering 1 hour after application will not wash away effectiveness.]
<p>HOW IT WORKS</p>	<p>This Product contains three proven weed killers to control lawn weeds & crabgrass down to the roots without harming your lawn when used as directed.</p>

Do not apply this product in a way that will contact any person, pet either directly or through drift. Keep people and pets out of the area during application. Do not allow people or pets to enter the treated area until spray has dried.

STORAGE AND DISPOSAL

Pesticide Storage

Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.

Container Handling

If empty: Non-refillable container. Do not refill or reuse this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or toll free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Research and testing have determined that the “Directions for Use” are appropriate for the proper use of this product under expected conditions. To the extent consistent with applicable law, the Buyer assumes responsibility for lack of performance or safety if not used according to the directions.

***Money Back Guarantee:** If you are not satisfied with this product, we will gladly refund your original purchase price.

Shake Well Before Use

[Optional Sprayer Directions 1]

- [CONNECT]**
1. Shake well before use.
 2. Connect sprayer to garden hose.
 3. Turn on water.

- SPRAY**
1. Extend hose to farthest area to be treated, point sprayer nozzle in direction to be sprayed.
 2. Begin spraying – Push & hold lock tab away from knob, use other hand to turn knob (counter) clockwise to ON position.
 3. Walk at a steady pace while spraying, using an even sweeping motion, and slightly overlap the treated areas. Work back toward the faucet to avoid walking over wet, treated grass.

- FINISH**
1. To stop spraying, push & hold lock tab away from knob and use other hand to turn knob (counter) clockwise to OFF position.
 2. Turn off water at faucet.
 3. Relieve water pressure in hose by turning sprayer back to ON position until water slows to a drip then turn sprayer OFF.
 4. Disconnect sprayer from hose.]

[Optional Sprayer Directions 2]

- [CONNECT]**
1. Shake well before use.
 2. Securely Connect sprayer to garden hose.
 3. Be sure that ON/OFF Switch is in OFF position, toward hose end of sprayer.
 4. Turn on water at faucet.
 5. For first time use, remove plastic shipping lock from beneath switch.

- SPRAY**
1. Extend hose to farthest area to be treated, point sprayer nozzle in direction to be sprayed.
 2. Begin spraying - Push ON/OFF Switch forward into ON position.
 3. Walk at a steady pace while spraying, using an even sweeping motion, and slightly overlap treated areas. Work back toward faucet to avoid walking over wet, treated grass.

- FINISH**
1. To stop spraying, push ON/OFF Switch to OFF position.
 2. Turn off water at faucet.
 3. Relieve water pressure in hose by turning ON/OFF Switch back to ON position until water slows to a drip, then return ON/OFF switch to OFF position.
 4. Disconnect sprayer from hose.]

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. Do not allow people (other than applicator) or pets to enter the treated area until spray has dried.

STORAGE AND DISPOSAL

Pesticide Storage	Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.
Container Handling 	If empty: Non-refillable container. Do not refill or reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency or toll free 1-877-229-3724 for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Research and testing have determined that the “Directions for Use” are appropriate for the proper use of this product under expected conditions. To the extent consistent with applicable law, the Buyer assumes responsibility for lack of performance or safety if not used according to the directions.

***Money Back Guarantee:** If you are not satisfied with this product, we will gladly refund your original purchase price.
