

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505T)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

92564-94

Date of Issuance:

2/18/26

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

24NACOM482

Name and Address of Registrant (include ZIP Code):

SBM Life Science
 11000 Weston Parkway, Suite 150,
 Cary, NC 27513

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Continues page 2

Signature of Approving Official:

Melissa Bridges, Product Manager 7
 Invertebrate & Vertebrate Branch 3
 Registration Division (7505T)

Date:

2/18/26

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 92564-94."
3. Submit one copy of the final printed label for the record before you release the product for shipment.
4. If, after formal consultation with the appropriate Service(s), additional modifications are identified in the Service's Biological Opinion(s) for cyantraniliprole, EPA will notify SBM Life Science Corp. in writing consistent with the terms in the Biological Opinion of any necessary required changes. SBM Life Science Corp. must submit an application for amendment incorporating any required changes, including amended labels, consistent with the timeline specified in EPA's notification. If SBM Life Science Corp. fails to comply with this term, SBM Life Science Corp. has agreed in prior written acceptance of these terms on December 2, 2025, that EPA may cancel the registration under an expedited process under FIFRA 6(e).

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

- Basic CSF dated 06/17/2024

Thirty (30) alternate brand names have been added to the product record.

If you have any questions, please contact Ralph Narain at Narain.Ralph@epa.gov.

Enclosure: Stamped label

Editorial Notes:

[Bracketed text] is optional language. Any text separated by a backslash “/” and “or” are options. {Braces} indicate notes to reviewers. (Parentheses) indicate text that will not be omitted but will appear in parentheses on the label.

Italicized text is for information and is not part of the label

Claims may be placed anywhere on the label. Other optional text located within mandatory sections may be placed anywhere within the section it appears in on the label

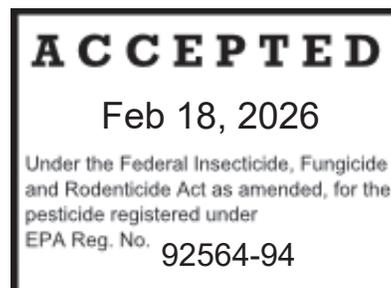

Refer to Appendix I for marketing claims.

The term “New[!]” as a claim will only be used for the first 6 months of product on shelf. The word “and” may be substituted with “&”, and numbers may be expressed with digits or spelled out, e.g. 1 or One (except in ABNs). Plural words may be used in their singular form or singular words may be used in their plural form unless otherwise specified in 40 CFR. Size may be expressed in other units (e.g. quarts, gallons, pints, ounces, pounds, and their metric equivalents, as applicable) provided that the measures are equivalent.

FOR RESIDENTIAL USE ONLY

EPA Reg. No. 92564-OU

EPA Est. No. XXXX-AA-1

FIRST AID

If in eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

If swallowed:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

NOTE: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may call toll-free 1-877-229-3763 for medical emergency information.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

- Causes moderate eye irritation.
- Avoid contact with eyes or clothing. Wear protective eyewear.
- Wear long-sleeved shirt and long pants.
- Wear shoes plus socks.
- Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

ENVIRONMENTAL HAZARDS

- This pesticide is toxic to freshwater and estuarine/marine fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. Drift and run-off may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash water or rinsate.
- This product is highly toxic to bees exposed to direct treatment or residues on blooming plants, including weeds. Do not apply this product to blooming plants or weeds if bees are foraging in the treatment area.
- **Surface Water Advisory** This product may impact surface water quality due to runoff of rainwater. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having a high potential for reaching surface water via runoff for several months or more after application. Do not apply within 50 feet of aquatic habitats (such as, but not limited to, lakes, reservoirs, rivers, permanent streams, wetlands or natural ponds, estuaries, and commercial fish farm ponds). Runoff of unincorporated product will be reduced by avoiding applications when rainfall is forecasted to occur within 48 hours.
- **Ground Water Advisory** This chemical may leach into ground water if used in areas where soils are permeable, particularly where the water table is shallow.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

<p>BEFORE YOU USE</p> <p>Read and follow these directions and restrictions when using.</p>	<p>Restrictions</p> <ul style="list-style-type: none"> • Do not apply within 50 feet of lakes, streams, rivers or ponds. • Do not apply to plants grown for food. • Do not apply to soils which are water logged or frozen. • Do not use measuring utensils, measuring cups, or measuring spoons used for food or drinking water purposes to measure this product. • Do not apply more than 0.4 lb. Cyantraniliprole active ingredient (equivalent to 148 lb. of this product) per acre per year. • Do not make applications less than 7 days apart <p style="text-align: center;">{Note to PM: the below only on flexible pouches to comply with EPA guidance}</p> <ul style="list-style-type: none"> • Once empty, discard the empty pouch immediately into a secure trash receptacle that cannot be accessed by children. 																									
<p>WHEN TO USE</p>	<p>Apply when planting. For established plants, use any time after new growth appears. Apply again every 4 weeks during the growing season.</p>

6 in. pot – ¼ tsp		10-inch	½ tsp																							
{pot sizes by diameter}		6-inch	¼ tsp																							

HOW TO APPLY	<p>{Option 1} Outdoors 1. Apply granules to soil around base of plant, sprinkling evenly in the area under the branches. {ART from table} 2. Work granules into top 1 to 2 inches of soil. {ART from table} 3. Water thoroughly after applying. {ART from table} For flower beds, sprinkle granules evenly over the bed, cultivate lightly into the soil, and water in thoroughly</p> <p>{and/or}</p> Pots 1. Sprinkle [evenly] around base of plant/plant base {ART from table} 2. Mix granules into top 1 to 2 inches of soil. {ART from table} 3. Water in thoroughly but not to a point of run off {ART from table} <p>{Option 2} Sprinkle, Mix [gently/into soil], Water {ART from table}</p>	
FOR BEST RESULTS	<ul style="list-style-type: none"> • Begin using this product in the spring when plants are actively growing. • Reapply every 4 weeks for a total of 3 applications per year. • Ensure the product gets down into the rootzone by, <ul style="list-style-type: none"> - pulling mulch away from plants to be treated. - building a well around individual plants. - sprinkling granules evenly around the plant and water-in thoroughly. • Keep rose, flower and shrub beds clean. This minimizes harborage sites for listed [*] insects (for additional cultural practices, consult your local County Extension Service). 	
HOW IT WORKS	Water moves the product down into the root zone where it is taken up & moved into the plant. The entire plant, even new growth, is fed and protected against listed [*] insects. Rain or watering cannot wash off this long-lasting systemic protection.	
INSECTS (KILLED/CONTROLLED) {OR} KILLS/CONTROLS	Aphids Adelgids (including hemlock woolly adelgid) Borers (including beetle and caterpillar larvae) Lace bugs Leaf-feeding beetles (such as Japanese beetle (adults) and viburnum leaf beetle larvae) Leaf-feeding caterpillars (such as armyworms and loopers) Leafminers	Plant bugs (including honey locust plant bugs) Psyllids (including boxwood psyllid) Soft scales (such as oak lecanium scales) Thrips (foliar feeding) Whiteflies

 []  []	People & pets may enter the area after product has been watered in and allowed to dry.
--	--

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in original container in a cool, dry place, out of the reach of children, preferably a locked storage cabinet.

Container Handling:

Non-refillable container. Do not refill or reuse this container.

If Empty:

- Place in trash or offer for recycling if available.

If partly filled:

- If it is necessary to dispose of unused product, please call your local solid waste agency for disposal instructions.
- Never place unused product down any indoor or outdoor drain.

Important: Use all of the product in accordance with label directions. If it is necessary to dispose of unused product, please follow any applicable state or local guidelines.

NOTICE

Research and testing have determined that the "Directions for Use" are appropriate for the proper use of this product under expected conditions.

To the extent permitted by applicable law, the Buyer assumes responsibility for lack of performance or safety if the product is not used according to the directions on this label.

Money Back Guarantee: If you are not satisfied with this product, we will gladly refund your original purchase price.

Marketing Claims

Pesticide Claims

- Provides [up to 4 weeks] insect protection
- Kills [insert any insect(s) from pest list]
- [insert any insect(s) from pest list] killer
- Kills harmful listed [*] insects
- One application for 4 weeks
- Controls [insert any insect(s) from pest list] [& other listed pests]
- Protects against listed [*] insects [for 4 weeks]
- Even protects new growth
- For control of listed [*] insects on [insert any use site(s) from above list]
- Rescues roses, flowers and shrubs from listed [*] insects
- Restores beauty to roses, flowers and shrubs
- Protect(s) against [Insert pest from list] to keep your blooms [vibrant/healthy]
- Broad Spectrum defense against [insert pest from list]
- Protection from both foliar feeders and sap suckers
- Leaf-Feeding Pest Protection
- Provides control [of/against] soft scales [to keep your plants healthy].
- Defend your garden from [insert pest from list]
- Complete Rose care
- Shield roses [flowers] [shrubs] from [insert pest from list]
- One step care solution
- Covers up to [[X] roses] [Insert value] sq. ft.]

Fertilizer Claims

- Promotes strong roots and beautiful blooms
- Fertilizer – feeds and renews
- [Keeps on] [Continuous] feeding for up to XX weeks
- Feeds and renews for up to XX weeks
- Improves plant [growth] [health]
- Revitalizes roses, flowers and shrubs
- [Spurs] [Stimulates] [Accelerates] rose, flower and shrub recovery
- Increases plant [growth] [health]
- Promotes stronger root(s) [systems]
- Provides [slow-release] [controlled release] feeding [fertilization]
- [For] Healthy/Vibrant Plants
- Feed & Defend
- Stronger, healthier plants
- Nourishes and protects
- Complete plant nutrition

Packaging Claims

- Recyclable bottle
- [Recycle symbol] {to be replaced with icon}
- [Now] X% less plastic [. . . As compared to [alternate SBM product]]
