Subject: Notification per PRN 98-10 – Updating the master label

Directions for Use: adding the phrase For Industrial Use, product number, First Aid Section, under the Safety Instruction changing the word from user should to User must, User Safety Requirements, adding statement In Case of Fire, Updating the Warranty section and updating the

revision number, and date.

Product Name: Waterborne Milltreat<sup>TM</sup> 5:1 Concentrate

EPA Registration Number: 92617-4 Application Date: February 06, 2017

Decision Number: 526124

Dear Ms. Custer,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling GENERAL PRECAUTIONS AND RESTRICTIONS:

FOR INDUSTRIAL USE

CONSULT SAFETY DATA SHEET (SDS) BEFORE USING

- Do not apply this product in a way that will contact workers or other persons.
- Do not use on wood which will come in contact with food.
- Do not use on wood which will come in continuous contact with the skin unless the wood is sealed with paint, varnish or shellac after treatment.
- Before using, dilute by adding 5 parts of water to 1 part concentrate.
- Keep container closed when not in use.

#### **GENERAL INFORMATION**

Description: Waterborne Milltreat™ 5:1 Concentrate is a clear, penetrating, paintable, water repellent preservative for wood. It protects against decay fungi (such as brown or white rot), staining fungi (such as blue stain), surface mold (such as black, brown or other colored mildew) and dimensional change.

**Product Uses:** Millwork, shingles, siding, plywood, hardboard, flakeboard, structural lumber (above ground use only).

Preparation: Machine, cut, glue, and sand wood as desired before treating. Do not use over previously finished or stained wood without stripping off old finish. Do not use steel wool. Wood must be clean and dry.

Finishing: Before glazing, painting or varnishing, treatment should be completely dry and odor free. Allow 4 to 8 hours under average temperature and humidity conditions. Can be heat-dried for plant production. Use a sealer such as shellac before using lacquers.

Clean Up: Use water and detergent to clean immersion tanks, spray equipment, and surrounding area. Mineral spirits or paint thinner may be required to remove dried Waterborne Milltreat™ 5.1. Concentrate

#### APPLICATION INSTRUCTIONS

- Treating solution, wood and surrounding air must be above 40°F (4.4°C). Apply by immersion, roller coater, flood spray, or brush. Any surface cut after first treatment should be retreated.
- Retention: 3 minute immersion 5 to 10 gallons per MBF, 30-minute immersion 10 to 15 gallons per MBF. Brush application - 150 sq. ft. per gallon, but varies by species and condition of the substrate.
- Immersion: Millwork or other items to be painted 3 minutes. Treatment should be in accordance with Industrial Standard IS-4. Use only items for above ground exposure.

#### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use.

Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsale is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ½ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available.

## PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### DANGER

Corrosive. Causes skin burns. Causes moderate eye irritation. Harmful if swallowed or if absorbed through skin. Do not get in eyes, on skin, or clothing. Remove contaminated clothing and wash clothing before reuse.

#### PERSONAL PROTECTIVE EQUIPMENT (PPE)

Handlers including those handling treated lumber must wear:

- 1. Long-sleeved shirt and long pants
- 2. Chemical resistant gloves (such as barrier laminate, nitrile rubber, neoprene rubber and viton)
- Shoes plus socks

#### **USER SAFETY REQUIREMENTS**

- Follow manufactures instructions for clean/maintaining PPE. If no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.
- Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

#### USER SAFETY INSTRUCTIONS

#### User must

3.09%

96.91%

100.00%

- Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove personal protective equipment immediately after handling this product. Wash outside
  of gloves before removing. As soon as possible wash thoroughly.

#### **ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing or equipment washwaters or rinsale.

#### PHYSICAL AND CHEMICAL HAZARDS

COMBUSTIBLE: Do not use or store near heat or open flame.

#### IN CASE OF FIRE

Use foam, carbon dioxide (CO<sub>2</sub>), dry chemical, water spray or fog. Water may be used to cool and prevent the rupture of containers that are exposed to the heat from the fire.

#### LIMIT OF WARRANTY AND LIABILITY

We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and further warrant such goods to be fit for the normal purposes for which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.
