

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

92654-1

Date of Issuance:

11/8/18

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

Formula "O"

Name and Address of Registrant (include ZIP Code):

Wendy A. McCombie
Oxygen Pools, LLC
770 High Ridge Road, Suite B
Boynton Beach, FL 33426

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Eric Miederhoff, Product Manager 31
Regulatory Management Branch I
Antimicrobials Division (7510P)
Office of Pesticide Programs

Date:

11/8/18

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 92654-1.”
3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 08/10/2018

If you have any questions, please contact Emilia Oiguenblik by phone at 703 347 0199, or via email at Oiguenblik.emilia@epa.gov or Eric Miederhoff by phone at 703 347 8028, or via email at Miederhoff.eric@epa.gov

FORMULA "O"

PRECISION BLEND WEEKLY ADDITIVE

- Shocks Pool Water
- Controls Algae
- Clears Cloudy Water
- Prevents Green Water
- Inhibits Scaling
- Prevents Stains

Formulated for compatibility and use with traditional pool sanitizers including chlorine, bromine, ozone generators, UV systems and salt chlorine generators.

Active Ingredient:

Copper Sulfate Pentahydrate* 1.98%

Other Ingredients: 98.02%

Total 100.0%

* CAS No. 7758-99-8

Metallic Copper Equivalent 0.5%

NET WEIGHT:

10 LBS (4.5kg) or

25LBS (11.36KG)

EPA REG. No. 92654-____

EPA EST. No. 52270-GA-1

DANGER

KEEP OUT OF REACH OF CHILDREN

SEE SIDE PANELS FOR PRECAUTIONARY STATEMENTS AND FIRST AID .

BACK/SIDE PANELS

FIRST AID

Have product container or label with you when calling a Poison Control Center or doctor for treatment advice. For general information on product, use, etc., call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), seven days a week. You may also contact the poison control center 1-800-222-1222 for emergency medical treatment information.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses, long sleeved shirt and long pants, socks, chemical-resistant footwear, and chemical resistant gloves. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Wear goggles or safety glasses.

Wear long sleeved shirt and long pants, socks, chemical-resistant footwear, and chemical resistant gloves.

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to plants, fish and aquatic invertebrates and may contaminate water through runoff. This product has a potential for runoff for several months or more after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not apply directly to surface

water, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product dry in the enclosed container when not in use. Do not replace moist scoop into container. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container(s), (if possible), and flood area with large amounts of water to dissolve all materials before discarding this container.

PESTICIDE DISPOSAL: Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple Rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container $\frac{1}{4}$ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling if available or place in trash or in a sanitary landfill.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State Or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

READ ALL PRECAUTIONS BEFORE USE. Use only in swimming pools and add only when no bathers are present. Bathers can return to pool in 15 minutes.

STARTUP

1. Balance pool water as follows:
 - Calcium Hardness: 200 ppm
 - pH: 7.2 – 7.6
 - Total Alkalinity: 80– 120 ppm
2. For initial treatment, or when opening pools for the season, add 2 lbs (4 scoops) per 10,000 gallons of pool water.
3. Follow manufacturer's instructions for sanitizer/oxidizer levels.

WEEKLY CARE

1. Add Formula "O" to pool water at the rate of 1 lb per 10,000 gallons (2 scoops) preferably near a return jet.
2. For use with Chlorine, Bromine, Salt Chlorine Generators, UV and Ozone Generators: Follow manufacturer's instructions
3. Test water and maintain water balance.

MONTHLY:

1. Take a water sample to your Authorized Dealer for complete testing. Balance pH, Total Alkalinity and Calcium Hardness.

WINTERIZING (POOL CLOSING)

Add Formula "O" at the rate of 2 lbs (4 scoops) per 10,000 gallons to oxidize contaminants and protect from algae through the winter.

GENERAL USE GUIDELINES. USE FORMULA "O" FOR:

1. Initial treatment, pool opening and pool closing
2. Weekly Maintenance
3. After heavy bather use
4. After heavy rain or wind
5. Add only when no bathers are present
6. Bathers can return to pool in 15 minutes
