OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Ms. Wendy McCombie
c/o Oxygen Pools, LLC
Lewis & Harrison, LLC
2461 S. Clark Street. Ste. 710
Arlington, VA 22202

Subject: Notification per PRN 98-10 – ABN
Product Name: Formula “O”
EPA Registration Number: 92654-1
Application Date: September 12, 2019
Decision Number: 555746

Dear Ms. Combie:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Antimicrobials Division (AD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

The alternate brand name TripleTech has been added to the product record.

DANGER

KEEP OUT OF REACH OF CHILDREN

SEE [BACK][SIDE] PANELS FOR PRECAUTIONARY STATEMENTS.

FIRST AID

Have product container or label with you when calling a Poison Control Center or doctor for treatment advice. For general information on product, use, etc., call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), seven days a week. You may also contact the poison control center 1-800-222-1222 for emergency medical treatment information.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses, long sleeved shirt and long pants, socks, chemical-resistant footwear, and chemical resistant gloves. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Wear goggles or safety glasses.

Wear long sleeved shirt and long pants, socks, chemical-resistant footwear, and chemical resistant gloves.

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to plants, fish and aquatic invertebrates and may contaminate water through runoff.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product dry in the enclosed container when not in use. Do not replace moist scoop into container. Store in a cool, dry, well-ventilated area away from heat or open flame. In case of decomposition, isolate container(s), (if possible), and flood area with large amounts of water to dissolve all materials before discarding this container.

PESTICIDE DISPOSAL: Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If

these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple Rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container $\frac{1}{4}$ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling if available or place in trash or in a sanitary landfill.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State Or Tribe, consult the State or Tribal agency responsible for pesticide regulation.

Before draining a treated pool, contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool or spa water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

READ ALL PRECAUTIONS BEFORE USE. Use only in swimming pools and add only when no bathers are present. Bathers can return to pool in 15 minutes.

STARTUP

1. Balance pool water as follows:
 - Calcium Hardness: 200 ppm
 - pH: 7.2 – 7.6
 - Total Alkalinity: 80 – 120 ppm
2. For initial treatment, or when opening pools for the season, add 2 lbs (4 scoops) per 10,000 gallons of pool water.
3. Follow manufacturer's instructions for sanitizer/oxidizer levels.

WEEKLY CARE

1. Add Formula "O" to pool water at the rate of 1 lb per 10,000 gallons (2 scoops) preferably near a returnjet.
2. For use with Chlorine, Bromine, Salt Chlorine Generators, UV and Ozone Generators: Follow manufacturer's instructions
3. Test water and maintain water balance.

MONTHLY:

Take a water sample to your Authorized Dealer for complete testing. Balance pH, Total Alkalinity and Calcium Hardness.

WINTERIZING (POOL CLOSING)

Add Formula "O" at the rate of 2 lbs (4 scoops) per 10,000 gallons to oxidize contaminants and protect from algae through the winter.

GENERAL USE GUIDELINES. USE FORMULA "O" FOR:

1. Initial treatment, pool opening and pool closing
2. Weekly Maintenance
3. After heavy bather use
4. After heavy rain or wind
5. Add only when no bathers are present
6. Bathers can return to pool in 15 minutes
